PART I

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 14th August 1889.

READ THE FOLLOWING PAPER:—

From the Deputy Commissioner, Shimoga District, To the Chief Secretary to the Government of Mysore, No. 277-252, dated Shimoga, 31st July 1889.

In returning the * petition of Timmappa received with your docket No. 131, dated 6th instant, regarding the relinquishment of certain Patel umbli lands in the Jekkankoppa village, Shikarpur Taluk, I have the honor to forward herewith the entire proceedings in the case and to state that 4 Survey † Nos. measuring 115 acres and 29 guntas assessed at Rs. 97 were in the khata of Nagappa, and were enjoyed separately by 10 co-sharers (Hissedars), Nagappa being responsible for the whole kandayam to Government. The lands were called umbli, but there was no jari from them.

* Registered No. 340, dated 22nd May 1889.

	A.	G.	Rs		
† 16.	33—	31.	23	0	0
26.	20—	28.	17	0	0
35.	28—	10.	34	0	0
51.	33—	0.	23	0	0
	115—	29.	97	0	0

2. In 1887 Nagappa tendered a "Razinama" to Government for the 4 Survey Nos. above referred to. The co-sharers requested that the lands in their respective enjoyment might be entered in their respective khates, but their request could not be granted, as some one should have been held responsible to pay the total amount of kandayam due to Government, and accordingly the Amildar was called on to report if any individual among the co-sharers was willing to have the khata of the lands registered in his name and pay the kandayam to Government. Upon this, Sivappa having agreed to the arrangement, and the co-sharers also having offered no objection, the lands were ordered to be registered in the name of Sivappa in 1887.

3. In April 1888 Sivappa resigned Survey Nos. 35 and 51. The other co-sharers not being willing to take up Survey No. 35, the razinama was accepted and the land in question was resumed to Government.

4. Petitioner Timmappa, one of the hissedars, came forward and solicited that Survey No. 51, measuring 33 acres and assessed at Rs. 23, might be registered in his name, and said that he would be responsible for the kandayam due by the other shareholders also. Some of the other co-sharers having objected to this proposal, and some having applied for the land being registered in their own names, an order was issued to the Amildar directing him to accept the razinama tendered by Sivappa, and enter it as Sarkar land in the books. This order was passed by the Officiating Deputy Commissioner under Potri Rule XXVII. It may be noted here that the co-sharers were not holders of recognized shares, but it would appear that each co-sharer was in separate enjoyment of his own share.

5. The Survey No. 51, as above remarked, is only nominally umbli and bears the full beriz.

No. 3736—117, DATED BANGALORE, 14TH AUGUST 1889.

ORDER THEREON.—Under the circumstances stated in the letter read above, the Government direct that Survey No. 51 be registered jointly in the names of all the sharers who may wish to retain the land. They will be jointly and severally responsible for the assessment due on the land which may be shown as Jodi in the accounts.

2. After the land is registered jointly in the names of the several sharers, no relinquishment from a single sharer should be accepted without the consent of the remaining share-holders. If the jodi is not paid, the land should be declared forfeited by Government and the same sold in public auction under Section 159 of the Revenue Code.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Shimoga District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 23rd August 1889.

No. 4200-11—106, DATED 23RD AUGUST 1889.

ORDER.—The Resolution of the Government of India No. 1945, dated the 4th December 1884, and Notification No. 1946 of the same date will be republished in the Mysore Gazette, Part IV, "Official Papers."

2. The Government of His Highness the Maharaja resolve to issue the following :—

NOTIFICATION No. 113.

"In exercise of the powers conferred by Section 8 of the Indian Stamp Act, "1879, His Highness the Maharaja is pleased to remit the stamp duty payable "under that Act on Debenture bonds issued by a Joint Stock Company under the "terms of a Mortgage Deed, making over in whole or in part, the property of the "Company to trustees for the benefit of the Debenture holders and on interest cou-"pons attached to the said Debentures."

3. The above Notification cancels the adjudication made by the Deputy Commissioner of Bangalore and communicated to Mr. H. Hart, Agent of Messrs. Binny and Co., Bangalore Cotton, Woollen and Silk Mills Company, in letter No. 588 R., dated 18th July 1889.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.
Henry Hart, Esq., Bangalore, with papers submitted by him
The Comptroller and *Ex-Officio* Superintendent of Stamps.
The Deputy Commissioners of other Districts

READ THE FOLLOWING PAPERS :—

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Dewan of Mysore, No. 590, dated 30th March 1889.

I have the honor to forward the accompanying precis to be laid before the Dewan for his orders.

Shamanna and his brother Hariyappa seek for an equitable distribution of their Shanbhogi's emoluments and as there is a precedent already established of splitting up such charges for adequate grounds (*vide* Dewan's Order in Nittur Shanbhog's case), I beg to recommend that sanction may be accorded to split up the present single charge containing seven villages into two as specified in the margin. The Shanbhog's remuneration will also be divided in proportion to the revenues of the villages.

*Proceedings No. 2229—30, dated 28th March 1887.

Charge No I.	*Charge No. II.*
1. Kodihalli.	1. Chik Honnudike.
2. Arehalli.	2. Buchennahalli.
3. Gandhamachanhalli.	3. Arapanahalli.
	4. Lingapur.

Proceedings of the Government of His Highness the [illegible] Rajas, (Hereditary),—dated 24th August 1889.

Present.

1. In August 1885, one Shamanna, Shanbhog of Gandhamachanhalli, &c., 7 villages, and his hissedar Hariyappa, conjointly presented a petition to the Amildar of Tumkur, wherein the former stated that, owing to his oldage, he nominated the latter, who was the hakdar of half the office, to do the duties of all the villages until his 2 minor sons Govindaiya and Venkatsubba became fit, under the following conditions :—

Petition dated 4th August 1885 to Amildar.

(*a*) Of the above 7 villages, 3 *viz*, Kodihalli, Arehalli and Gandhamachanhalli should be registered in the name of Hariyappa.

(*b*) The remaining 4 villages, *viz*, Chikhonnudike, Buchenahalli, Anapanahalli and Lingapura should be registered in his son Govindaiya's name.

(*c*) Out of the potgi aggregating Rs. 76—4—0, Kasaba Shanbhog Venkatramaiya to receive Rs. 9—0—0, Hariyappa, who was doing the duties, to receive Rs. 42—4—0, and the remaining sum (Rs. 25) to be paid to himself (Petitioner Shamanna).

(*d*) From and after the date on which his son would enter upon the duties of the Shanbhogship, the amount of potgi to be equally divided between his son and Hariyappa without considering the beriz of the villages falling to their respective shares.

(*e*) Petitioner Shamanna was in the meantime entitled only to Rs. 25 payable to him either by Hariyappa, or his son, or any of his Gumastas.

2. The above petitioners gave depositions to the same effect before the Amildar, who, in bringing the above facts to the notice of the Deputy Commissioner stated that Shamanna was incapacitated by oldage to do his duties and recommended that Hariyappa, who was a hakdar of half of the 7 villages and fit, might be appointed to the office of Shanbhog.

Amildar's report No. 561, dated 5th August 1885.

3. The Deputy Commissioner approved of the mutual arrangements made by petitioners, and enquired about the beriz of the villages divided between the parties.

Order No. 525—2 of 27th August 1885.

4. One Krishnappa, Shamanna's brother's son, petitioned the Deputy Commissioner stating that he was also a hakdar of the Shanbhogi in question and protesting against the division of the villages being sanctioned as applied for by Shamanna. This petition was also sent to the Amildar for report.

Krishnappa's petition of 25th September 1885.

5. The Amildar, in reporting the beriz of the 7 villages as per margin, stated that he got the names of Shamanna and Hariyappa registered for the Shanbhogi of their respective villages, as per orders of the Deputy Commissioner already conveyed, and that the present disputant Krishnappa, who appeared to be the hissedar of Shamanna, had only to seek for his share from Shamanna and that Krishnappa's objection would not in any way interfere in the arrangements now sanctioned.

Amildar's Arzi No. 991, dated 11th December 1885.

Hariyappa's Share.				Shamanna's Share.			
1. Gandhamachanhalli	209	4	0	1. Chikhonnudike	169	8	0
2. Arehalli...	266	12	0	2. Buchenahalli	267	4	0
3. Kodihalli	436	8	0	3. Anapanahalli	702	8	0
				4. Lingapura	162	0	0
Total...	912	8	0	Total...	1,301	4	0

6. The above Krishnappa having again petitioned the Deputy Commissioner protesting against carrying out the division of villages as above, the Deputy Commissioner, in reply to the report of the Amildar, forwarded this petition to him directing him to send up all the parties concerned for enquiry.

Order No. 74, dated 24th April 1886.

7. The Amildar accordingly issued a notice to all parties directing them to appear before the Deputy Commissioner on 10th June 1886, and reported his having done so.

Amildar's Arzi No. 195, dated 7th June 1886.

8. Upon this, the Deputy Commissioner ordered that Hariyappa should, as heretofore, continue to do the duties as Shanbhog and that the parties be directed to appear before him during the jamabandi settlement of that year.

Order No. 521, dated 24th August 1886.

9. The Amildar reported having directed the parties to appear before the Deputy Commissioner on 10th June 1887, whereupon it was ordered that no parties except Krishnappa were present, and that another notice should be served on them to appear on a fixed day.

Amildar's report No. 196 of 8th June 1887 and order No. 209 of 12th idem.

10. The Amildar reported that he made arrangements for the parties to appear on the 20th of February 1888.

Amildar's report No. 988 of 20th February 1888.

11. Hariyappa states that according to the orders of the Deputy Commissioner he is looking after the duties of the Shanbhogi of the 7 villages in question, and prays that his name may be registered for the 3 villages as originally settled by Shanbhog Shamanna.

Hariyappa's petitions dated 4th May 1888 and 18th January 1889 respectively.

No. 4222—137, DATED BANGALORE, 24TH AUGUST 1889.

ORDER THEREON.—The Government have nothing to do with the internal arrangements made by the Shanbhog Shamanna and his hissedar Hariyappa regarding the division of the emoluments between themselves, but if the registered holder Shamanna has no objection to the division of the charge as proposed by the Deputy Commissioner, it may be carried out, on the understanding that should any dispute hereafter arise in regard to the division of the emoluments, the Government will not enforce their private arrangements, but allow the registered holder of each range to draw only the emoluments derived from the villages in his charge. If Shamanna does not consent to this arrangement, all the seven villages should be registered in the names of Shamanna's son and Hariyappa jointly and each of them will receive a moiety of the remuneration and be jointly responsible for the transaction of business in all the villages.

2. The objection raised by Krishnappa, the brother's son of Shamanna, is inadmissible.

3. It is not clear who Venkatramaiya mentioned in para 1 (*c*) of the Precis is. He is apparently a sub-sharer.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.

PART I

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th August 1889.

READ THE FOLLOWING PAPERS :—

Docket from the Deputy Commissioner, Shimoga District, dated 20th March 1889, No. 818—775.

Education Secretary's Proceedings Nos. 116—19, 21—24, dated 13th March and 26th June 1889, respectively.

No. 3428-39—CIR. 86, DATED 6TH AUGUST 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Shimoga District for the year 1889—90.

Shimoga.

2. The receipts of the Municipality are estimated at Rs. 14,315 against Rs. 12,680 the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi	4,910	5,965
II	Tax on houses ...	3,165	3,500
VII	Mohatarfa ...	3,464	3,524
VIII	Rents	157	200
X	Miscellaneous ...	984	1,126
	Total.....	12,680	14,315

The increase under I Octroi is not explained. The collections during the first half of 1888—89, do not show any perceptible increase over the collections of the corresponding period of 1887—88, and there is no justification for hoping that in 1889—90 there would be an increase of about Rs. 1,000. The estimate will therefore be reduced by Rs. 500.

3. The increase under II "House Tax" is also not explained and it will be reduced to Rs 3,200.

4. The increase under VII "Mohatarfa" is small and the increased estimate under VIII "Rents" is justified by the actuals of the first half of the year 1888—89, which amounted to Rs. 185 against Rs. 83 in the corresponding period of 1887—88. The estimates will therefore be allowed to stand.

5. The increased estimate under X "Miscellaneous" is chiefly due to the insertion of the new item (*h*) "Scavengering Fees," from which Rs. 200 are estimated. The estimate will be allowed to stand pending the issue of final orders on the Board's proposal to levy scavengering cess in the town.

6. Including the opening balance, the sum available for expenditure during 1889—90, is Rs. 20,665, of which Rs. 16,510 are proposed to be expended during the year as shown in the margin.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head office ...	323	327
III	Collection ...	869	882
IV	Conservancy ...	6,036	6,340
V	Police	3,359	3,366
VII	Lighting ...	545	484
VIII	Public works ..	4,476	2,820
IX	Charitable grants ...	600	600
X	Miscellaneous ...	3,270	1,691
	Total.....	19,478	16,510

7. Under III "Collection (*a*) Octroi," the Board propose to do away with the office of the Karkun on Rs. 6 per mensem and to raise the monthly contingencies from Rs. 1½ to 2½ resulting in a net decrease of Rs. 60 per annum. This is sanctioned.

8. Under IV "Conservancy" Rs. 6,340 are provided against Rs. 6,036 the actuals of 1887—88, and Rs. 7,756, the estimate for 1888—89. The decrease in the provision compared with the estimate for 1888—89

is due to the proposed abolition of the establishment entertained for the supervision of the work done by convicts, and to the reduction of temporary establishment entertained for suppression of cholera. The estimate is sanctioned.

Jail Establishment.

(1) Dafadar at Rs. 10 per mensem	...	120
(2) 3 Peons at Rs. 7 each ,,	...	252
(3) Kabhat establishment (temporary) proposed to be reduced from Rs. 1,404 to Rs. 360	...	1,044
Total reduction		1,416

9. The decrease under VII "Lighting" has not been explained. The estimate however being the same as in the past year will be allowed to stand.

10. The decrease under XI "Miscellaneous" is not explained. Probably there were special charges in 1887—88. The estimate for 1889—90 includes Rs. 1,000 provided for the repayment of loan due to Government and this estimate is in accordance with Dewan's Proceedings No. 6043 4—166, dated 21st December 1888.

Channagiri.

11. The receipts of this Municipality are estimated at Rs. 1,169 against Rs. 1,195, the actuals of 1887—88.

12. Under X "Miscellaneous" no estimate has been made in (*m*) "Contributions." The Deputy Commissioner is requested to state whether there are no Provincial roads within the Municipality and if so why no estimate on account of the mileage allotment payable by the Public Works Department for their maintenance has been entered under the head. Similar information should be furnished in regard to the Municipalities noted in the margin, in which also no estimate has been made for contributions on account of Provincial roads.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi	242	220
II	Tax on houses ...	281	281
VII	Mohatarfa ...	409	410
X	Miscellaneous ..	263	258
	Total.....	1,195	1,169

* 1. Honnali.
2. Nyamti
3. Shikarpur.
4. Siralkoppa.
5. Sorab.
6. Nagar.
7. Tirthahalli.
8. Benkipur.

13. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,958, of which Rs. 1,366 only are proposed to be expended during the year. As the amount still available is large, the Government consider that more money ought to be spent on works useful to the inhabitants of the town and the Deputy Commissioner is requested to propose an allotment of at least Rs. 1,000 more for works under VIII Public Work in the current year.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	24	24
IV	Conservancy ...	505	539
VIII	Public Works ...	317	440
IX	Charitable Grants ...	92	100
X	Education .	207	189
XI	Miscellaneous ...	45	74
	Total.....	1,190	1,366

14. The increase under IV "Conservancy," which is chiefly in (*b*) Other charges for feed of cattle, will be passed.

15. The decrease under X " Education " is due to the omission of any provision for the purchase of maps and furniture in the current year. The estimate is approved.

16. The item (*h*) under XI Miscellaneous includes provision for the pay of a gardener and purchase of plants. The increased allotment under the head will be allowed to stand. The Government note that an establishment on account of gardens is maintained by the Municipality without any income estimated under VII (*b*) " Garden Rents." Probably the trees have not yet begun to bear.

Honnali.

17. The receipts of this Municipality are estimated at Rs. 959 against Rs. 1,025 the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi	125	150
II	Tax on houses ...	270	280
VII	Mohatarfa ...	274	292
X	Miscellaneous ...	356	237
	Total.....	1,025	959

18. The increase under I Octroi is based on the increased actuals of the first half of the year 1888—89 compared with those of the corresponding period of 1887—88. The estimate will be passed.

19. Under X Miscellaneous, the decrease is chiefly in (*a*) Sale of houses and lands and (*d*) Pounds. The decrease under the former call for no remark, as it is not a constantly recurring item, but there is no reason for estimating a decrease under the latter. The estimate however will not be disturbed as this is an uncertain item.

20. Including the opening balance the sum available for expenditure during 1889—90 is Rs. 3,107, of which Rs. 1,168 are proposed to be expended during the year. Considering the large amount still available Government consider that more money ought to be spent on works, so that the inhabitants may see and realize the benefits of the taxes they pay, and the Deputy Commissioner is therefore requested to propose a further allotment of not less than Rs. 1,500 under VII Public Works in the current year.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	24	24
IV	Conservancy ...	379	584
VIII	Public Works ...	371	200
IX	Charitable Grants ...	100	100
X	Education ...	51	169
XI	Miscellaneous ...	87	91
	Total.....	1,012	1,168

21. The increase under IV Conservancy is due to the increased rate of pay proposed to the existing sweepers from Rs. 4 to 5 and the entertainment of 2 additional sweepers at Rs. each per mensem. The increased provision will be allowed to stand.

22. The increase under X " Education " is due to the increased rate of pay sanctioned in the past year to the Master of the school in the town. The provision will be allowed to stand.

Nyamti.

23. The estimated income of this Municipality is Rs. 1,568 against Rs. 1,242, the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi	408	600
II	Tax on houses ...	367	360
VII	Mohatarfa ...	377	392
X	Miscellaneous ...	90	216
	Total.....	1,242	1,568

24. The increase under I Octroi is supported by the increased actuals of the first half of the year 1888—89 compared with those of the corresponding period of 1887-88. The estimate is sanctioned.

25. The increase under X "Miscellaneous" is mainly in (*f*) School fees, of which there were no collections in 1887—88, the school having been sanctioned in 1888—89.

26. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 5,521, of which Rs. 2,037 are proposed to be expended during 1889—90.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	24	24
IV	Conservancy ...	376	585
VIII	Public Works ...	344	1,199
X	Education ...	...	220
XI	Miscellaneous ...	21	9
	Total.....	765	2,037

27. The increase under IV "Conservancy" is due to the proposed increase of pay to the existing 6 sweepers from Rs. 4 to Rs. 5 and the entertainment of 2 additional sweepers at Rs. 5 per mensem. The provision will be allowed to stand.

28. The current year's allotment of Rs. 1,199 made under VIII Public Works against Rs. 344, the actuals of 1887—88 will be sanctioned. Considering however the balance available for expenditure, Government consider that more money ought to be spent on works useful to the inhabitants and the Deputy Commissioner is requested to propose further allotment under the head.

29. It is observed that under items I, II and VII in the column of estimated income for 1888—89, the figures sanctioned for 1887—88 are erroneously entered and the Deputy Commissioner is requested to see that such mistakes do not occur.

Shikarpur.

30. The income of this Municipality is estimated at Rs. 1,616 against Rs. 1,92 the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi	261	300
II	Tax on houses ...	522	505
VII	Mohatarfa ...	555	521
X	Miscellaneous ...	585	287
	Total.....	1,923	1,616

31. The increased estimate under I "Octroi which is based upon the increased actuals of the first half of the year 1888—89 will be allowed to stand.

32. The decrease of revenue under X "Miscellaneous" is in (*a*) "Sale of house and lands" and (*d*) "Pounds." No reason is given for the decreased estimate, which however will not be disturbed as the items are of a uncertain nature.

33. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,907, of which Rs. 2,153 are proposed to be expended.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head office ...	36	36
IV	Conservancy ...	646	1,167
VII	Public Works ...	411	300
IX	Charitable grants ...	140	140
X	Education ...	273	234
XI	Miscellaneous ...	67	216
	Total	1,575	2,153

34. The increased estimate under IV "Conservancy," which is due to the Board's proposal to hire 2 carts at Rs. 15 each per mensem, is approved.

35. The decrease under X "Education" has not been explained, but it is small and does not call for remark.

36. The increase under XI "Miscellaneous" is due to the provision made for the entertainment of an additional gardener on Rs. per mensem and for the purchase of plants. The estimate will be passed.

Siralkoppa.

37. The receipts of the Municipality are estimated at Rs. 1,245 against Rs. 1,395 the actuals of 1887—88

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	162	120
II	House Tax ...	322	300
VII	Mohatarfa ...	485	440
X	Miscellaneous ...	426	385
	Total.....	1,395	1,245

38. The decrease under I Octroi is not explained. The actuals of the first half of 1888—89 were only Rs. 9½ less than those of the corresponding period of 1887—88, and there is no reason why the revenue for 1889-90 should be estimated at Rs. 42 less than the actuals. The estimate will be raised to Rs. 140.

39. The decrease in II and VII requires explanation, which should be submitted.

40. The decrease under X "Miscellaneous" is chiefly in (*d*) "Pounds." The collections during the first half of 1888—89 were about the same as those in 1887—88, and there is nothing to justify the decrease estimated. The estimate however will not be disturbed, as the item is of an uncertain nature. The new estimate of Rs. 50 under (*a*) "Sale of Houses and Lands," which is apparently due to the expected applications for house sites, will also be allowed to stand.

41. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 3,182, of which Rs. 1,774 only are proposed to be expended.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	36	36
IV	Conservancy ...	375	434
VIII	Public Works ...	992	1,030
X	Education ...	94	154
XI	Miscellaneous ...	66	120
	Total.....	1,563	1,774

42. The increased estimate under IV "Conservancy," which is chiefly due to the entertainment of a watcher at Rs. 3 sanctioned in the past year, will be allowed to stand.

43. The provision under VIII "Public Works" is sanctioned; but considering the large sum available for expenditure, Government consider that more money ought to be spent on works useful to the inhabitants and the Deputy Com-

missioner is requested to propose a further allotment. It is of the utmost importance that the money available should be spent as soon as possible so that the inhabitants may see and realize the benefits of the taxes they pay.

44. The estimate under X "Education" is the same as that sanctioned for 1888—89 and is passed.

45. The increase under XI "Miscellaneous" is in (*h*) "Other Items," and is due to the proposed purchase of plants for the garden. The estimate is approved.

Sorab.

46. The estimated income of the Municipality is Rs. 745 against Rs. 747, the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	147	170
II	Tax on Houses...	177	180
VII	Mohatarfa ...	252	241
IX	Fines ...	...	5
X	Miscellaneous ...	171	149
	Total.....	747	745

47. The increase under 1 Octroi is justified by the actuals of the first half of 1888—89, which amounted to Rs. 93 against Rs. 51, the actuals during the corresponding period of 1887—88. The estimate is approved.

48. The decrease under VII Mohatarfa is small and that under X is in the uncertain item of "Other Items." They do not call for remarks.

49. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,816, of which Rs. 1,162 are proposed to be expended.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	24	24
IV	Conservancy ...	243	398
VIII	Public Works ...	60	370
IX	Charitable grants.	146	178
XI	Miscellaneous ...	81	192
	Total.....	554	1,162

50. The increase under IV "Conservancy" is mainly due to the monthly allowance of Re. 1 proposed to be paid to the Taluk Gumasta and the entertainment of an additional sweeper on Rs. 5 per mensem. The provision for the new sweeper proposed is sanctioned, but the Government are not prepared to sanction the allowance to the Taluk Gumasta. The latter item will be struck out.

51. The provision under VIII Public Works may be increased by about Rs. 200 and the Deputy Commissioner is requested to propose a further allotment accordingly for some useful work.

52. The increase under XI Miscellaneous, which is chiefly in (*h*) Other Items is due to the proposed entertainment for 8 months of a gardener on Rs. 5 in addition to the existing gardener and to the proposed purchase of plants costing Rs. 80. The estimate is passed.

Sagar.

53. The estimated income of the Municipality is Rs. 1,866 against Rs. 2,062 the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ..	957	800
II	Tax on Houses ..	241	230
VII	Mohatarfa ..	302	305
X	Miscellaneous ..	559	531
	Total.....	2,062	1866

54. The decrease under I Octroi is justified by the diminished collections on the first half of 1888—89, which amounted only to Rs. 180 against Rs. 285 during the corresponding period of 1887—88. The estimate is approved.

55. The decrease under X is made up of a gross decrease of Rs. 132 in (*a*) Sale of Houses, (*d*) Pounds, (*g*) Sale of manure, (*i*) Sale of grass, and a gross increase of Rs. 94½ in (*f*) School fees. The variations are not explained. Such omissions should be guarded against in future.

56. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 6,909, of which Rs 4,531 are proposed to be expended during the year.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office	24	24
IV	Conservancy ..	562	1,062
VII	Lighting ..	...	150
VIII	Public Works ...	1,706	2,770
IX	Charitable grants ...	160	160
X	Education ...	55	250
XI	Miscellaneous ...	134	155
	Total.....	2,331	4,531

57. The increase under IV Conservancy is due to the increased rate of pay from Rs. 5 to Rs 7 per mensem proposed to the sweepers and the purchase of carts and bullocks and the feeding charges of the latter. The proposed pay to the sweepers seems to be large, but the estimate will not be disturbed. The Deputy Commissioner will consider whether it will not be more advantageous to hire carts and bullocks instead of purchasing them.

58. The item VII Lighting includes provision for the pay of a lamp lighter at Rs. 5 per mensem. The Deputy Commissioner is requested to report the number of lamps lit in the town.

59. The provision under VIII P. W. includes an item of Rs. 1,711 for contribution towards the construction of a new building for the English School in the town. The Deputy Commissioner is requested to report, whether the school cannot more advantageously be located in a rented building or in a part of the Taluk school or some other Government building available in the town. The Government think that more money should be allotted for works, as the closing balance is considerably more than ¼ths of the receipts.

60. The item X Education does not include provision for the three-fourth cost of the pay of an Assistant Master on Rs. 10 per mensem sanctioned in Proceedings No 21—24, dated 26th June 1889, in the Education Department. The estimate will therefore be raised by Rs. 90.

61. The increase under XI Miscellaneous which is in (*h*) "Other items" is on account of the purchase of plants and tools in addition to the usual charge for the pay of the gardener. The estimate is sanctioned.

Nagar.

62. The income of the Municipality is estimated at Rs. 382 against Rs. 399, the actuals of 1887—88. The estimate is fair and is accepted.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	67	72
III	Tax on Houses ...	130	120
VII	Mohatarfa ...	142	120
IX	Fines ...	1	...
X	Miscellaneous ...	59	70
	Total ...	399	382

63. Including the opening balance the sum available for expenditure during 1889—90 is Rs. 1,005, of which Rs. 387 are proposed to be expended during the year.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	24	24
IV	Conservancy ...	251	262
VIII	Public Works ...	...	75
XI	Miscellaneous ...	29	26
	Total.....	304	387

64. Under VIII P. W. Rs. 75 only are proposed to be spent during the year. Out of the balance still available, the Deputy Commissioner is requested to propose further allotment for works useful to the inhabitants of the town. The closing balance need not be more than 30 per cent of the receipts.

Tirthahalli.

65. The receipts of the Municipality are estimated at Rs. 1,400 against Rs. 1,394, the actuals of 1887—88.

Item.	Receipts	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ..	583	485
II	Tax on Houses...	512	434
IX	Fines ...	1	10
X	Miscellaneous ...	298	471
	Total.....	1,394	1,400

66. The decrease under I Octroi is chiefly due to the diminished collections in the first half of 1888—89, compared with those of the corresponding period of 1887—88. The estimate is approved.

67. The decrease under II "Tax on houses" has not been explained, nor are any receipts entered under mohatarfa. The omission should be explained. The question of the division of Mohatarfa collections in Padavarahalli, a suburb of this Municipality, between Rameswara Temple and the Municipalty, referred to in the Deputy Commissioner's letter, dated 22nd May 1889, will be separately disposed of.

68. The increase under X "Miscellaneous" is chiefly in (f) "School fees" and is apparently due to larger admission of boys into the school. The estimate is sanctioned.

69. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 3,752, of which only Rs. 1,526 are proposed to be expended.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	24	24
IV	Conservancy ...	428	442
VIII	Public Works ...	86	195
IX	Charitable grants.	188	180
X	Education ...	225	559
XI	Miscellaneous ..	63	126
	Total	1,014	1,526

70. The provision of Rs. 195 made under VIII Public Works is approved. But the Government consider that more money out of the available balance ought to be spent on works. The Deputy Commissioner is requested to propose further allotments accordingly. The closing balance need not be more than 30 per cent of the annual receipts.

71. The increased allotment under X "Education", which is in accordance with the *sanctioned scale is approved.

* Education Secretary's No. 116—19, dated 13th March 1889.

Kumsi.

72. The receipts of the Municipality are estimated at Rs. 686 against Rs. 637 the actuals of 1887—88. The estimate is fair and is sanctioned.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	House Tax ...	178	180
VII	Mohatarfa ...	138	173
X	Miscellaneous ...	321	333
	Total.....	637	686

73. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,328, of which only Rs. 708 are proposed to be expended.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head office ...	12	12
IV	Conservancy ..	236	260
VIII	Public Works ...	297	250
IX	Charitable grants.	...	100
XI	Miscellaneous ...	67	86
	Total.....	612	708

74. The allotment of Rs. 250 under VIII Public Works is approved. But as there is a large balance still available, the Government consider that more money ought to be spent on works useful to the inhabitants of the town. The Deputy Commissioner is therefore requested to propose further allotments.

Benkipur.

75. The estimated income of the Municipality is Rs. 575 against Rs. 1,021 the actuals of 1887—88 The apparent decrease is only nominal. In 1887—88 the Municipality borrowed Rs. 460 for the execution of certain urgent works, which was shown as receipts under X Miscellaneous. The estimate is sanctioned.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90
II	Tax on houses ..	192	202
VII	Mohatarfa ...	353	347
IX	Fines ...	2	...
X	Miscellaneous ...	474	26
	Total.....	1,021	575

76. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 801, of which Rs. 377 are proposed to be expended.

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
IV	Conservancy .	120	126
VIII	Public Works ...	696	250
XI	Miscellaneous ...	255	1
	Total.....	1,071	377

77 The actuals shown under XI Miscellaneous include Rs. 230 paid by the Municipality in 1887—88 in repayment of the loan obtained by the Municipality. The debt having been fully adjusted in 1888—89, no provision is made on that account in the estimate for 1889—90. The Government consider that the provision for Public Works under VIII may be slightly increased, and the Deputy Commissioner is requested to propose a further allotment of Rs. 200 or so.

78 With the foregoing remarks and subject to the explanations called for, the Budgets of the 11 Municipalities in the Shimoga District are sanctioned as shown in the accompanying appendices A, B and C.

R VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Shimoga District.
The Comptroller.
The Senior Surgeon.
The Secretary in the Public Works Department.
The Education Secretary.
The Deputy Commissioners of other Districts.

R. VIJAYINDRA RAO,

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th August 1889.

READ THE FOLLOWING PAPER :—

The Budget Estimates of the Mysore City Municipality for the year 1889—90, submitted with docket from the President of the Municipal Board at Mysore, dated 28th April 1889, No. 41.

No. 3565-78—CIR. 89, DATED MYSORE, 7TH AUGUST 1889.

ORDER THEREON.—The estimated receipts and expenditure of the Mysore City Municipality for the year 1889—90 compare with those of the preceding year as shown in the following statement :—

RECEIPTS.

Budget Head.	Details.	Actuals of 1887—88.	Estimates for— 1888—89.	Estimates for— 1889—90.	Difference as compared with— Actuals of 1887—88.	Difference as compared with— Estimates for 1889—90.
I	Octroi, Class I—					
	(*a*) Cocoanuts, fresh	5,122	5,400	5,160	+38	—240
	(*b*) Do dry	1,063	1,100	1,140	+77	+40
	(*c*) Betel-leaves	6,476	6,500	6,510	+34	+10
	(*d*) Sugar	3,346	3,300	3,880	+534	+580
	(*e*) Jaggory	3,971	4,300	4,080	+109	—220
	(*f*) Ghee	4,954	5,300	6,160	+1,206	+860
	(*g*) Butter	1,007	1,000	490	—517	—510
	Class II. Sheep and goats	5,469	5,500	5,040	—429	—460

	Total Expenditure... ..	86,987	1,09,000	1,12,855	+25,868	+3,855
	Closing balance.....	22 197	2,216	1,965	—20,232	—251
	Grand Total	1,09,184	1,11,216	1,14,820	+5,636	+3,604

2. The total receipts of the Municipality for 1889—90 are estimated Rs. 94,800 against Rs. 88,935 the actuals of 1887—88, and Rs. 90,400 the estima for 1888—89.

3. *I. Octroi.*—The increase under I Octroi has not been explained. T actuals of the first half of the ye 1888-89 exhi an increase on of Rs. 1,220 ov the actuals of the corresponding p riod of 1887—88 ; the Governme do not consider that it would be sa to estimate the revenue at a larg figure than Rs. 60,000. The est mate will be *reduced accordingly.

Actuals ...58,806
Estimate...61,000

Budget Head.	Details.	Actuals of 1887—88.	Estimate as— Submitted by President.	Sanctioned by Govt.	Reduction.
*1	(f) Ghee ...	4,955	6,160	5,500	660
VII	Cloths ...	11,187	11,800	11,460	340
	Total reduction Rs.				1,000

4. *II. Tax on Houses.*—Under II Tax on houses, a sum of Rs. 12,500 is est mated for the current year against Rs. 10,991 the actuals of 1887—88 an Rs. 12,000 the estimate for the past year. This increase has not been explained, an the collections during the first half of the year 1888—89 do not show any increas over those of the first half of the preceding year. The estimate will be reduced t Rs. 12,000.

5. *III.* (*a*) *Liquor Licenses.*—The large increase of Rs. 3,500 under II (*a*) Liquor shops is apparently due to the new items o license fees on retail arrack shops and the fee of 4 annas per gallon of arrack sold in such shops in excess of 60 gallons a month, recently transferred to the Municipality under para 3 o Dewan's Proceedings No. 6107-10—286, dated 21st December 1888. The estimate will be allowed to stand and the Board's *proposal to adopt the rates of license fees similar to those in the Bangalore City Municipality will be sanctioned with effect from 1st April 1889.

Actuals ... 500
Estimates.. 4,000

*Contained in para 5 of the Municipal Board's Proceedings, dated 1st April 1889 in reply to para 3 of D. P. No. 6107-10—286, dated 21st December 1888.

6. *III.* (*b*) *Other Licenses.*—The new estimate under III (*b*) "Other Licenses" has not been explained. Probably this is on account of the expected income from license fees authorized to be levied in the Town of Mysore in Notification No. 165, dated 5th June 1889. If so, it is not clear why it is estimated only at Rs. 500, while the estimate reported in Vice-President's docket, dated 30th April 1889, No. 28, is Rs. 764. This should be explained.

7. *VIII. Rents.*—The decrease of Rs. 1,635 under VIII Rents is chiefly in (*c*) Markets. It is probably due to the demolition of some of the stalls in the Devaraja Mohalla Market.

8. *X. Miscellaneous.*—The decrease of Rs. 420 under X Miscellaneous is the result of a gross decrease of Rs. 789 in (*a*) "Sale of houses and lands," (*d*) "Pounds," (*e*) "Land Revenue," (*m*) "Contributions" and (*n*) "Other items," and of a gross increase of Rs. 369 under (*g*) "Sale of manure," (*i*) "Sale of grass," (*j*) "Sale of smuggled goods" and (*l*) "Notice and warrant fees." The variations are not explained ; but as the items are mostly of an uncertain nature, the estimate will not be disturbed. The President will however be requested to report from what particular source the income under (*e*) is derived.

9. The receipts of the Municipality as now estimated amount to Rs. 93,300 Adding to this, the actual balance on 1st April 1889 *i. e*, *Rs. 18,937, the sum available for expenditure during 1889—90 is Rs. 1,12,237. But the proposed charges amount to Rs. 1,12,855, which exceeds the assets by Rs. 618. The estimated expenditure must

*Vide account of the Mysore City Municipality for April 1889 published with Board's Proceedings, dated 18th May 1889.

be reduced as the closing balance ought not, as a rule, be less than 25 percent of the annual receipts.

10. The details of expenditure under the several heads are as shown in the margin.

Budget head	Details.	Actuals of 1887—88.	Estimate for—	
			1888-89	1889-90.
II	Head Office ...	1,401	1,350	2,400
III	Collection ...	8,371	8,656	8,576
IV	Conservancy ...	15,280	17,282	14,152
V	Police ...	25,194	24,764	25,764
VI	Registration of births and deaths	..	..	...
VII	Lighting ...	3,523	4,000	5,000
VIII	Public Works ...	27,690	41,201	42,159
IX	Charitable Grants	753	5,725	4,624
X	Education ...	95	500	600
XI	Miscellaneous ...	4,660	6,122	6,600
	Total	86,987	1,09,000	1,12,855

11. *Head Office.*—The increase under II "Head Office" is due to the local allowance of Rs. 50 per mensem sanctioned to Mr. J. W. Knight for charge of the Mysore City in Notification No. 105, dated 6th August 1888, and to the enhanced provision of Rs. 570 for contingencies against Rs. 120 estimated for 1888—89. The provision for the local allowance to Mr. J. W. Knight is sanctioned, and the President is requested to explain the necessity for the increased provision under "Contingencies."

12. *IV. Conservancy.*—Under IV Conservancy (*a*) Establishment a new provision is made for the employment of two peons. This cannot be sanctioned owing to the paucity of funds. Increases to the permanent establishments should not be inserted in the Budget without previous sanction of Government. The Government note that an expenditure of Rs. 750 is proposed to be incurred for the removal of rubbish and manure by Municipal agency, while the receipts from the sale of manure is estimated only at Rs. 100. The President is requested to report whether the removal of rubbish may not advantageously be given out on contract as is done in the Bangalore City Municipality.

13. *V. Police.*—The increase under V Police is due to the increased provision of Rs. 2,200 made for the clothing of the Police. It is stated that the Police Superintendent of Mysore urged the necessity for the entertainment of 94 additional Constables and for the increase of the allotment for clothing from Rs. 1,200 to Rs 3,600, but that the Board have not made any provision on account of the additional establishment, as the proposal required the sanction of the Inspector General of Police; and that for clothing only an increase of Rs. 1,000 has been provided. The Board also request that the Municipality may altogether be relieved of the Police charges. The Government have received a * report on the subject from the Inspector General of Police and it will be disposed of separately. Meanwhile, the estimate for 1888—89 will be repeated for 1889—90 also.—

* 698—144, dated July 1889.

14. *VI. Registration of births and deaths.*—As the registration of births and deaths is now compulsory, the Municipal Board consider that the entertainment of a separate establishment for the purpose is unnecessary and that the several station house keepers will continue to compile and furnish the returns as hitherto. The

* Para 2 of Board's Proceedings, dated 1st April 1889.

Board accordingly make no provsion on this account. The proposal is approved; but the attention of the Municipal Board is invited to see 211 of the Municipal Regulation, which directs that there should be a separate registrar for each Division of the Muncipality.

15. *VII. Lighting.*—The increase VII Lighting is due to the proposed introduction of 88 additional lamps. This cannot be sanctioned in the present state of the funds and the estimate will be reduced from Rs. 5,000 to 4,000, the estimate of the past year. The Government has no objection to the Board's proposal to the lighting being given out on contract, if that could be effected beneficially to the Municipality.

16. *VIII. Public Works*—The provsion of Rs. 42,159 under VIII Public Works is a great deal too much and cannot be sanctioned. It will be reduced to Rs 30,000. The President is requested to distribute the reduced amount on such items as the Board think proper and submit details of the same. The Government do not think that the funds admit of the employment of an additional Overseer on Rs. 35 per mensen. The cost of the Khalihat establishment included in the allotment for works in the Budget of 1887—88 was* ordered to be shown separately, which has not been done. This omission should be guarded against in future.

*Para 2 of D. P. No. 1 497-508—132, dated 28th January 1887.

17. Under Public Works Department Circular No. 412—414 of 21st January 1871, the President of the Mysore Municipality is authorized to sanction within the budget limits original works costing Rs 500 and below but not works costing more. He can sanction repairs provided for in the Budget up to any amount but the notifications of all his sanctions have to be submitted to this office. The above rule however does not seem to be acted upon. The President is requested to see that the rule is strictly observed in future and that the estimates of all works costing Rs. 500 and upwards are forwarded to this office and sanction obtained previous to execution and that the sanctions of the Municipality for smaller works are duly communicated to Government.

18. *Drainage.*—In passing orders on the subject of the drainage of the Fort and City of Mysore, the Dewan has ordered that the work of connecting house drains with the Street drains should be carried out by the professional agency under Government at the cost of the individual house owners and that the Municipal Board should collect the requisite funds from the house owners either at once or by instalments. The Board represented that it would be unjust to compel the house owners of the Fort to pay contributions for laying out pipes in addition to the Municipal tax that is being levied and requested the Government to bear $\frac{2}{3}$ of the cost (Rs. 14,000) the remaining $\frac{1}{3}$ being met from the Municipal funds of the town. The Officiating Dewan *declined to sanction the proposal and called for a list showing the names of house owners and the amount which each house-holder has to pay towards the cost of connecting the house drainage with street drains The present Budget makes no reference to this subject and it is not known what steps have been taken by the Board to carry out the important sanitary measure specially commended to their attention. The President will report on the matter.

*No. 2135, dated 26th Dec. 1887.

19. *IX. Charitable Grants.*—The increase under IX Charitable grants is not explained.

There is evidently some mistake in the figures given under actuals. Compared with the estimate for 1888—89, the estimate for 1889—90 shows a decrease of Rs. 601 as shown below:—

Details.	Estimates 1888—89	Estimates 1889—90	Decrease.
(*a*.) Dispensaries	437	156	
(*b*.) Hospitals	3,900	3,580	
(*c*) Vaccination	288	288	
(*e*) Poor house	600	600	
Total.....	5,225	4,624	601

20. (*a*) *Dispensaries.*—In 1888—89 the full cost of other charges on account of the 2 Branch* Dispensaries was estimated for instead of only $\frac{1}{3}$rd, which is debitable to the Municipality. Hence the apparent decrease under the head.

(*) Old Agrahar.
(2) Irangere proposed to be opened.

21. *Maternity Hospital.*—The decrease in the current year's estimate under Hospitals is due to no provision having been made for the 2nd Class Hospital Assistant, whose services have been dispensed with. The Government observe that the entire salary of the Assistant Surgeon appointed to do duty at the Maternity Hospital has to be debited to the Municipality under the Dewan's Proceedings, dated 11th February 1888 No. 2517 but provision is made in this Budget, only for $\frac{2}{3}$rds of the salary on the same principal on which all other charges of the Maternity Hospital are distributed between the Municipal and District Funds. Pending final orders on Deputy Commissioner's letter dated No. referred to in Dewan's Proceedings No 1177-88—41, dated 10th June 1889, the Comptroller will be requested to debit only $\frac{2}{3}$rds of the salary to the Municipality and $\frac{1}{3}$rd to the District Funds.

22. *Poor House.*—The provision of Rs. 600 under poor house is on account of Langarkhana. The Government have not yet received any detailed proposals in regard to the establishment of this institution and the Deputy Commissioner will be requested to report on the matters as soon as possible. Meanwhile the provision will be allowed to stand.

23. *X. Education.*—The details of the charges under X Education are not given. The President is requested to furnish the details and the authority under which they are incurred.

24. *XI. Miscellaneous.*—The increase under XI Miscellaneous is due chiefly in the items noted in the margin.

	Actuals of 1887—88.	Estimates for 1889—90.
1. Pension charges ..		300
2. Fairs and festivals	1,028	2,000
3. Town Hall other charges ...		1,700

25. *Pension charges.*—The provision under pension charges is the same as that for 1888—89 and will be retained.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th August 1889.

26. *Fairs and Festivals.*—The estimate under "Fairs and festivals" is the same as that for 1888—89, but the Government consider that a provision of Rs. 1,500 is sufficient and the estimate will be reduced accordingly.

27. *Town Hall.*—The increase under "Other charges, Town Hall" is stated to be due to the proposed plantation and improvement in the compound of the Memorial Hall. This estimate will be reduced to Rs. 400.

28. *Loan.*—It is observed that in Proceedings No. 5073 4—489, dated 30th October 1888, a loan of Rs. 10,000 was sanctioned from the State revenues to the Municipality for the execution of certain improvements to the Devaraj Mohalla on the condition of its repayment by annual instalments of Rs 2,000 each. No provision is made in the Budget under (*a*) "Repayment of loan" in the current year. The President is requested to state whether the loan has not yet been taken by the Municipality and if taken, why no provision has been made for the repayment of the first instalment. If the loan has not been yet taken, the President will report when he proposes to obtain it.

29. In para 9 of the Municipal Board's Proceedings, dated 1st April 1889, the Board propose to exempt the marginally noted buildings from house tax. The Government observe that most of the buildings referred to are neither places of public worship nor Government offices which alone are entitled to exemption under Section 65 of the Municipal Act. The President will report under what authority the exemption is proposed to be granted.

(*a*) Talimkhanas.
(*b*) Mission Schools
(*c*) Matts.
(*d*) Makkans.
(*e*) Ashurkhanas.
(*f*) Despensaries and Hospitals.
(*h*) Government Colleges.
(*i*) Chattrams.
(*j*) Musafarkhanas.

30 In future the President should see that the variations under each item of the estimate as compared with the actuals and previous year's estimate are fully explained in the column of remarks against each item.

31. With these remarks and subject to the explanations called for, the Budget Estimates of the Mysore City Municipality are passed and details of the estimates as sanctioned are appended. The estimates as now sanctioned amounts to Rs. 93,300 under receipts and Rs. 96,276 under charges with a closing balance of Rs 15,961.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The President, Mysore City Municipality.
The President, Bangalore City Municipality.
The Inspector General of Police.
The Senior Surgeon.
The Secretaries in the Education and Public Works Departments.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th August 1889.

A.

R. VIJAYINDRA RAO,
Chief Secretry.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 20th August 1889.

READ THE FOLLOWING PAPERS:—

Letters from the Deputy Commissioner, Bangalore District, dated 17th April and 25th July 1889, Nos. 40 and 295, respectively.

Also Proceedings in the Education Department, dated 20th June and 5th July 1889, Nos. 17—20 and 34—7, respectively.

No. 4355-67—CIR. 109, DATED 20TH AUGUST 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Bangalore District for the year 1889—90.

Yelahanka.

2. The receipts of the Municipality are estimated at Rs. 338 against Rs. 339, the actuals of 1887—88 as shown in the margin. The estimate is fair and calls for no remark.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	156	160
VII	Mohatarfa ...	123	125
X	Miscellaneous ..	55	53
	Total.....	339	338

3. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 698, of which Rs. 452 are proposed to be expended during the year.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	6	6
IV	Conservancy ...	91	96
VIII	Public Works ...	250	340
XI	Miscellaneous ...	...	10
	Total	347	452

4. The allo ment under VIII Public Works includes a sum of Rs. 50 on account of the Taluk Vernacular School. The provision on this account will be struck out for reasons stated in this office No. 4186-9—440, dated August 1889.

5. Considering the sum still available for expenditure, the Government consider that more money ought to be spent on works useful to the inhabitants and the Deputy Commissioner is requested to propose a further allotment.

6. The provision under XI Miscellaneous is for (*d*) "Rewards to dog and snake killers" and (*h*) "Other items." This is sanctioned.

7. The total of the estimated receipts is put down in Statement No. I as Rs. 368, whereas the correct total of the details given is only Rs. 338. Such mistakes should be guarded against in future.

Kengeri.

8. The estimated income of this Municipality is Rs. 445 against Rs. 488, the actuals of 1887—88. The decrease under X Miscellaneous is chiefly in (*d*) "Pounds." The estimate will be allowed to stand, as the collections during the first half of 1888—89 were only Rs. 10 against Rs. 65 during the corresponding half of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	104	120
VII	Mohatarfa ...	271	250
X	Miscellaneous ...	113	75
	Total.....	488	445

9. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,598, of which only Rs. 536 are proposed to be expended during the year, leaving a large balance of Rs. 1,062 at the end of the year. As a rule the closing balance ought not to exceed 30 per cent or be less than 25 per cent of the annual receipts. It is of the utmost importance that all available sums should be spent on works as early as possible so that the inhabitants may see and realize the benefits of the taxes they pay. The Deputy Commissioner is therefore requested to propose a further allotment under VIII Public Works of not less than Rs. 800.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	10	10
IV	Conservancy ...	96	96
VIII	Public Works ...	275	410
XI	Miscellaneous ...	...	20
	Total.....	381	536

10. The provision of Rs. 20 under XI Miscellaneous made on account of (*d*) "Rewards to dog and snake killers" and (*h*) "Other items" is sanctioned.

Hoskote.

11. The total of the estimates under several items of receipts in this Municipality amounts to Rs. 958 against Rs. 814, the actuals of 1887—88 and not to Rs. 949 against 812 respectively as erroneously entered in the Budget Statement No. I.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	302	350
VII	Mohatarfa ...	382	443
X	Miscellaneous ...	130	165
	Total.....	814	958

12. The increase under II and VII has not been explained, which should be now done.

13. The increase under X Miscellaneous is due to the gross increase of Rs. 55 in (*d*) "Pounds", (*g*) "Sale of manure" and (*i*) "Sale of grass" and to the gross decrease of Rs. 21 in (*a*) "Sale of houses and lands." The estimates under (*a*) and (*d*), which are justified by the actuals of the first half of 1888—89 compared with those of the corresponding period of 1887—88, will be approved and the new estimate under (*i*) "Sale of grass" will also be allowed to stand. The increase under (*g*) is not explained. The estimate however will not be disturbed.

14. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,537, of which Rs. 1,370 are proposed to be expended reducing the balance at the end of the year to Rs. 167, which is less than 25 per cent of the annual receipts. The charges must be reduced. The provision of Rs. 400 under "Educational repairs" will be struck out for reasons given in Proceedings No. 4186-9—440, dated August 1889.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	15	15
IV	Conservancy ...	310	348
VII	Lighting ...	60	100
VIII	Public Works ...	899	750
IX	Charitable grants ...	19	117
XI	Miscellaneous ...	17	40
	Total.....	1,320	1,370

15. The increase under IV Conservancy is due to the Mutsaddi at Rs. 5 per mensem sanctioned in the past year. The estimate will be retained.

16. Under VII Lighting Rs. 100 are proposed to be expended as in the past year. This is also approved.

17. The actuals under IX Charitable Grants are entered as Rs. 19, while the Comptroller's accounts show that Rs. 144 were expended in 1887—88. The discrepancy should be explained.

Dodballapur.

18. The estimated income of this Municipality for the year 1889—90 is Rs. 1,725 against Rs. 1,823, the actuals of 1887—88. The decrease under II Tax on houses and the increase under VII Mohatarfa have not been explained. The omission should be supplied.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	632	550
VII	Mohatarfa ...	999	1,040
X	Miscellaneous ...	111	135
	Total.....	1,823	1,725

19. Item X Miscellaneous does not include estimate on account of (*f*) "School Fees," although on the side of expenditure, Rs. 100 are provided under X Education for the maintenance of an English school in the town. This should be explained.

20. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,244, of which Rs. 1,904 are proposed to be expended, leaving a closing balance of Rs. 340. As a rule the closing balance ought not to be less than 25 per cent of the annual receipts. The estimated expenditure must therefore be curtailed. The provision of Rs. 50 under VIII Public Works (*a*) Educational repairs will be struck out and that under (*c*) Road repairs reduced from Rs. 300 to Rs. 250.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	20	20
IV	Conservancy ...	449	552
VII	Lighting ...	108	180
VIII	Public Works ...	814	875
IX	Charitable grants ...	...	117
X	Education ...	...	100
XI	Miscellaneous ...	37	60
	Total.....	1,428	1,904

21. The increase under IV Conservancy is due to the enhancement of Sweepers' pay from Rs. 4 to Rs. 5 per mensem sanctioned in the Proceedings noted in the margin and the estimate will be allowed to stand.

D. P. No. 3709 20—109, dated 19th August 1888.

22. The estimate under VII Lighting is the same as in the past year and will be passed.

23. The new estimate under IX is on account of the one-third cost of the Local Fund Dispensary recently sanctioned in the town and will be passed.

24. The provision under X Education is stated to be needed for the re-opening of an English school in the town. Pending the issue of orders in the Education Department as regards the re-opening of the English school, which has been but recently closed for want of proper attendance, the provision will be retained.

Nelamangala.

25. The receipts of this Municipality are estimated at Rs. 800 against Rs. 842, the actuals of 1887—88. The estimates are fair and call for no remark.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ..	330	330
VII	Mohatarfa ...	384	360
X	Miscellaneous ...	128	110
	Total.....	842	800

26. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,769, of which Rs. 2,216 are proposed to be expended, leaving a balance of Rs. 553 (and not Rs. 523 as entered in the Budget Statement No. 1) at the end of the year. Out of this balance, more money may be spent on works and the Deputy Commissioner is requested to submit his proposals.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	10	10
IV	Conservancy ...	371	432
VII	Lighting ...	10	100
VIII	Public Works ...	350	1,549
IX	Charitable grants ...	...	100
XI	Miscellaneous ...	7	25
	Total.....	748	2,216

27. The increase under IV Conservancy is due to the proposed entertainment of a Mutsaddi at Rs. 5 per mensem. The estimate is sanctioned. The increase under VII Lighting has not been explained. The omission should be supplied.

28. The provision under VIII Public Works includes an item of Rs. 899 for one-third cost of the Dispensary building proposed to be built in the town. The estimate will be allowed to stand.

29. The new estimate under IX is on account of the one-third cost of the menial establishment of the Local Fund Dispensary recently sanctioned for the town and is approved.

Tyamagondal.

30. The income of the Municipality for 1889—90 is estimated at Rs. 822 against Rs. 790, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	294	288
VII	Mohatarfa ...	354	349
X	Miscellaneous ...	142	185
	Total.....	790	822

31. The increase under X Miscellaneous is chiefly in (*d*) "Pounds" and (*n*) "Other items." The estimate in the latter is based upon the collections in the first half of the year 1888—89, which amounted to Rs. 177, while nothing was realized in the corresponding period of 1887—88. It will be allowed to stand. There is nothing to support the increased estimate of Rs. 150 in the former against Rs. 128, the actuals of 1887—88. The actuals during the first half of 1888—89 was only Rs. 27 against Rs. 114 in the corresponding period of 1887—88. The estimate will therefore be reduced to Rs. 100.

32. The receipts as now estimated amount to Rs. 772. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,868, of which only Rs. 767 are proposed to be expended, leaving a large balance unexpended at the end of the year. As a rule the closing balance ought not to exceed 30 per cent of the annual receipts or be less than 25 per cent. Out of the sum still available, more money ought to be spent on works useful to the inhabitants. The Deputy Commissioner is therefore requested to enhance the provision of Rs. 380 under VIII Public Works by about Rs. 2,000 and to submit proposals therefor.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	10	10
IV	Conservancy ...	203	252
VII	Lighting ...	...	100
VIII	Public Works ...	500	380
XI	Miscellaneous ...	26	25
	Total.....	739	767

33. The increase under IV Conservancy is due to the addition proposed to be given to three of the existing 6 sweepers at the rate of one rupee each. The estimate is allowed to stand.

34. The allotment under VII Lighting, which is the same as that in the past year will be retained, but the Deputy Commissioner is requested to submit details of the lump sum provided under the head.

Kankanhalli.

35. The estimated income of this Municipality for 1889—90 is Rs. 1,146 against Rs. 1,320, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on Houses ...	211	220
VII	Mohatarfa ...	597	595
X	Miscellaneous ..	482	331
	Total.....	1,320	1,146

36. The decrease under X Miscellaneous which is chiefly in (*h*) "Other Items" has not been explained. This should be now done.

37. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,314, of which Rs. 1,216 are proposed to be expended, reducing the balance at the end of the year to Rs. 98. As a rule, the closing balance ought not to be less than 25 per cent of the annual receipts. The charges must therefore be reduced. The provision of Rs. 100 for "Drains Original" will be struck out and the Deputy Commissioner requested to propose a further reduction of Rs. 80 or so.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	10	10
IV	Conservancy ...	426	438
VII	Lighting ...	60	50
VIII	Public Works ...	539	200
IX	Charitable Grants ...	...	178
X	Education ...	...	310
XI	Miscellaneous ...	29	30
	Total.....	1,064	1,216

38. No actuals are entered against IX and X, while according to the Comptroller's accounts Rs. 146 and Rs. 253 were respectively expended in 1887—88. Such errors should be guarded against in future.

Magadi.

39. The receipts of this Municipality are estimated at Rs. 1,460 (and not Rs. 1,455 as erroneously entered in the Budget) against Rs. 2,143, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	...	...
II	Tax on Houses ...	584	550
VII	Mohatarfa ...	615	600
X	Miscellaneous ...	944	310
	Total.....	2,143	1,460

40. The large decrease under X Miscellaneous is chiefly in (*a*) sale of houses and lands. Probably there are no more sites to be sold. The estimate is passed.

41. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,842, of which Rs. 1,428 are proposed to be expended.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	22	22
IV	Conservancy ...	266	396
VII	Lighting ...	95	168
VIII	Public Works ...	499	450
IX	Charitable Grants ...	...	117
X	Education ...	...	225
XI	Miscellaneous ...	3	50
	Total.....	885	1,428

42. The increase under IV Conservancy is due to the proposed entertainment of 3 additional sweepers at Rs. 5 each per mensen said to be needed for the conservancy of the suburbs of the Municipality. The estimate is sanctioned.

43. The estimate under VII Lighting which is the same as that in the past year will be approved, but the Deputy Commissioner is requested to furnish details of the lump sum entered under the head.

44. The provision under VIII Public Works includes an item of Rs. 50 under (*n*) Educational repairs. This will be struck out for reasons given in Proceedings dated August 1889 No. 4186-9—440 and the estimate reduced from Rs. 450 to Rs. 400.

45. No actuals are entered against IX and X, while according to the Comptroller's accounts Rs. 82 and Rs. 260 respectively appear to have been expended under the head during 1887—88. Such omissions should be guarded against in future.

46. The increase under XI Miscellaneous is due to the increased allotment under (*d*) "Rewards to dog and snake killers" and to the new provision of Rs. 20 under *h*) other items. The estimate is approved.

Closepet.

47. The estimated income of the Municipality is Rs. 5,405 against Rs. 1,647, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on Houses ...	666	550
VII	Mohatarfa ...	772	660
X	Miscellaneous ...	209	195
XII	Grant-in-aid ...	...	4,000
	Total.. ...	1,647	5,405

48. The decrease under II Tax on houses and VII Mohatarfa has not been explained which should be now done.

49. The decrease under X Miscellaneous is due to the gross decrease of Rs. 82 in (*d*) "Pounds" and (*h*) "Other Items" and to the gross increase of Rs. 68 in (*f*) School fees" and (*g*) "Sale of manure". The estimates under (*d*) and (*n*) are justified by the diminished actuals of the first half of 1888—89 compared with those of the corresponding period of 1887—88. The Deputy Commissioner is requested to explain the increase in the other items.

50. *Item XII.* In the Dewan's Proceedings, dated 15th September 1888, No. 1151-2, the Municipality was allowed to appropriate the Government moiety of the mohatarfa tax for 2 or 3 years towards the cost of the improvements in the town. Supposing that the appropriation sanctioned includes the Government moiety of the house tax also the sum to which the Municipality is entitled for 1889—90 is only Rs. 1,210. It is not clear how the Government grant-in-aid is estimated at Rs. 4,000. Probably the Deputy Commissioner has entered this figure with reference to his letter dated 27th May 1889 No. 124, in which he requested that the Municipality might be allowed an advance of 2 or 3 years revenue to be adjusted from the Government moiety of the taxes allowed in the Proceedings quoted above. As the advance applied for has not as yet been sanctioned, the estimate will be reduced to Rs. 1,210.

51. Including the opening balance and excluding the grant-in-aid sanctioned for improvements on account of which no provision is made in the Budget, the sum available for expenditure during 1889—90 is Rs. 1,478, but the expenditure proposed is Rs. 1,611 as shown in the margin. The charges must be reduced. The provision of Rs. 120 newly made on account of a Mutsaddi and a Sweeper under IV Conservancy will accordingly be disallowed; and the provision under VII "Lighting" reduced to Rs. 160, which is the estimate for 1888—89. The reserve of Rs. 50 under VIII Public Works will also be struck out; and the Deputy Commissioner is requested to propose such further reductions as may be possible in view to increasing the closing balance.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	25	25
IV	Conservancy ..	410	756
VII	Lighting ...	143	250
VIII	Public Works ...	574	275
IX	Charitable Grants ...	...	100
X	Education ...	120	120
XI	Miscellaneous ...	95	85
	Total.....	1,367	1,611

52. No actuals are entered against IX, whereas the Comptroller's accounts show that Rs. 99 were expended during 1887—88.

Channapatna.

53. The receipts of the Municipality are estimated at Rs. 2,520 against Rs. 2,718, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on Houses ...	865	700
VII	Mohatarfa ...	1,204	1,040
X	Miscellaneous ...	649	780
	Total.....	2,718	2,520

54. The decrease under II Tax on houses and VII Mohatarfa has not been explained. The omission should be supplied.

55. The increase under X Miscellaneous which is chiefly in *(d)* Pounds and *(g)* Sale of Manure has not been explained. The former is justified by the increased collections during the first half of 1888—89 compared with those of the corresponding period of 1887—88 and is passed. But it is not apparent how increased income is expected from *(g)* as the actuals of the first half of 1888-89 exhibit a decrease when compared with those of the corresponding half of 1887—88. The estimate will not however be disturbed and the Deputy Commissioner will be requested to report whether the sweepings in the town are removed and deposited by Municipal agency or sold periodically by public auction.

56. Including the opening balance, the sum available for expenditure during 1889—90 is Rs 4,191, of which Rs. 3,243 are proposed to be expended.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	35	35
IV	Conservancy ..	564	768
VII	Lighting ..	144	240
VIII	Public Works ..	298	1,375
IX	Charitable Grants ...	...	117
X	Education ..	638	638
XI	Miscellaneous ...	166	70
	Total.....	1,845	3,243

57. The increase under IV Conservancy is due to the provision made for 2 additional Peons at Rs. 4 each per mensem. The addition is proposed on the ground "the collection has fallen down". The provision will be retained, but more explanation is necessary as to how the collections are expected to improve by the employment of two more peons.

58. The provision under VIII Public Works includes an item of Rs 25 for educational repairs, which will be struck out for reasons given in Proceedings, dated August 1889, No. 4186-9—440 and the estimate reduced from Rs. 1,375 to Rs. 1,350.

59. No actuals are entered against IX, whereas from the Comptroller's accounts Rs. 99 appear to have been expended during 1887—88. Such omissions should be avoided in future.

60. Under X Education Rs. 638 are provided against Rs. 638 the actuals of 1887—88 and Rs. 684 the estimate for 1888—89. It is noted that in 1888—89 a monthly increase of Rs. 12 to the salaries of the teachers of the English school in the town provided in the Budget was *passed subject to the issue of orders for its disbursement in the Education Department. In Proceedings No. 17—20, dated 20th June 1889, the Education Secretary conveyed sanction to the increase above mentioned with effect from 1st April 1889. No provision is made in the current year's Budget on account of the increase already sanctioned. The President is requested to explain the matter.

* Para 10 of Dewan's Proceedings No. 3709-20—109, dated 13th August 1889.

61. The increase under XI Miscellaneous is probably due to some special charges incurred in 1887—88. This should have been explained.

Anekal.

62. The receipts of this Municipality estimated for the year 1889-90 are Rs. 1,909 (and not Rs. 1,831 as erroneously entered in the Budget) against Rs. 2,384, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on Houses ...	803	760
VII	Mohatarfa ...	868	928
X	Miscellaneous ...	713	221
	Total.....	2,384	1,909

63. The decrease under II and increase under VII have not been explained, which should be now done.

64. The large decrease in X Miscellaneous is chiefly in (*n*) "Other Items" and requires explanation.

65. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,956, of which Rs. 2,401 (and not Rs. 2,301 as entered in the Budget Statement No. I by mistake) are proposed to be expended.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	30	30
IV	Conservancy ...	355	574
VII	Lighting ...	160	310
VIII	Public Works ...	2,159	1,270
IX	Charitable Grants ...	5	117
XI	Miscellaneous ...	32	100
	Total	2,732	2,401

66. Under IV Conservancy the Municipal Board propose the employment of a Mutsaddi on Rs. 7 per mensem and increase of pay to the existing 5 Peons and 5 Sweepers at half a rupee each per month. Hence increase under the head which is sanctioned.

67. The increase under VII Lighting has not been explained. The provision will be allowed to stand, subject to the submission of details for the allotment, stating the number of lamps now existing in the town and the agency employed for lighting them.

68. The item of Rs. 100 for repairs of the Taluk School included under VIII Public Works will be struck out for reasons given in Proceedings, dated August 1889, No. 4186-7—440 and the estimate reduced from Rs. 1,270 to Rs. 1,170.

69. The provision under IX Charitable Grants, which is in accordance with the sanctioned scale will be approved.

70. The increase under XI Miscellaneous which is chiefly in (*h*) others items has not been explained. This should be now done.

Sargapur.

71. The income of this Municipality is estimated at Rs. 500 (which is the correct total of the several items on the side of receipts and not Rs. 545 as entered in the Budget against Rs. 708, the actuals of 1887—88.

Items.	Receipts	Actuals of 1887—88.	Estimates for 1889—90.
II	House tax ...	266	250
VII	Mohatarfa ...	206	165
X	Miscellaneous ...	236	85
	Total.....	708	500

72. The decrease under II Tax on houses and VII Mohatarfa and XI Miscellaneous has not been explained. This should be now done.

73. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 687, of which Rs. 618 (and not Rs. 610 as erroneously entered in the Budget)are proposed to be expended, leaving the closing balance of Rs. 69. As a rule this balance ought not to be less than 25 per cent of the annual receipts or be more than 30 per cent. The propsed charges must therefore be curtailed. The provision of Rs. 50 under VIII P. W. (*m*) Educational repairs will be struck out for reasons given in the Proceedings, dated August 1889, No. 4186-9—440.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.

VII	Lighting ...	4	68
VIII	Public Works ...	224	330
XI	Miscellaneous ...	3	20
	Total.....	421	618

74. The increased allotment under VII Lighting will be allowed to stand; but the Deputy Commissioner is requested to state the number of lamps existing in the town and whether they are lighted by the Municipal agency or under a contract.

Dommasandra.

75. The income of this Municipality estimated for the year 1889—90 is Rs. 440 against Rs. 446, the actuals of 1887—88. The estimates are fair and call for no remark.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	152	150
VII	Mohatarfa ...	201	200
X	Miscellaneous ...	93	90
	Total.....	446	440

76. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 646, of which Rs. 507 are proposed to be expended.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head office ...	7	7
IV	Conservancy ..	96	101
VII	Lighting .	8	45
VIII	Public Works ...	229	270
X	Education ...	84	84
XI	Miscellaneous ...	4	0
	Total.....	428	507

77. The increase under VII Lighting is not explained. The estimate will be allowed to stand, subject to the submission of details of the provsion and of report regarding the number of lamps now existing in the town and as to whether they are lighted by Municipal agency or under a contract.

78. The provision under X Education is on account of grant-in-aid to the Mission School in the town. It is sanctioned

Devanhalli.

79. The income of this Municipality is estimated at Rs. 1,330 against Rs. 1,380, the actuals of 1887—88. The estimates are fair and are sanctioned.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	483	450
VII	Mohatarfa ...	486	480
X	Miscellaneous ...	411	400
	Total.....	1,380	1,330

80. It is noted that under X Miscellaneous (*g*) sale of manure a sum of Rs. 150 is entered as the actual income for the first half of 1887—88, while for the full year only Rs. 15 are shown in the column of actuals. The total of the actuals of the first half of 1887—88 is entered as Rs. 1,325, while the correct total is Rs. 603 only. The Deputy Commissioner is requested to state the correct figures and see that such mistakes do not recur.

81. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 4,197, of which Rs. 2,728 (and not Rs. 2,729 as entered in the Budget) are proposed to be expended, leaving a large balance of Rs. 1,469 at the end of the year.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head office ...	20	20
IV	Conservancy ...	332	372
VII	Lighting ...	...	100
VIII	Public Works ...	1,735	1,575
IX	Charitable grants ...	31	117
X	Education ...	371	399
XI	Miscellaneous ...	198	145
	Total.....	2,687	2,729

82. The increased provision under IV Conservancy, being the same as that sanctioned for the past year, will be allowed to stand.

83. The provision of Rs. 100 under VII Lighting is Rs. 40 less than that of the previous year. The provision will be sanctioned, but the Deputy Commissioner is requested to explain the decrease and to report the number of lamps now existing in the town and the system on which they are lighted, *viz*, whether by Municipal agency or by contract.

84. The provision under VIII P. W. includes items of Rs. 100 and 1,000 for educational repairs and water supply project respectively. The former will be struck out for reasons given in Proceedings, dated August 1889, No. 4186-9—440 and the latter allowed to stand: but the Deputy Commissioner should understand that no original work costing Rs. 200 and upwards should be undertaken before an estimate is submitted with explanation as to the necessity for the work and previous sanction of Government is obtained thereto. He should also see that the sanction of the President for smaller original works and repairs within Budget limits are also duly communicated to Government. Considering the large sum still available for expenditure the Government consider that further allotments must be made for works useful to the inhabitants of the town. The Deputy Commissioner is therefore requested to submit his proposals.

85. The increase under X Education is not explained. The current year's estimate exceeds that of the past year by Rs. 45 and the details have not been furnished in Budget statement No. III. The omission should be supplied. But the provision will not be disturbed pending the receipt of the explanation called for.

86. The increased estimate under IX Charitable Grants is due to the enhanced provision of Rs. 17 for the travelling allowance of the Hospital Assistant attached to the Local Fund Dispensary in the town. This is approved.

87. The decrease under XI Miscellaneous is due to the gross decrease of Rs. 158 in (*h*) "other items" and to the gross increase of Rs. 105 in the new provision under (*c*) "Cattle pounds" and in (*d*) rewards to dog and snake killers. The purpose for which the latter provision of Rs. 100 is required is not stated. The omission should be supplied.

Vadigenhalli.

88. The income of this Municipality is Rs. 500 against Rs. 583, the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	304	200
VII	Mohatarfa ...	270	265
X	Miscellaneous ...	9	35
	Total.....	583	500

89. The large decrease in II Tax on houses has not been explained. This should be now done.

90. The increase under X Miscellaneous is due to the enhanced estimates under (*a*) Sale of houses and lands, (*d*) Pounds and to the new provision under (*g*) Sale of manure. The estimate is passed, as it is justified by the collections during the first half of 1888—89.

91. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,930, of which Rs. 907 (and not Rs. 805 as erroneously entered in the Budget) are proposed to be expended, leaving a large balance of Rs. 1,023 at the end of the year. As a rule the closing balance ought not to exceed 30 per cent of the annual receipts. It is of the utmost importance that all sums available should be spent upon works as early as possible so that the inhabitants may see and realize the benefits of the taxes they pay. The Government therefore consider that the current year's provision under VIII Public Works may be enhanced by about Rs. 900. The Deputy Commissioner is accordingly requested to propose further allotments.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head office ...	10	10
IV	Conservancy ...	142	252
VIII	Public works ...	634	550
X	Education ...	...	60
XI	Miscellaneous ...	23	35
	Total.....	809	907

92. The increase provision under IV Conservancy, which is the same as in the past year, is passed.

93. The necessity for the new provision under X Education has not been explained. The omission should be supplied.

94. The budgets under review make no provision on the side of receipts for the mileage allotments payable under the Public Works Department Circular No. 32, dated 16th April 1886 to the Municipalities for the Provincial roads within their limits or on the side of expenditure for the upkeep of such roads. With reference to this omission, the Deputy Commissioner is requested to state if there are no Provincial roads within any of the towns and if so why provisions have been omitted in the Budgets.

95. The Government observe that the Budget statements have been most carelessly prepared in this District. The figures shown in statement II are altogether wrong. Instead of entering the total estimate of each work in column 4, of statement No. II the year's allotment is entered and in column **6**, which ought to show the current year's allotment, either the past year's provisions or some other figures, which cannot be traced, are entered. The Government trust that more attention will be paid to the preparation of these statements in future. The Deputy Commissioner should also see that the variations under each head between the estimate and the actuals and previous year's estimate are fully explained in the column of remarks in future Budgets.

With these remarks and subject to the explanations called for, the Budget estimates of the several Municipalities of the Bangalore District will be passed as detailed in the accompanying appendices A, B and C.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.
The Comptroller.
The Senior Surgeon.
The Education Secretary.
The Secretary in the Public Works Department.
The Deputy Commissioners of other Districts.
The Inspector General of Police.

R. VIJAYINDRA RAO

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 8th August 1889

READ THE FOLLOWING PAPER:—

The Progress Report of the Mysore Revenue Survey for the year ending 31st October 1888

No. 3440—42, DATED 6TH AUGUST 1889

REVIEW THEREON.—The Revenue Survey of the State is almost completed, and the question of reducing the number of measuring establishments in the forthcoming year is under the consideration of Government.

2. The number of the establishments employed and the out-turn of work done by each during the years 1886—87 and 1887—88 were as follow :—

		Area measured.	Area classed
1886—87.	A	116,318	...
	D	167,778	...
	F	239,240	...
	G	112,801	...
	H	80,730	...
	E	...	143,682
	M	..	134,150
	O	...	132,284
1887—88.	A	185,774	...
	D	84,468	..
	F	154,836	...
	H	120,427	...
	E	...	168,826
	M	..	150,514

The decrease in the area surveyed and classed was due to a great extent to the diminution of strength of the establishments.

The measurement operations were carried on in the Kankanhalli, Tirumakudlu-Narsipur, Chamrajnagar, Gundlupet, Nanjangud and Closepet Taluks. The classing establishments were employed in the Kolar, Bowringpet and Seringapatam Taluks The classification in the latter taluk was completed during the year under review.

3. Five thousand two hundred and fifty-five survey numbers with an area of 21,866 acres were tested by Assistant Superintendents and Surveyors. The percentage of errors discovered on test exceeded 2 in the case of 271 survey numbers. The result of the test of classification is satisfactory.

4. Eighteen boundary disputes involving 18½ miles of disputed boundary were disposed of.

5. The area mapped during the year was 852 square miles.

6. The aggregate area of coffee estates and large arable waste numbers broken up during the year is not mentioned in the report.

7. The total cost of the work of the year under notice amounted to Rs. 1,70,139—14—4 or Rs. 37,759—12—0 less than in 1887—88. The decrease was due mainly to the diminished number of officers and establishments. The average cost per acre measured, classed and settled was Rs. 0—6—2·93.

The total charge of the operations since 1863—64 has been Rs. 51,98,618—2—3.

8. Survey of Inam villages is making fair progress.

R. VIJAYINDRA RAO.
Chief Secretary.

To.—The Superintendent, Revenue Survey.

No. 145.

MYSORE DEWAN'S OFFICE,
Bangalore, 23*rd August* 1889.

NOTIFICATION.

The following amendments of the Rules (published with Notification No. 185, dated 24th January 1888) for the exercise of proper check over consignments of liquor sent from the Government Distillery to wholesale Depôts and the disposal of Rahadaris which accompany them, having been sanctioned by the Government of His Highness the Maharaja, they are hereby promulgated for general information:—

I. At end of Rule 7, for the words "and the file of cancelled Rahadaris then sent on to the Deputy Commissioner, Bangalore District," substitute the words "and the file of cancelled Rahadaris then sent on to the Excise Commissioner."

II. For Rule 8, substitute the following:—

"8. As the Rahadaris are received at the Excise Commissioner's Office, they will be compared with the detailed accounts rendered for the whole Province by the Special Assistant Commissioner, and the whole file of cancelled Rahadaris for each month should be submitted by the Excise Commissioner to the Dewan's Office, with an analysis of results. The file, after being carefully scrutinized and checked in the Dewan's Office, will be returned to the Excise Commissioner who will retain the cancelled Rahadaris as vouchers till six months after each contract has been closed, when they may be destroyed.

"By Order,"

R. VIJAYINDRA RAO,
Chief Secretary.

PART I.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore (Public Works),—dated 24th August 1889.

READ THE FOLLOWING PAPER:—

Letter No. 1417—228, dated 31st July 1889, from the Deputy Commissioner, Kolar District

No. 3493-4—470-1, DATED BANGALORE, 24TH AUGUST 1889.

ORDER THEREON.—The Jodidar of Talagonda, after repeated warning, has failed to put his Inam Tank in a condition of safety, and by his failure, the safety of tanks below it is threatened. The Government accordingly hereby sanction the Inam tank in question being taken in hand by the Department of Public Works for immediate repair. If owing to the season it is found impossible to effect such repairs as may be necessary to ensure safety, the tank should be breached at once and repairs executed as early as possible.

"By Order,"

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Govt. of Mysore,
P. W. D.

To—The Deputy Commissioner, Kolar District.
The Executive Engineer, Kolar Division, with reference to this office No. 2967 of 26th ultimo.

Circular No. 71.

Mysore Public Works Department,
Central Office,
Bangalore, 26th August 1889.

To All Deputy Commissioners of Districts in Mysore.

Circular Memorandum.

With reference to this office Circular No. 21, dated 27th February 1889, forwarding for information copy of an order issued to Executive Engineers, to have all plans and papers in their offices, connected with public works, placed at the disposal of Deputy Commissioners whenever called for, has the honor, with the approval of Government, to request that Deputy Commissioners will similarly allow papers in their offices relating to public works, to be obtained by Executive Engineers on requisition, whenever required for reference.

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Govt. of Mysore,
P. W. D.

Communicated to all Executive Engineers, Circular No. 72, dated 26th August 1889.

PART II.

PART II.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

AUGUST 1889.

No.	Subject and Order.	Date of Order.	Date of previous Order
1	Appeal No. 1440 of 14th September 1888. Appellants .. Sanivanjegauda and others of Sanaba, Attikuppa Taluk. Appeal against the order of the Sub-Divisional officer, dated 6th July 1888, granting land bearing Survey No. 77 to Kullegauda *alias* Somegauda on darkhast and Survey No. 74 to Bettegauda at the Survey Settlement. Appellants were informed by an endorsement to the effect that they having failed to adduce sufficient grounds to interfere with the grant of the lands in dispute, the Sub-Division officer's order complained against is affirmed. Claim rejected. Appeal dismissed.—Communicated to the Deputy Commissioner, Mysore District —No. 3521—210.	3rd Aug. 1889.	
	Petition No. 1690 of 17th October 1888. Petitioners .. Siddegauda and others of the kayamgutta village of Bhimapur, Hoskote Taluk, Bangalore District. Appeal against the order of the Deputy Commissioner, dated 14th June 1886, directing the Petitioners to pay fees to the Shanbhog of the village with the remark that "if the Shanbhog's inam is merged in the lands of the kayamguttadar, the latter should look after the work, but if the inam has been settled independently of the kayamgutta lands, the Shanbhog is entitled to miras from the raiyats as in Government villages." The Government referred the case to the Deputy Commissioner for further enquiry and decision as to whether the present claim by the Shanbhog is admissible with reference to a receipt produced by him, dated 27th May 1883, the execution of which was admitted by the kayamguttadar during the hearing of this appeal and in which allusion is made to certain miras payable to the Shanbhog.—No. 3608—178.	10th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders
3	Appeal No. 1762 of 26th October 1888. Appellants. *Vs.* Respondent. Gavigauda and others of Marmali village, Attikuppa Taluk. Chikkappagauda. Appeal from the order of the French Rocks Sub-Division officer, dated 6th July 1888, confirming to the Respondent field No. 4 which the Appellants state is required for the common use of the village community. The point at issue was whether the portion of the Survey No. referred to contains trees belonging to the village community. Held that so much of the land as contains the trees referred to should be excluded from the Respondents holding and the remaining portion only registered in his name. Case sent to the Deputy Commissioner, Mysore District, for disposal accordingly.—No. 3607—221,	13th Aug. 1889	
4	Appeal No. 2856 of 15th March 1889. Appellant. *Vs.* Respondent. Puttegauda of Chakranahalli, Mandya Taluk. Kempegauda of Hulikere village, Mandya Taluk. Appeal against the decision of the Sub-Division officer, French Rocks, dated 24th November 1888, in which the land once granted to Appellant for cultivation was ordered to be made over to Respondent. The point at issue was whether the Respondent relinquished the land in question absolutely in April 1882 while the matter of putting wet assessment thereon was still pending settlement before the Government and whether the fact of putting the Appellant in possession of the same land which was classed by the Survey Department as dry in 1888 was duly communicated to the Respondent. Decided that Government decline to distrub the order passed by the Sub-Division officer in favor of the Respondent who is directed to pay the petitioner the assessment he paid to Government for 1 year without cultivating the land.—Communicated to the Deputy Commissioner, Mysore District.—No. 3862—235.	Do	do

No.	Subject and Order.	Date of Order.	Date of previous Orders
5	Appeal No. 2628 of 1887. Appellant. *Vs.* Respondent. Timmappaiya, Shanbhog of Benkipur, Shimoga Taluk. Virupakshappa, Shanbhog of Benkipur Magani. Appellant claims exclusive right to the office of Shanbhog as the Respondent as Magani Shanbhog never performed his duties and the entire work devolved on the Appellant as the Village Shanbhog. The point at issue was whether the village Shanbhogs assisted the Magani Shanbhogs in preparing the village accounts. Decided that the distribution of charges having been made in accordance with the principle recognized in the late Chief Commissioner's Proceedings dated 17th May 1879, No. 1615—56, Government see no good reason to interfere with the settlement. Appeal rejected.—Communicated to the Deputy Commissioner of the Shimoga District.—No. 3733—114.	14th Aug. 1889	
6	Appeal No. 2632 of 1887. Appellant. *Vs.* Respondent. Venkatramanaiya, Shanbhog of Anavari, Shimoga Taluk. Lakshmavva, widow of Timmappa. Dispute in regard to the distribution of charges between a Magani and Village Shanbhog made in accordance with the late Chief Commissioner's Proceedings No. 1615—56, dated 17th May 1879, similar to that disposed of in Appeal No. 2628 of 1887. The point at issue was whether the Respondent's husband was the hakdar Shanbhog and as such held the umbli land attached to the office. Decided that the appeal is groundless. Appeal dismissed.—Communicated to the Deputy Commissioner of the Shimoga District.—No. 3734—115.	Do	do
7	Appeal No. 776 of 1889. Appellant.. Vabanna of Hanagode, Hunsur Taluk. Appeal to set aside the sale of his lands on account of revenue arrears held on 6th December 1887.	Do	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	The points at issue were whether there was irregularity in the sale in its having been closed at such a late hour as 10 or 11 P.M, and whether the Appellant tendered the arrears due by him before the sale was closed. Decided that the Government decline to interfere with the sale as the Appellant failed to prove satisfactorily the several allegations contained in his petition. Appeal dismissed.—Communicated to the Deputy Commissioner, Mysore District,—No. 3726—227.		
8	Appeal Petition No. 962 of 18th July 1888. Petitioners. *Vs.* Respondent. Kempalagauda of Hosahalli, Attikuppa Taluk, Mysore District. Shettigauda. Appeal from the order of the Sub-Division officer, dated 15th February 1888, removing the Petitioner from the office of Patel and conferring it on Shettigauda. Both parties having entered into a compromise with regard to the disputed office and jointly presented a razinama, a copy of it was forwarded to the Deputy Commissioner, Mysore District, with a request to give effect thereto *viz.* that each of them should hold the office in turn every alternate year.—No. 3725—226.	16th Aug 1889.	
9	Petition No. 673, dated 13th July 1889. Appellant. *Vs.* Respondent. Aswatthachar. Gopalakrishnachar. Appeal against the order of the Deputy Commissioner, Bangalore District, No. 220, dated 12th June 1889, directing the sale on account of the arrears of revenue due by the Respondent who is the khatedar of that portion of his holding which forms the appellant's share.	17th Aug. 188	

No.	Subject and Order.	Date of Order.	Date of previous Orders
	Points at issue were whether the appellant had paid up the assessment due on his share and whether his land had not been formally subdivided. Held that if on further enquiry by the Deputy Commissioner the assessment due on the land in possession of the Appellant should appear to have been paid by him the Respondent's land should be sold in the first instance and the sub-division of Appellant's land should be arranged as soon as possible. Deputy Commissioner, Bangalore District, requested accordingly.—No. 4079—208.		
01	Appeal No. 2839 of 1889. Appellant. *Vs.* Respondent. Abdulla Sahib of Channapatna, Closepet Taluk. — Kempaiya. Appeal against the order of the Deputy Commissioner, Bangalore District, dated 2nd April 1888, refusing to confirm the sale of a building site purchased by Appellant in 1886 for Rs. 10—4—0. The point at issue was whether the site in question was sold to Appellant in ignorance of the fact of its having been previously sold to Respondent in 1876. Decided that the sale of 1886 was rightly cancelled by the Deputy Commissioner. Endorsement given to Appellant accordingly.—Communicated to the Deputy Commissioner, Bangalore District.—No. 3985—204.	18th Aug 1889.	
11	Appeal No. 2954 of 1886. Appellant. *Vs.* Respondent. Tirumalagauda of Sivanahalli, Nagamangala Taluk. — Modaligauda. Appeal against the order of the French Rocks Sub-Division officer, dated 8th February 1886, appointing Mayigiri Timmegauda, the late brother of the Respondent, as Patel of Sivanahalli. The points at issue were whether the Appellant's claim to the office of Pateli is barred by the Law of	19th Aug. 1889.	

No	Subject and Order.	Date of Order.	Date of previous Orders
	Limitation and whether Appellant is nearer relation to the late registered hakdar than the Respondent or his late brother. Decided that Appellant be appointed as Patel but if incompetent to hold the office he be registered as hakdar and Respondent if competent or any other competent man be appointed to do duties until the Appellant qualifies.—Communicated to the Deputy Commissioner, Mysore District.—No. 4086—254.		
12	Appeal No. 112 of 1889. Appellant. Lingegauda and others of Devanhalli, Tiptur Taluk, Tumkur District. *Vs.* Respondent. Basavanna. Appeal against the order of the Deputy Commissioner, Tumkur District, dated 19th December 1888, confirming Assistant Commissioner's order directing petitioners to remove the houses built by them on the Respondent's patta land Survey No. 1. Point at issue was whether the construction of houses on kandayam lands was permissible under Section 63 of the Land Revenue Code. Decided that the Assistant Commissioner's order be cancelled as the construction of the houses is permissible under the Section of the Code referred to. Appellants referred to the Deputy Commissioner.—Communicated to the Deputy Commissioner of the Tumkur District.—No. 3984—128.	19th Aug. 1889.	
13	Appeal No. 1370 of 1888. Appellant. Lakkegauda of Vaddanhalli, Arkalgud Taluk, Hassan District. Petitioner requests that the sale of his land No. 102 for arrears of revenue not due by him be cancelled. The point at issue was whether petitioner was liable to pay the full amount of demand against him under the head ferry rent included in the arrears for which the land was sold. Decided that the Appellant was not liable to pay the full amount of arrears including the ferry rent for which both the Appellant and Patel are jointly responsible. Sale cancelled.—Communicated to the Deputy Commissioner of the Hassan District.—No. 4021—173.	Do do

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 11th September 1889.

No. 4758-68—Cir. 120 dated 11th September 1889.

Order.—Mr. G. F. Meiklejohn, District Magistrate of Kadur, will be requested to pay frequent visits to all Railway Stations within his jurisdiction and satisfy himself of the thorough and complete efficiency of the Railway Police and Magistracy.

2. Assistant Commissioner and 1st Class Magistrate Mr. F. B. Clerk is deputed for the trial and disposal of criminal cases occurring on the State Railway between Harihar and Mysore.

3. As regards magisterial work within any District through which the Railway passes, Mr. Clerk will be subordinate to the District Magistrate of that District and shall submit to him all prescribed returns and reports.

4. Mr. Clerk will try all offences occurring on, or in respect of, the Railway at the Railway Station which is most convenient to the parties and witnesses concerned.

5. Mr. Clerk's deputation is not intended to withdraw jurisdiction vested in other Magistrates, provided that the trials are held at Railway Stations most convenient to the parties and witnesses.

6. Mr. Clerk will be provided with a ministerial establishment as per appended scale :—

1 Head Munshi	...	...	...	on Rs.	50	per mensem.
1 Deputy Munshi	...	...	...	do	35	do
1 Accountant	...	...	...	do	25	do
1 Daffadar	...	...	...	do	8	do
2 Peons at Rs. 7 each	...	...	...	do	14	do
1 Peon	...	...	...	do	6	do
1 Lascar	...	...	...	do	7	do
1 Mashalchi	..	...	...	do	5	do
				Total Rs...	150	do

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner and District Magistrate, Kadur District.
F. B. Clerk, Esq., Assistant Commissioner, Bangalore District.
Copy to—The Chief Judge in Mysore.
The Dy. Commrs. of Mysore, Bangalore, Tumkur, Hassan, Shimoga and Chitaldroog Districts.
The Comptroller.
The Inspector General of Police.

PART I.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th September 1889.

READ THE FOLLOWING PAPERS :—

Letter from the Deputy Commissioner, Bangalore District, No. 476, dated 30th October 1888, representing that, excepting Bangalore, Sayer realizations in other Taluks are so little that orders are necessary to utilize the Bangalore Taluk collections to adjust the payments of Gograsa allowances ordered in Dewan's Proceedings No. 2983-92—Cir. 85, dated 13th July 1888.

2. Letter from the Deputy Commissioner, Kolar District, No. 1660—497, dated 6th November 1888, reporting that the Sayer revenue in the District is confined to the Goribidnur Taluk and requesting orders as to whether this revenue has to pay the Gograsa allowances of all the Taluks in the District.

3. Docket from the Deputy Commissioner, Kolar District, No 1072—72, dated 9th July 1889

No 4857-66—CIR. 125, DATED 13TH SEPTEMBER 1889.

ORDER THEREON.—As the Sayer revenue is so fluctuating and as the Gograsa allowances are small in amount, the Government, in modification of para 2 of Dewan's Proceedings No. 2983-92—Cir. 85, dated 13th July 1888, are pleased to direct that the allowances referred to be paid in future out of the Provincial General Revenue and charged to '18 *Muzarayi*" under a minor head " Gograsa allowances."

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Comptroller in Mysore.
The Inam Superintendent.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th September 1889.

READ THE FOLLOWING PAPERS :—

Docket No. 61-5, dated 4th April 1889, from the Inspector General of Forests in Mysore.

Letter No 1188, dated 2nd July 1889, from the Comptroller of Mysore.

No. 5307-37—CIR. 133, DATED 6TH SEPTEMBER 1889.

ORDER THEREON —Under the provisions of Sections 110 and 115 of the Civil Pension Code (6th Edition) the Government of His Highness the Maharaja sanctions the payment of the Superior Superannuation Pension of Rupees (23—5—4) twenty-three, annas five and pies four only per mensem, computed at one-third of Rupees 70, the average emoluments drawn during the last five years of service to Mannar Pille, late Forest Ranger of the Mysore District, with effect from 12th May 1888.

2. As regards the recommendation made by the Inspector General of Forests, supported by the Deputy Commissioner, Mysore District, for the calculation of Mannar Pille's pension on the pay he was drawing before the revision of the Forest establishment, the Government observe that on 11th May 1881 when his pay was reduced from Rs. 100 to 70, Mannar Pille had put in a service of 10 years 9 months and 11 days and that if he had, instead of accepting the reduced pay of Rs. 70, elected to retire, then he would have got only a gratuity for that service. Whereas by accepting the reduced pay he has put in an additional service of 7 years and 1 day, thereby entitling him to a pension, which is more beneficial to him than the gratuity.

3. Under such circumstances, Mannar Pille's case does not fall under the provisions of Section 105 of the Civil Pension Code (6th Edition), which lays down that if an officer who is entitled to Compensation Pension accepts instead another appointment in the public service and subsequently becomes again entitled to receive a pension of any class, the amount of such pension shall not be less than he could have claimed if he had not accepted the appointment. Heads of Departments are therefore requested not to recommend exceptional treatment except upon very exceptional grounds, which do not apparently exist in the present case.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Forests and Plantations in Mysore.
The Comptroller of Mysore, with copy of the 1st page of the Pension application of Mannar Pille.
The other Heads of Departments.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 14th September 1889.

READ THE FOLLOWING PAPER :—

The Report on Special Hospitals in Mysore for the year 1888.

No 1866 -77 DATED BANGALORE, 14TH SEPTEMBER 1889

REVIEW THEREON.—*Lunatic Asylum, Bangalore*—Number of admissions into the Lunatic Asylum at Bangalore rose from 49 in 1887 to 56 in the year under review, of these 46 were males and 10 females. The total number of persons treated for insanity was 237 as compared with 226 in the previous year, and the daily average population of the Asylum was 184 against 180 in 1887. Of those under treatment, 29 were discharged cured, 13 committed to the care of friends, 3 otherwise disposed of and 10 died, leaving 182 persons in the Asylum on the 31st December 1888. The percentage of recoveries calculated on the daily average strength was 15·76 against 7·22 in the preceding year.

2. The number of criminal lunatics in the Asylum on the 1st January 1888 was 23, of whom 21 were males and 2 females. During the year there were 4 new admissions. Three persons were discharged or transferred and one died, leaving 23 in the Asylum on the 31st December 1888. The daily average strength was 24·33. This number is the highest on record within the past decade. The offences with which the criminal lunatics were charged are not mentioned in the Report.

3. The types of insanity observable among the patients were as follow :—

Acute Mania	65
Chronic Mania	52
Mania with Epilepsy	8
Melancholia	5
Acute Dementia	89
Chronic Dementia	15
Monomania	3

The cause of insanity was known in 81 and unknown in 156 cases, 78 cases were ascribed to physical and 3 to moral causes. The great cause of insanity would appear to be the abuse of ganja. Of the 78 cases for which physical causes were assigned, no less than 63 were attributed to excessive use of that intoxicating drug.

4. There were 10 deaths against 13 in 1887. This gives a death-rate of 19·6 per cent. The cause of this high rate of mortality is not stated in the Report.

5. The total expenditure incurred in the Asylum during the year under notice was Rs. 14,455—3—10 against Rs. 14,724—2—6 in 1887. The decrease was due mainly to the reduction in the contract rates for food supplies. The net profits of the manufactures in the Asylum were Rs. 58—14—11 against Rs. 81—0—8 in 1887. The average yearly cost of each lunatic to the State was Rs. 78—9—0 against Rs. 80—11—0 in the previous year. This compares favorably with the cost in Madras and Calicut, as the marginal figures show.

	Rs.	As	Ps.
In Madras	133	12	0
In Calicut	118	4	0

6. There were at the beginning of the year 26 insanes supplied to the Asylum by the Civil and Military Station, Bangalore. During the year nine persons were admitted, making a total of 35 patients. Of these 6 were discharged, and 3 died, leaving 26 patients in the Asylum at the close of the year under notice.

7. The Asylum buildings were in good order and accommodation was adequate. The report does not touch upon the sanitary condition and arrangements of the Asylum. This is an omission, seeing that several deaths from cholera occurred in the Asylum during the past month, though that disease was not epidemic in the Town and Cantonment of Bangalore at the time.

Leper Asylum, Bangalore.—The inmates of the Leper Asylum numbered 35 at the close of 1887, and the admissions during the year under review were 10, making a total of 45 lepers, of whom 28 were males and 17 females. Of this number, 6 died and 10 were discharged.

2. The Asylum buildings were in good condition and the conservancy and water-supply were satisfactory.

3. The total expenditure amounted to Rs. 2,327 —4—10 as compared with Rs. 2,661—7—9 in the previous year.

Maternity Hospital, Bangalore.—The number of in-patients treated in the Maternity Hospital, Bangalore, during 1888 was 190 against 157 in 1887, showing an increase of 33. The number of confinement cases rose from 133 to 171, the mortality among this class of cases being 4 against 7 in 1887. The reduction in the death-rate is satisfactory. The daily average number of in-patients treated was 9 against 7 in the previous year. Of the total number of in-door cases, 51 were Europeans and Eurasians and 139 natives.

2. The results of the surgical operations in the year were more satisfactory than those of the previous year. The number of operations performed was 28, of which 3 cases proved fatal, against 21 operations with 5 deaths in 1887.

3. The total number of out-door patients was 3,047 against 2,991 in 1887.

4. The expenditure during the year was Rs. 4,937—7—8, which exceeded the amount expended in 1887 by Rs. 452—13—11.

Her Highness the Maharani's Female Hospital at Mysore.—It is very satisfactory to observe that this institution is increasing in popularity. The total admissions of both classes of patients, in-door and out-door, was 11,506 against 6,292 in the preceding year, showing an increase of 5,214.

2. Thirty-nine obstetric operations were performed during the year; of these 25 resulted in the cure of the patient.

3. The expenditure was Rs. 5,821—6—7 against Rs. 4,539 —4—2 in the previous year.

On the whole the Special Hospitals have worked well and credit is due to the officers in charge of them.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 18th September 1889.

READ THE FOLLOWING PAPER :—

The Annual Report on the Working of the Amrut Mahal Department for the year 1888—89.

No. 4971—538, DATED 18TH SEPTEMBER 1889.

REVIEW THEREON.—The Department is reported to have suffered from the bad season of 1888—89 : in some parts of the Province there was even scarcity of water and fodder : there were 384 deaths from rinderpest being 3·3 per cent of the total strength. The report does not state what success attended the adoption of remedial measures mentioned in para 2 of the Report.

2. *Cattle on hand.*—At the beginning of the year 1888—89, the number according to registers was 9,843. Births during the year were 1,716, number omitted in the previous years accounts 8, making a total of 11,567 including cattle of all descriptions and ages.

Of this, 1,210 were sold, 1,044 died, 13 struck off being double entries, leaving on the 31st March 1889, 9,300 on hand.

3. The sales including the 100 four year old steers sold to the Madras Government realized Rs. 29,732—14—0, *i. e.*, at the rate of Rs. 24—9—1 per head. The total revenue was Rs. 44,061—14—10 as per details below :—

Particulars.	Amount.			Remarks.
	Rs.	A.	P	
Amount of cattle sold to Madras Government	5,000	0	0	
Public auction	24,732	14	0	
Hides	1,031	10	4	
Kaval Terige	9,493	6	4	
Minor forest produce	1,794	11	6	
Tangadi	1,546	12	0	
Miscellaneous	385	2	8	
Missing cattle	77	6	0	
Total.....	44,061	14	10	

4. The arrears of the previous year amounted to Rs. 17,835—10—6 and the demand of the year plus this amount making a total of Rs. 61,897—9—4 was the sum to be collected. The actual collections however were Rs. 49,823—5—6. Rs. 1,063—4—8 were remitted and the balance Rs. 11,010—15—2 remained uncollected on the 31st March 1889.

5. The cost of the Department under all heads was Rs. 31,751—9—2 as shown below :—

Particulars.	Amount.		
Pay of Officer in charge and of Assistant	11,927	7	0
Do of Office Establishment	1,949	8	0
Do of Executive do	1,785	5	8
Do of Cattle do	11,132	6	8
Travelling allowance	2,033	10	2
Pay of Kavalgars	1,207	10	4
Do of Training Depôt	673	5	10
Silos	150	15	0
Contingencies	891	3	7
Total.....	31,751	9	2

6. Under "Silos" there is nothing particular to record.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Officer in charge, Amrut Mahal Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 21st September 1889.

READ THE FOLLOWING PAPER:—

The Annual Report of the Chemical Examiner to Government for the year 1888.

No. 5158—63, DATED 21ST SEPTEMBER 1889.

REVIEW THEREON.—The office of Chemical Examiner was held by Doctor P. H. Benson throughout the year 1888.

2. The total number of articles examined or analysed in the laboratory during the year was 140 against 142 in 1887. The number of medico-legal cases reported upon was 54, of which 49 were cases of suspected poisoning of human beings, and two of suspected cattle-poisoning. Of the total number of cases, arsenic was detected in 22, opium in 9 and dhatura in 2 cases

3. There were 3 cases in which articles suspected to be stained with blood were forwarded for examination as compared with 11 in the preceding year.

4. No samples of potable water were sent during the year for examination. Instruction will be issued to Deputy Commissioners to select and forward during their jamabandi tours large numbers of specimens for examination of the water drunk in outlying villages, especially in taluks liable to recurring attacks of cholera.

5. Samples of various kinds of articles were analysed for the Excise and other Departments of Government.

6. Doctor Benson suggests that restrictions should be imposed on the sale of arsenic. He makes the following remarks:—"As in previous years, so for the year under review, arsenic has been the most popular remedy used to cause death. It is to be hoped that restriction will be put upon its sale. If every vendor were compelled to keep a book into which the name of each purchaser of arsenic was entered, I think some good might result, as they would not buy it so readily, if it was known that their name was entered for the purpose of affording a clue hereafter. This would be very easy of application, and if it prevented only one person from buying arsenic for the purpose of committing murder, good would be done".

The restriction recommended may possibly produce some wholesome results, but there must be legislation on the subject.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.

PART I.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

Appeal No. of

Appellant.	*Vs.*	Respondent.
Garudachar, Kayamguttadar of Kadiragupp e, Bangalore Taluk.		Sanjivappa, Shanbhog of Kadiragupp e.

Dated, Bangalore, 19th September 1889.

Decision.

The dispute in this case is between the holder of an unsettled Kayamgutta village and the Shanbog, in regard to the payment of Miras claimed by the latter on account of the batayi lands of the village.

The claim is resisted by the Kayamguttadar principally on the ground that Respondent Sanjivappa had transferred the right he possessed as Shanbhog to his brother Venkatdasappa, and that the latter had forfeited the hak by reason of his having been convicted of dacoity.

It is true that, during a family partition, the Shanbhogship in dispute was allotted to Venkatdasappa's share, but no effect was given to that arrangement and no transfer has, as a matter of fact, taken place; and, in his deposition dated 26th November 1883, Venkatdasappa admits that the hak still rests in his brother. The record of the dacoity case has not been sent up, and there is nothing to show that Sanjivappa was even dismissed or deprived of his hak. The contention, that he is not the Shanbhog at present, is, therefore, untenable.

Equally inadmissible is the other objection put forward by the Kayamguttadar, that no Miras are payable on batayi lands in an inam village. The sale deed which the Appellant obtained from his predecessors in title, dated 11th November 1877, and the karar of 10th December 1883, executed to him by the Respondent, clearly provide for the payment of the Miras in question. Even in Government unsettled villages the Miras are allowed to Shanbhogs on account of batayi lands, at the rate fixed by the late Chief Commissioner's Proceedings, dated 27th May 1870, No. 1156—25. The Inamdar is also under the same obligation, there being no difference in the treatment of hereditary village servants, whether they belong to Government or alienated villages. This is clearly laid down in Dewan's Order No. 1345-P. 78, dated 27th May 1884.

The only question that remains to be determined is, what Miras should be paid by the Appellant to Respondent. They are not agreed as to the actual extent of the batayi lands. The Appellant gives the bijvari at 40 and the Respondent at 60 kandis. Striking a mean and computing the assessment at Rs. 5 per kandi the assessable value is Rs. 300, and, at one anna per rupee of assessment, the amount payable to the Shanbhog annually is Rs. 18—12—0. Appellant is directed to pay this sum, pending a detailed Survey which he is anxious to introduce into the village. Upon the introduction of the Survey and Settlement, the Respondent's remuneration as Shanbhog should be fixed in accordance with the scale adopted for Government villages.

"By Order,"

C. MADIAH.
Under-Secretary.

To—The Deputy Commissioner, Bangalore District, returning the Verracular Proceedings No. 5292—253, dated 19th September 1889.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

Appeal No. of

Venkatsubba Mudaliyar Petitioner.

Dated, Bangalore, 19th September 1889.

Decision.

The Petitioner, who is the owner of a Palya attached to Beratena Agrahara, Bangalore Taluk, complains that certain lands, set apart during Survey for free grazing, were granted to one Vedachalam Pille for planting purposes, thereby causing loss and inconvenience to Petitioner.

From the Vernacular proceedings submitted by the Deputy Commissioner, it appears that, during Survey Settlement, five numbers, measuring 54 acres and 13 guntas, were allotted as *Muffat* Kaval, and that three of them, measuring 39 acres and 25 guntas, were, on the application of Vedachalam Pille, assessed and given out for planting casuarina. The free pasturage having thus been reduced to 14 acres and 28 guntas, it is represented that it is insufficient for the requirements of the village and that some of the raiyats had, in consequence, deserted the Palya.

Vedachalam's darkhast was granted on the Amildar's report, that there was no objection on the part of the raiyats. The enquiry was, apparently, defective inasmuch as Petitioner, who is the principal land-holder paying the largest amount of kandayam and who formed the Palya in a bechirakh village, was not asked if he had any objection to the grant. As a member of the village community possessing a prescriptive interest in the lands which, prior to Survey, he had held on Hulgaval kandayam, and as having the largest interest in the village, he ought most certainly to have been consulted before the lands were granted to a perfect stranger. The grant having been made more than 2 years ago, the Government are unable to revoke it; but the Deputy Commissioner will be requested to see that some addition is made to the free pasturage of the village cattle, should any land be available for the purpose now or hereafter.

"By Order,"

C. MADIAH,
Under-Secretary.

To—The Deputy Commissioner, Bangalore District, returning Vernacular Proceedings No. 5230—276, dated 19th September 1889.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

Appeal No. of

Appellant.	*Vs.*	Respondents.
Bairappa, Minor, by his father and guardian Nagappa.		1. Subbanna. 2. Lingappa.

Dated, Bangalore, 19th September 1889.

Decision.

The Appellant's father Nagappa was, in 1887, convicted of cheating under Section 417, Indian Penal Code, and dismissed from the office of Patel. Two persons, named Subbanna and Lingappa, distant cousins of the Appellant, were appointed as Patels. The charge, which originally comprised three Government villages, was divided, and two of them Kodagadala and Bonnavadi, were given to Subbanna, and Lingappa was appointed Patel of Nanjapura. The Deputy Commissioner's order provides for Appellant succeeding Subbanna after the death of the latter.

The Appellant now asks for the registry of the three villages in his name and for permision to perform the duties by a Gumasta.

The Deputy Commissioner admits, in his order, that the circumstances connected with the conviction of Nagappa are not such as to justify the entire alienation of the hak from the Appellant's family, and as the persons now appointed are utter strangers, having no claim whatever to the office, it seems to the Government that, instead of suspending the Appellant's right for an uncertain and indefinitely long period, it would be a sufficient punishment if the Appellant's family be deprived of the office and its emoluments for a limited term of 12 years, after the expiration of which period the office will revert to the Appellant if he is found qualified for the same. The Deputy Commissioner's order appealed against will be modified accordingly.

"By Order,"

C. MADIAH,

Under-Secretary.

To—The Deputy Commissioner Tumkur District, No. 5232—171, dated 19th September 1889.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

Appeal No. of

Appellant.	*Vs.*	Respondent.
Malla Reddi.		The Jodidars of Hoskote Village, Pavagada Taluk, Tumkur District.

Dated, Bangalore, 25th September 1889.

Decision.

The Appellant Malla Reddi alleges that he is the hereditary Patel of Jodi Hoskote Village in the Pavagada Taluk of the Tumkur District, and, as such, is entitled to his Miras.

The Jodidars contend that there has been no Patel for the village for the past 70 years, that Appellant performs no duties and is, consequently, not entitled to any remuneration. They suggest that, if a Patel is considered necessary, one of them may be appointed to the office, as the village is small and the appointment of a stranger is undesirable.

The Deputy Commissioner dismissed the suit, observing that the Appellant failed to prove his right to the Miras, and that, if his appointment was made under the orders quoted in the margin, the remuneration has to be fixed by an executive order of Government.

No. 10011—R. 94, dated 23rd March 1876.
„ 8721—R. 33, dated 10th January 1878.
„ 618-23—R. 12, dated 24th April 1884.

The Deputy Commissioner has apparently misconstrued the orders quoted by him. They refer exclusively to the appointment of Patels in Inam villages for carrying on Police duties. Such appointments are honorary, and carry only such privileges and remuneration as may be specially conceded in each case. It is true that Appellant is not entitled to claim remuneration under the Sannad of 1879, as he is therein styled Honorary Police Patel, but he is not thereby debarred from claiming Miras, to which he may be entitled, independent of the Sannad, as the hereditary Village Patel.

Inamdars are bound by the same rules as would bind Government in regard to the remuneration of hereditary village servants. This is expressly laid down in the order of the 27th May 1884, No. 1345—P. 78, printed at page 65 of the Revenue Manual.

The case is, therefore, remanded to the Deputy Commissioner for further enquiry and disposal on the merits. If it be found that Appellant's family possessed and enjoyed the Pateli hak in dispute, the Miras claimed should be awarded to Appellant, according to such rates as may be allowable under the rules in force in Government villages.

"By Order,"
C. MADIAH,
Under Secretary.

FORESTS.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF SEPTEMBER 1889.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	A copy of a circular from the Government of India in the Revenue and Agricultural Department No. 800 F, dated 15th August 1889, directing that in para 19 of the Prospectus of the Dehra Dun School embodied in the Circular Resolution of that Department No. 14 F, dated 11th June last, Rs. 42 must be read for Rs. 24 as the average minimum monthly cost of a student of the Sub-Assistant Conservator class living in the native style, was forwarded to the Inspector General of Forests.—No. 4478—76.	4th Sep. 1889.	
2	The proposal submitted by the Inspector General of Forests of empowering some Shekdars to issue licenses for firewood to be cut in District Forests situated within their jurisdiction, was sanctioned tentatively.	10th do	
3	Sanction was accorded to the free grant of wood and bamboos valued at Rs. 135—8—0 to certain raiyats of the Dantarmakki village, Chikmagalur Taluk, to re-build their houses destroyed by fire.—Communicated to the Inspector General of Forests.	14th do	
4	In reply Messrs. A. Narainsawmi Mudaliar & Co. were informed that the free grant of wood for the construction of the proposed school building in Dickinsons Road in the Civil and Militaay Station of Bangalore, would virtually amount to a grant-in-aid for building under the Educational Code; that such grants-in-aid were restricted to school buildings within the jurisdiction of the Darbar, and that the proposed school being within the Civil and Military Station of Bangalore, application for any grant-in-aid should be submitted to the Resident.—No. 4963—102.	17th do	
5	It was notified for general information that firewood and charcoal felled or burnt on private or inam lands for *bonâ-fide* private use in the same village where such firewood or charcoal is felled or burnt might be removed without any free license; but that when it was removed to another place for sale or otherwise, it should be covered by a free license from authorized authority, and when the same was so covered it should be exempted from seigniorage.	Do do	
6	Sanction was accorded to the free grant of dead date trees valued at Rs. 54 to certain persons in the Doddagutta village of the Holalkere Taluk to enable them to re-build their houses destroyed by fire.—Communicated to the Inspector General of Forests.—No. 5217—87.	23rd do	
7	In reply, the Deputy Commissioner of the Kolar District was informed that the new seigniorage rules sanctioned by Government for each District cancelled the Proceedings of the late Chief Commissioner of the 6th September 1880, and the Public Works Department contractors must buy their firewood and could not be allowed to have the same free.—Communicated to the Deputy Commissioners of Districts and the Inspector General of Forests.—Nos. 5100—186, 5101-8—Cir. 130.	24th do	
8	A refund bill for Rs 10 submitted by the Inspector General of Forests, in favor of Mr. Clifford, being the excess amount paid by him on account of teak wood purchased, was sanctioned and forwarded to the Comptroller for audit.—No. 5240-1—88.	27th do	

OFFICE OF THE DEWAN OF MYSORE,

R. VIJAYINDRA RAO,
Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 17th October 1889.

READ THE FOLLOWING PAPERS :—

Docket from the Deputy Commissioner, Tumkur District, dated 10th June 1889, No. 97.
Proceedings of Government in the Educational Department, dated 2nd September 1889, No. 76-9, sanctioning the Establishment of an English school at Chiknayakanhalli.

No. 5939-50—CIR. 142, DATED 17TH OCTOBER 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Tumkur District for the year 1889—90.

Tumkur.

2. The receipts of the Municipality are estimated at Rs. 6,849 against Rs. 6,263 the actuals of 1887—88 as shown in the margin.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	2,283	2,000
II	Tax on houses ...	1,771	1,800
VII	Mohatarfa ...	1,573	1,600
VIII	Rents ...	138	140
IX	Fines ...	...	20
X	Miscellaneous ...	498	1,289
	Total.....	6,263	6,849

3. The decrease under I Octroi, which is in the two items "Cloth" and "Sheep and Goats" has not been explained.

There is nothing to justify the decreased estimate. The actuals of the first half of the year 1888—89 exhibit slight increase when compared with those of the corresponding period of 1887—88. The estimate will therefore be raised from Rs. 2,000 to Rs. 2,200.

4. The increase under II Tax on houses, VII Mohatarfa and VIII Rents is small and calls for no remark.

5. The increase under X Miscellaneous is chiefly in (*a*) "Sale of houses and lands" and (*m*) "Contributions." The former is stated to be due to the expected income from the sale of house sites in the proposed new extension of the town and the latter is on account of the Public Works Department mileage allotment for the maintenance of Provincial roads within the Municipal limits of the town. The estimate is approved.

6. The income as now estimated amounts to Rs. 7,049. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs. 10,500, of which Rs. 9,273 are proposed to be expended, leaving only a balance of Rs. 1,227 at the end of the current official year. The closing balance ought not, as a rule, be less than 25 per cent of the annual receipts. The proposed charges must therefore be reduced.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	279	363
III	Collection ...	...	90
IV	Conservancy ...	1,470	1,830
V	Police ...	1,671	1,686
VII	Lighting ...	142	500
VIII	Public Works ...	1,883	4,164
IX	Charitable Grants ...	120	140
XI	Miscellaneous ...	214	500
	Total.....	5,779	9,273

7. *Item II.*—The increase under this item represents the provision made for the horse allowance of the Municipal overseer. This was disallowed in para 6 of Dewan's Proceedings No. 4,121-33—117, dated 27th August 1888, and cannot be now sanctioned.

8. (*b*) *Item IV.*—An additional peon and 2 sweepers are proposed to be entertained. This cannot be sanctioned also, as funds available are insufficient.

9. The provision under III Collection has not been explained, which should be now done.

10. Under V Police the sanctioned provision for 1888—89 is repeated. This will be allowed to stand.

11. The increased estimate under VII Lighting said to be necessary to meet the charges noted in the margin, is the same as that sanctioned for 1888—89 and is passed.

	Rs.
(1) Contract amount of 32 lamps	300
(2) Purchase of new lanterns	150
(3) Contingencies ...	50
Total	Rs. 500

12. The provision under VIII Public Works includes the three following items :—

		Rs.
(1)	Repairing the Salem-Bellary road	800
(2)	Constructing market ...	839
(3)	Repairing Canarese School ...	125

13. The item (1) is probably the current year's expenditure for the maintenance of the Provincial roads within the Municipal limits of the town. If so it should be explained why Rs. 800 are provided on this account, while only Rs. 487 are entered on the side of receipts as the mileage allotment payable by the Public Works Department.

14. The 2nd item of Rs. 839 is the current year's allotment for the completion of vegetable market in the town, on which Rs. 1,500 are reported to have been spent up to the end of the past year. This is allowed to stand, as it is in accordance with the Dewan's Proceedings No. 708—9, dated 14th June 1888.

15. The last item of Rs. 125 is for the repair of the Canarese Taluk school in the town. This will be struck out as under the Government Proceedings in the Education Department, dated 13th May 1889, No. 12, all Taluk school charges have been transferred to the Provincial Educational Budget.

16. The provision made for constructing new drains will also be reduced from Rs. 400 to Rs. 200.

17. The increase under XI Miscellaneous which is chiefly in (*h*) "Other Items" is stated to be due to convict labor not being now available owing to transfer of convicts to the Central Jail in Bangalore and the consequent necessity of employing men for watering and planting trees by the side of roads and to the purchase of plants and tools. The estimate is approved.

18. No provision is entered for "Fairs and Festivals" in this and the Budgets of other Municipalities in the District. The omission should be explained.

Bellavi.

19. The income of this Municipality for 1889—90 is estimated at Rs. 376 against Rs. 374 the actuals of 1887—88. The estimate is fair and calls for no remark.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	140	140
VII	Mohatarfa ...	184	184
X	Miscellaneous ...	50	52
	Total.....	374	376

20. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 703, of which Rs. 580 are proposed to be expended during the year.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
IV	Conservancy ...	183	192
VIII	Public Works ...	184	378
XI	Miscellaneous ...	6	10
	Total.....	373	580

21. The increased provision under VIII Public Works is approved. The other estimates are fair and call for no remarks.

22. It is noted that no estimate is entered for the maintenance of Provincial roads passing through the Municipality nor is the mileage allotment entered on the side of receipts. The Deputy Commissioner is requested to state whether there are no such roads in the town and if so, why no estimates are entered on their account in this Budget. Similar information should also be furnished in the case of the marginally noted Municipalities also.

1. Koratagere
2. Gubbi
3. Chiknayakanhalli
4. Turuvekere
5. Huliyar
6. Pavagada
7. Huliyurdurga

Koratagere.

23. The receipts of the Municipality are estimated at Rs. 458 against Rs. 392 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	200	210
VII	Mohatarfa ...	132	142
VIII	Rents ...	...	20
X	Miscellaneous ...	60	86
	Total.....	392	458

24. The new provision of Rs. 20 under VIII Rents (*b*) gardens is justified by the actuals of the first half of the year 1888—89, during which period Rs. 11 were realized. The estimate is approved.

25. The increase under X Miscellaneous is due chiefly to the new estimate of Rs. 20 under "Sale of Manure." The estimate is passed.

26. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 981, of which Rs. 955 are proposed to be expended during the year, leaving a closing balance of Rs. 26, which is a great deal less than 25 per cent of the annual receipts. The charges must be reduced. The provision of Rs. 75 for the repair of the Taluk School will be struck out for reasons given in para 15 supra, and that under (*d*) drains original VIII Public Works reduced from Rs. 330 to Rs. 310.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	4	4
IV	Conservancy ...	228	324
VII	Public Works ...	358	525
XI	Miscellaneous ...	57	102
	Total.....	647	955

27. The provision under IV Conservancy is the same as that sanctioned for 1888—89 and is allowed to stand.

28. The increase under XI Miscellaneous is chiefly in (*h*) "Other Items" and is stated to be due to the employment of a gardener. It should be explained when the garden was planted and why the employment of a gardener has become now necessary.

Gubbi.

29. The estimated income of this Municipality is Rs. 1,402 against Rs. 1,358 the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	572	660
VII	Mohatarfa ...	539	570
IX	Fines ...	...	10
X	Miscellaneous ...	247	162
	Total.....	1,358	1,402

30. The increase under II Tax on houses, VII Mohatarfa or the new estimate under IX Fines has not been explained, which should be now done.

31. The decrease under X Miscellaneous is the result of a gross decrease of Rs. 176 in (*n*) "Other items" and a gross increase of Rs. 90 in (*a*) "Sale of houses and lands", (*d*) "Pounds" and (*g*) "Sale of manure." The estimates under (*a*) and (*d*) are based on the increased collections in the first half of 1888—89 compared with those of the corresponding period of 1887—88; and the increase in (*g*) is small. They are approved.

32. The decrease under (*n*) "Other items" should be explained.

33. Including the opening balance, the sum available for expenditure during 1889—90 is Rs 2,530, of which Rs. 2,433 are proposed to be expended during the year, leaving the closing balance at Rs. 97, which is considerably less than 25 per cent of the annual receipts. The charges must therefore be curtailed. The provisions under VIII Public Works will accordingly be reduced as shown below:—

Item.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office Charges.	7	7
III	Collection ...	48	48
IV	Conservancy ...	536	540
VII	Lighting ...	24	100
VIII	Public Works ...	1,545	1,462
IX	Charitable grants ...	14	154
X	Education ...	60	60
XI	Miscellaneous ..	60	62
	Total.....	2,294	2,433

		As provided.		As sanctioned.
(*d*)	Drains, repairs ..	350	...	300
(*h*)	Other works, original	200	...	...
	Total reduction Rs.			250

34. The provision of Rs. 48 under III Collection is on account of the allowance to the Shanbhog of the town for mohatarfa collections. This allowance was sanctioned in Dewan's Proceedings No. 4582-4—174, dated 23rd November 1887, with the remark that the Municipality would be relieved of this charge on the introduction of the "Pakka Potige" into the town. The Deputy Commissioner is requested to state whether the Potige settlement has been introduced and if so why the allowance should not be discontinued.

35. The provision of Rs. 154 under IX Charitable Grants is in accordance with the sanctioned scale of the Dispensary located in the town and is allowed to stand.

36. The provision of Rs. 60 under X Education is on account of grant-in-aid to the Mission school in the town and is sanctioned.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 17th October 1889.

Tiptur.

37. The estimated income of this Municipality for 1889—90 is **Rs. 4,866** against Rs. 2,388 the actuals of 1887—88. The decrease under II Tax on houses and the increase under VII Mohatarfa have not been explained. The new estimate of Rs. 50 under VIII Rents is probably on account of the expected income from the Municipal Garden for which Rs. 280 are provided on the side of expenditure under the head XI Miscellaneous (*h*) Other Items. The increase under X Miscellaneous is chiefly in (*a*) " Sale of houses and lands " (*f*) " School fees " and (*m*) " Contributions. " The large estimate under (*a*) is said to be due to the expected sale of building sites to be allotted. The provision will be retained, pending the issue of final orders on the Deputy Commissioner's letter No. 139, dated 3rd July 1889. The new item of Rs. 154 under (*f*) School fees is the estimated fee collections from the School, the establishment of which was sanctioned in the Proceedings of Government in the Educational Department, No. 99—102, dated 28th December 1888. The provision will be passed. The new estimate under (*m*) " Contributions ", which is on account of the mileage allotment payable by the Public Works Department for the maintenance of through Provincial roads and the amount payable by the inhabitants for the maintenance of the Town Police, is sanctioned.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	480	425
IV	Mohatarfa ...	621	685
VIII	Rents ...	...	50
IX	Fines ...	2	4
X	Miscellaneous ...	1,285	3,702
	Total.....	2,388	4,866

38. Including the opening balance, the sum available for expenditure during 1889—90 is Rs 9,725, of which Rs. 6,520 are proposed to be expended, leaving a balance of Rs. 3,205 available at the end of the year. As a rule the closing balance should not exceed 30 per cent of the annual receipts. It is of the utmost importance that the amount available should be spent as soon as possible on works useful to the inhabitants of the town, so that they may see and realize the benefits of the taxes they pay. The Deputy Commissioner is therefore requested to propose further allotment under VIII Public Works to the extent of Rs. 2,000.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office Charges.	9	9
IV	Conservancy ...	668	732
VI	Police ...	...	250
VII	Lighting ...	144	350
VIII	Public Works ...	3,083	4,422
IX	Charitable grants ...	91	130
X	Education ...	...	252
XI	Miscellaneous ...	98	375
	Total.....	4,093	6,520

39. The provision under V Police is said to be needed for the entertainment of 3 Constables at Rs. 6 each per mensem and Rs. 34 for contingencies and clothing amounting to Rs. 250. A similar provision made in 1888—89 was passed in para 9 of Dewan's Proceedings No. 4121-33—117 dated 27th August 1888, subject to the sanction of Government being obtained through the Inspector General of Police for the entertainment of the proposed Police in the town. The provision for 1889—90 will also be retained subject to the same condition. The Deputy Commissioner states that in view to meeting this charge partly, it is proposed to levy a contribution at the rate of two annas on every Rupee of Mohatarfa tax payable by the inhabitants of the town. This may be done if the people consent to the measure.

40. The increased provision under VII Lighting is said to be needed to meet the cost of the pay of the lamp lighter and of 10 new lamps and lanterns together with oil and contingencies. This will be allowed to stand.

41. The provision under IX Charitable Grants is in accordance with the scale sanctioned in Dewan's Proceedings No. 1877-88—44, dated 10th June 1889 and is approved.

42. The new provision under X Education is made to meet the charges of the English School recently sanctioned for the town in Proceedings of Government in the Educational Department No. 99—102, dated 28th December 1888.

43. The increased provision under XI Miscellaneous includes an item of Rs. 230 on account of Municipal garden in the town. The provision will stand, but the details of the expenditure proposed to be incurred should be given.

Maddagiri.

44. The receipts of this Municipality are estimated at Rs. 1,204 against Rs. 744 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	387	380
VII	Mohatarfa ...	277	285
IX	Fines ...	...	...
X	Miscellaneous ...	80	539
	Total.....	744	1,204

45. The increase under X Miscellaneous is in (*f*) "School fees" and (*m*) "Contributions". The former is not supported by the actuals of the first half of 1888—89 and is probably based on the expected increase in the fee collections in future. This and the provision under (*m*) Contributions on account of the mileage allotment payable by the Public Works Department will be allowed to stand.

46. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,306, of which Rs. 1,679 are proposed to be expended, leaving a balance of Rs. 627.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office Charges...	5	5
IV	Conservancy ...	310	456
VII	Lighting ...	...	60
VIII	Public Works ...	620	245
IX	Charitable grants ...	112	130
X	Education ...	...	354
XI	Miscellaneous ...	24	429
	Total.....	1,071	1,679

47. The provision of Rs. 456 under IV Conservancy, being the same as that sanctioned for 1888—89 will be passed.

48 The increased provision under VII Lighting is said to be needed for six lamp posts, oil, wick, &c. The provision will be retained.

49. The provision of Rs. 70 under VIII Public Works for the repair of the Taluk Vernacular school building will be struck out, as the charge is to be met from the Provincial Educational Budget.

50. The increased provision under X Education is in accordance with the scale sanctioned in the Educational Department for the English school in the town and is accordingly passed.

51. The increase under XI Miscellaneous, which is chiefly in (*h*) "other items" is stated to be necessary for the marginal charges. The provision made for catching monkeys seems to be excessive and the Deputy Commissioner is requested to see that no needless expenditure is incurred. The whole provision made will, however, stand.

	Rs.
Municipal garden ..	100
Catching monkeys ...	200
Tools, &c, and contingence	114
Total.....	414

Sira.

52. The income of the Municipality is estimated at Rs. 1,414 against Rs. 1,141 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	439	439
VI	Mohatarfa ...	452	453
X	Miscellaneous ...	250	522
	Total.....	1,141	1,414

53. The increase of Rs. 272 under X Miscellaneous is due to the gross increase of Rs. 295 in (*a*) "Sale of houses and lands, (*d*) "Pounds," (*g*) "Sale of manure," (*l*) "Notice and warrant fees" and (*m*) "Contributions" and to the gross decrease of Rs. 23 in (*f*) "School fees" and (*n*) "other items." The increase in (*a*), (*d*) and (*l*) is based upon the actuals of the first half of 1888—89, which show corresponding half of 1887—88 while the

new estimate under (*m*) "Contributions" is said to be on account of the Public Works Department mileage allotment for the maintenance of the Provincial roads within the Municipal limits. The decrease in the estimates under (*f*) "School fees" and (*g*) "Sale of manure" has not been explained. This should be now done.

54. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 6,202, of which Rs. 4,177 are proposed to be expended.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	6	6
IV	Conservancy ...	292	321
VIII	Public Works ...	401	3,032
IX	Charitable grants.	95	150
X	Education ...	267	225
XI	Miscellaneous ..	272	100
	Total	1,356	4,177

55. The estimate under IV Conservancy, which is the same as that sanctioned in the past year will be allowed to stand.

56. The provision of Rs. 20 made for repairing the building of the Taluk Vernacular school will be struck out, as it is a Provincial charge and the remaining sum of Rs. 3,312 under VIII Public Works sanctioned. The Government will be glad to sanction more works if necessary, as the closing balance is still large.

57. The increased estimate under IX Charitable grants which is the same as that of the past year will be passed.

58. The decrease under X Education has not been explained. The omission should be supplied.

59. The decrease under XI Miscellaneous, which is chiefly in (*h*) "Other items" has not been explained. The estimate will not however be disturbed.

Chikmagalooloor,

60. The estimated receipts of the Municipality amounted to Rs. 1,308 against Rs. 1,021 the actuals of 1887—88.

Items	Receipts.	Actuals of 1887—88.	Estimates for 1889—90
II	Tax on houses ..	425	450
VII	Mohatarfa ...	533	560
IX	Fines ...	...	2
X	Miscellaneous ...	63	296
	Total.....	1,021	1,308

61. The increase under X Miscellaneous is chiefly in (*a*) "Sale of houses and lands," (*d*) "Pounds" and (*f*) "School fees". The estimates in (*a*) and (*d*) are justified by the increased actuals of the first half of 1888—89 compared with those of the corresponding period of 1887—88 and are therefore passed. The receipts from (*f*) "School fees" is expected to be derived from the English * school proposed to be started in the town. The estimate is passed.

* Proceedings in the Education Department, dated 2nd September 1889, No. 76-9.

62. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,651, of which Rs. 1,778 are proposed to be expended.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	8	8
IV	Conservancy ...	445	540
VIII	Public Works ..	1,359	800
IX	Charitable grants ...	109	130
X	Education ...	...	250
XI	Miscellaneous ..	13	50
	Total.....	1,834	1,778

63. The increase under IV Conservancy and IX Charitable grants has not been explained, but as the estimates under these heads are the same as those sanctioned for 1888—89, they are approved.

64. The new provision under X Education is explained to be needed for the charges of the English school sanctioned in September 1889. It will be allowed to stand.

65. The increase under XI Miscellaneous which is chiefly in (*h*) "Other items" is not explained. The difference however

is small and the estimate will not be disturbed.

66. Considering the amount still available for expenditure, the Government consider that the provision of Rs. 800 under VIII Public Works against Rs. 1,259 the actuals of 1887—88 is small and must be supplemented. The Deputy Commissioner is requested to propose further allotments for useful works.

Turuvekere.

67. The income of this Municipality is estimated at Rs. 525 against Rs. 481 the actuals of 1887—88.

68. The increase under X Miscellaneous is chiefly in (*d*) "Pounds" and (*g*) "Sale of manure." The variations are not explained, but they are small and the estimates will not be disturbed.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	130	133
VII	Mohatarfa ...	120	116
IX	Fines	...	5
X	Miscellaneous ...	281	271
	Total.....	481	525

69. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,169, of which all but Rs. 21 are proposed to be expended. The charges must be reduced, as the closing balance ought not, as a rule, be less than 25 per cent of the annual receipts. The provision of Rs. 374 under VIII Public Works (*d*) Drains, original, will accordingly be reduced to Rs. 264.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	5	5
IV	Conservancy ...	228	228
VIII	Public Works —	474	854
XI	Miscellaneous ..	25	61
	Total.....	732	1,148

70. Under XI Miscellaneous (*h*) "Other items" Rs. 51 are provided against Rs. 15 the actuals of 1887—88. The necessity for this increased allotment has not been explained, which should be now done; meanwhile the current year's provision which is the same as that sanctioned for 1888—89 will be retained.

Huliyar.

71. The income of this Municipality is estimated at Rs. 306 against Rs. 277 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	...	...
II	Tax on Houses ...	107	120
VII	Mohatarfa ...	130	137
X	Miscellaneous ...	40	49
	Total.....	277	306

72. No estimate is entered under I Octroi, as the tax on cloth, the only dutiable article in the town, was abolished in Dewan's Proceedings No. 1221-9—30, dated 1st May 1886.

73. The estimate under the other items is fair and calls for no remarks

74. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 615, of which Rs. 614 are proposed to be expended, reducing the closing balance to Rs. 61 which falls short of the minimum limit of 25 per cent of the annual receipts by Rs. 15. To this extent the charges must be reduced. The provision under item VIII Public Works (*d*) Drains, original will accordingly be reduced from Rs. 150 to Rs. 105.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	4	4
IV	Conservancy ...	207	207
VIII	Public Works ...	205	298
IX	Charitable grants.	...	60
XI	Miscellaneous ...	25	45
	Total.....	441	614

75. The new provision of Rs. 50 under IX Charitable Grants is on account of the monthly contribution of Rs. 5 payable by this Municipality towards the cost of the Local Fund Dispensary recently sanctioned to be located in the town. The allotment, which is in accordance with the Dewan's Proceedings No. 7102-5—65, dated 11th February 1889, is passed.

Periyapatna.

76. The income of the Municipality is estimated at Rs. 465 against Rs. 348 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	122	125
VII	Mohatarfa ...	113	122
IX	Fines ...	...	4
X	Miscellaneous ...	113	214
	Total.....	348	465

77. The increase under X Miscellaneous is due to the income expected from each of the items, (*c*) "Sale of houses and lands" (*d*) "Pounds" and (*n*) "Other items" and to the new estimates under (*g*) "Sale of manure" and (*k*) "Amarayi". The estimate will be allowed to stand, but the Deputy Commissioner is requested to report from what source the receipts from (*k*) Amrayi are expected to be derived.

78. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 712, of which Rs. 666 are proposed to be expended, leaving a balance of Rs. 46 which is less than 25 per cent of receipts by Rs. 70. The provision under VIII Public Works (*d*) Drains, original will therefore be reduced from Rs. 194 to Rs. 125.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	3	3
IV	Conservancy ...	207	252
VIII	Public Works ...	250	335
XI	Miscellaneous ...	24	76
	Total.....	484	666

79. The increased estimate under IV Conservancy being the same as that sanctioned for 1888—89 will be retained.

80. The increase under XI Miscellaneous is due to the enhanced provision of Rs. 66 under (*k*) "Other items" on account of contingencies. The necessity for this increase has not been explained, which should be now done.

Kunigal.

81. The income of this Municipality estimated for 1889—90 is Rs. 988 against Rs. 854 the actuals of 1887—88. The increase under X Miscellaneous is in (*a*) "Sale of houses and lands," (*d*) "Pounds," (*f*) "School fees," (*g*) "Sale of manure" and (*m*) "Contributions". The increased estimate under (*a*) "Sale of houses and lands" which is of an uncertain nature, is probably due to the increased applications expected for house sites during the year. Those under "(*d*)" and "(*f*)" are based on the increased collections during the first half of 1888—89 compared with those of the corresponding period of 1887—88. The new estimate

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	253	250
VII	Mohatarfa ...	312	326
X	Miscellaneous ...	289	412
	Total.....	854	988

under (*m*) is an account of the Public Works Department mileage allotment for the maintenance of Provincial roads within the Municipal limits of the town and that under (*g*) is the expected income from the sale of manure. The estimate is passed.

82. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,501, of which Rs. 1,446 are proposed to be expended, leaving a balance of Rs. 55, which is less than 25 per cent of the annual receipts.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II	Head Office ...	6	6
III	Collection ...	48	48
IV	Conservancy ...	361	372
VII	Lighting ...	58	100
VIII	Public Works ...	850	440
IX	Charitable grants ...	104	130
X	Education ...	188	195
XI	Miscellaneous ...	138	155
	Total.....	1,753	1,446

83. The provision under VIII Public Works will be reduced as particularized bellow :—

		Estimates. Proposed.	Sanctioned.
(*b*).	Roads, original	100	0
(*c*).	Do repairs	320	228

84. Under III Collection, Rs. 48 are proposed on account of allowance to the Shanbhog of this town for collecting Mohatarfa tax. This allowance was sanctioned subject to the condition that it should cease on the introduction of "Pakka Potige" into the town, for which the Survey Superintendent submitted his proposal so far back as 2nd November 1887 with his No. 640. The Deputy Commissioner is therefore requested to state whether the Pakka Potige settlement has not yet been introduced, and if introduced, why this provision was not struck off the Budget.

85. The increased provision under IX Charitable Grants, which is half of that sanctioned in the District Fund Budget, will be passed.

86. The increased provision under X Education said to be needed for furniture to the school in the town will be sanctioned and the estimate allowed to stand.

87. The increase under XI Miscellaneous is in (*h*) "Other items", which consists of Rs. 100 for the Municipal garden in the town and of Rs. 50 for contingencies. The estimate is passed.

Huliyurdurga.

88. The income of the Municipality estimated for 1889—90 is Rs. 199 against Rs. 166 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	Tax on houses ...	88	100
VII	Mohatarfa ...	61	72
X	Miscellaneous ...	17	27
	Total.....	166	199

89. The increase under II Tax on houses and VII Mohatarfa has not been explained. The omission should be supplied.

90. The increase under X Miscellaneous which is chiefly in (*d*) "Pounds" is supported by the increased actuals of the first half of 1888—89 compared with those of the corresponding period of 1887—88 and is passed.

91. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 719, of which only Rs. 278 are proposed to be expended, leaving a balance of Rs. 441 at the end of the year, which is considerably in excess of the maximum limit of 30 per cent of the annual receipts. The amount available should be spend as soon as possible on works useful to the inhabitants of the town, so that they may see and realize the benefits of the taxes they pay. The Deputy Commissioner is therefore requested to submit his proposals to enchance the provision under VIII Public Works made in the Budget.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
IV	Conservancy ...	99	108
VIII	Public Works ...	100	150
XI	Miscellaneous ...	4	20
	Total	203	278

92. The increased allotment under XI Miscellaneous (*h*) "Other items" stated to be needed on account of contingencies is approved.

93. In future the president should see that the variations in each item of the estimate as compared with the actuals and previous year's estimate are fully explained in the column of remarks against each item.

94. With the foregoing remarks and subject to the explanations called for, the Budget Estimates of the several Municipalities of the Tumkur District are sanctioned as particularized in the accompanying Appendices A, B and C.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.
The Comptroller.
The Education Secretary.
The Senior Surgeon.
The Secretary in the Public Works Department.
The Inspector General of Police.
The Deputy Commissioners of other Districts.

READ THE FOLLOWING PAPERS :—

Again Docket No. 361, dated 18th July 1889, from the Deputy Commissioner, Kadur District, submitting supplemental budget estimates of the Kadur Municipality for 1889—90.

Docket No. 505, dated 22nd August 1889, from the Deputy Commissioner, Kadur, stating that the provision of Rs. 180 made in the supplemental budget on account of the conservancy cart, is for the hire of a cart with bullocks at Rs. 15 per mensem.

No. 5584-6—199, DATED 17TH OCTOBER 1889.

ORDER THEREON.—The supplemental budget submitted by the Deputy Commissioner amounts to Rs. 290, of which Rs. 110 on account of repairs to Taluk School in the town is debitable to Provincial Educational Budget for reasons stated in Proceedings No. 4186-9—440, dated 28th August 1889.

The balance of Rs. 180 stated to be needed on account of the hire of a cart at Rs. 15 per mensem is sanctioned as a supplemental grant to the current year's budget of expenditure for Kadur sanctioned in Government Proceedings No. 2577-89—95, dated 18th July 1889.

R. VIJAYINDRA RAO,
Chief Secretary.

READ THE FOLLOWING PAPER:—

Docket from the Deputy Commissioner, Shimoga District, dated 8th August 1889, No 297—271, proposing certain alterations in the current year's Municipal Budgets of the District, sanctioned in Proceedings of Government, dated 7th August 1889. No. 3428-39—80.

No. 5619-22,—180, DATED 17TH OCTOBER 1889.

ORDER THEREON—Under Para 2 of Proceedings of Government, dated 13th May 1889, issued in the Educational Department, the marginally noted provisions for repair, &c., of Taluk schools applied for by Education Secretary in his Docket to the address of the Deputy Commissioner, dated 1st May 1889, No. 357, have to be made in the Provincial Educational Budget and not in the Municipal Budget. The sums already provided in the Municipal Budgets on account of the Taluk schools will have to be utilized for other purposes.

Number.	Name of Municipality.	Provision.

(8.) Circular No. 2188—91—61, dated 3rd July, to the Deputy Commissioners of Districts except Tumkur.

—

No. 5640-9—Cir. 137, DATED BANGALORE, 18th OCTOBER 1889.

ORDER THEREON.—In the Local Fund Budgets of the Tumkur and Shimoga Districts for 1887—88, the Deputy Commissioners provided Rs. 500 and 300 respectively for the feeding and diet of in-patients in the Local Fund Dispensaries. The Deputy Commissioner of Tumkur explained that the provision was made with the object of feeding in-patients in Dispensaries only in those places in which there are no Muzarayi Chattrams, as in these localities private charity cannot be depended upon and the sick experience much difficulty. The provisions made were retained in the Budget, but before authorizing the Deputy Commissioner to incur the expenditure, the Deputy Commissioners of the other Districts were called upon to report generally upon the desirability of feeding in-patients in Dispensaries. The letters recorded above are in reply.

2. The Deputy Commissioner, Bangalore, *reports that for the feeding of in-patients, where there are no Muzarayi Chattrams and private charity is not forthcoming, a provision of Rs. 500 in the Local Fund Budget is desirable.

*No. 362, dated 16th August 1889.

3. The Deputy Commissioner, Kolar, *reports that the Hospital at Kolar alone is provided with sick wards and beds, the cost being debited to Municipal and District Funds, that no such accommodation exists in other places; that the desirability of furnishing the Chikballapur Dispensary with a few beds for the benefit of the poor travellers attending for medical aid was brought to the notice of Government in his Revenue Administration Report for 1887—88, and that in his opinion, provision should be made for the accommodation of poor persons in need of *State* help. He adds that the cost on account of this item in the towns of Mulbagal, Bowringpet and Malur can be met from the monthly allowance of Anna Chattrams in them and that in the other places (excepting Kolar) which have no feeding houses, Government or private, the charges will have to be defrayed from District Funds entirely, as the Municipalities concerned are too poor to bear the charge.

*No. 1119—183, dated 12th July 1889.

4. The Deputy Commissioner, Mysore, *reports that the question was discussed at a meeting of the Local Fund Board on 29th January 1889, and with their approval provision was made in the current year's Budget of the District for the diet of 2 in-patients at each Dispensary at a monthly cost of Rs. 10 each.

*No. 429, dated 8th September 1889.

5. The Deputy Commissioner of Hassan * reports that the proposal was discussed before the Local Fund Board of the District, who were of opinion, that provision should be made for this item. The Budget for 1889—90 accordingly provides Rs. 150.

*No. 186, dated 8th July 1889.

6. The Deputy Commissioner of Shimoga * reports that during the past year Rs. 32—12—0 were expended in feeding in-patients in the Dispensary at Sorab and the amount was, under orders from this office, charged to Local and Municipal Funds. He states that in Honnali, Shikarpur and Tirthahalli there are feeding Chattrams, but the Muzarayi allowances allotted to them are not sufficient to defray the legitimate expenses of those institutions. There are no Chattrams at Channagiri, Sorab, Sagar and Nagar. In the current year's District Fund Budget, a provision of Rs. 200 is made for feeding in-patients in the Dispensaries of the District.

* No. 231—208, dated 12th July 1889.

7. The Deputy Commissioner, Kadur, *reports that a small provision on this account is necessary and brings to notice that in one or two cases the Hospital Assistants fed some miserable patients at their own cost.

*No. A—8, dated 8th July 1889.

8. The Deputy Commissioner, Chitaldroog District, * reports that the proposal to feed the poor sick in patients in Local Fund Dispensaries is doubtless good and philanthrophic, but the buildings, where the Dispensaries are located, are small and were not intended to admit in-patients. In cases of extreme poverty, however, he thinks some arrangements may be made to accommodate 1 or 2 patients at a time.

*No. 137—124, dated 7th July 1889.

9. The Government observe that Local Fund Dispensaries are intended only for out-door patients, but in cases of extreme poverty and urgency, they have no objection to a few patients being fed at the cost of the Local Funds, they being admitted as in-door patients if space be available for them in the Dispensary buildings. The Deputy Commissioners will accordingly be authorized to make a small provision in their future Budgets on account of this charge. For 1889—90, the Deputy Commissioner of Mysore provides Rs. 1,560 for 13 Dispensaries besides Rs. 390 on account of the cost of cots. The provision is excessive and will be reduced to Rs. 325 at Rs. 25 for each Dispensary. No cots need be purchased. The provision of Rs. 500 made in Tumkur for 10 Dispensaries will be reduced to Rs. 250 and the provisions of Rs. 200 and 150 made in Shimoga and Hassan for 8 and 6 Dispensaries respectively will be passed. The charges must be incurred with great caution only in cases of extreme urgency.

R. VIJAYINDRA RAO,
Chief Secretary.

The Senior Surgeon.
The Comptroller.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 1st October 1889.

READ THE FOLLOWING PAPER :—

Report on the Revenue Administration of the Chitaldroog District for the year 1888—89.

No. 5289—116, DATED 1ST OCTOBER 1889.

REVIEW.—The Chitaldroog District was during the year 1888—89 administered by Mr. Mahommad Ali (retired) for the first three months and by the present Deputy Commissioner Mr. Venkatvaradaiengar. The Assistant Commissioners were Messrs. Raghunatha Rao, Narasimmaiengar, Narayanaiengar and Tirumalachari. The District Treasury was as before in the charge of the Munsiff Mr. Tirunaranachar, B. A., B. L.

2. The season on the whole is reported to have been a fair one in an agricultural point of view. Rain not copious, nor seasonable, but sufficient to produce a 12 anna crop which the Deputy Commissioner calls a "satisfactory" crop. This District seldom suffers from an excessive rain-fall. The fall for the year was from 30 in. 18½ c. in Holalkere to 15 in. 71 c. in Hiriyur, giving an average for the whole District of eight Taluks, of 25 in. about ; this was of course better than the 19½ in. of the year 1887—88. Fodder and drinking water were sufficient. State of health in the year is reported to have been "generally good." Fever in "a somewhat aggravated form" prevailed in Hiriyur and Challakere ; and cholera in Harihar and Hiriyur. Births show an increase, 10,534 against 10,305 in the year 1887—88. Cattle has also done well, there is an increase under every head.

Years.	Cows and Bullocks.	Buffaloes.	Horses.	Ponies.	Donkeys.	Pigs.	Sheep and Goats.	Carts.	Ploughs.	Boats.
1887—88 ...	258,207	63,679	313	1,647	4,462	9,067	297,428	8,406	56,714	2
1888—89 ...	261,543	67,615	330	1,658	4,579	9,050	311,974	9,205	57,831	4
Increase ...	3,336	3,936	17	11	117	...	14,546	799	1,117	2
Decrease ...	...	...	...	...	...	17	...	...	...	...

3. The revenue of the year was Rs. 8,28,667 against Rs. 8,11,347 of the previous year, showing an increase of Rs. 17,320. This is due chiefly to the extent (51,644 acres) of fresh land taken up for cultivation. Particulars are as shown below :—

	Extent.		Assessment.		
	Acres.	Guntas.	Rs.	A.	P.
Wet	1,377	...	3,548	...	...
Dry	49,587	...	15,525	...	...
Garden	680	...	2,810	...	...
Total.....	51,644	...	21,883	...	...

The following Taluks contributed materially towards the increase :—

Name of the Taluks.	Dry.		Wet.		Garden.	
	Area.	Assessment.	Area.	Assessment.	Area.	Assessment.
Challakere	17,469	3,751	772	1,912	454	2,010
Davangere	8,063	4,180	43	152	27	197
Holalkere	5,309	2,671	162	381	42	242
Chitaldroog	5,053	1,904	130	420	10	43

"Earth salt" shows an increase due to 122 new pans newly worked in the year: the Deputy Commissioner's attention is drawn to the orders prohibiting manufacture of this salt within five miles of the British frontier. There is a slight increase, Rs. 662, under Mohatarfa revenue from new looms, shops and carts and a fall under sayer from the partial failure of supari crops.

4. Under Forest there is an increase of Rs. 6,944 under items—

(1) Seigniorage on firewood,
(2) License fee on Tangadi bark.

5. There were also resignations of holdings to the extent of 20,680 acres assessed at Rs. 8,230. They were chiefly in the following Taluks :—

Name of Taluks.	Dry.		Wet.		Garden.	
	Area.	Assessment.	Area.	Assessment.	Area.	Assessment.
Challakere	13,680	3,042	152	397	188	802
Davangere	1,391	851	36	95	27	165
Holalkere	1,436	781	56	113	18	88

6. The demand for the year was Rs. 8,28,667, the arrears of previous years amounted to Rs. 20,870, amount collected in the year Rs. 8,38,321, and remitted Rs. 3,120, leaving thus a balance of Rs. 8,096 at the year's end. The collection work has been very well done. The Deputy Commissioner's report does not mention the number of coercive proceedings issued and the amount involved in them ; this ought to be an important item in the report and information regarding it should not be omitted in future reports.

7. Under "Resources of the District" the Deputy Commissioner says that they are "humble" and adds that nevertheless the District did well in the Agricultural and Industrial Exhibition held in October 1888. The following prizes were awarded to the District :—

In Cereals.—Paddy, Ragi, Great millet, Wheat, Italian millet, Little millet, Spiked millet, Bargu and Oil-seeds.

Minerals.—Copper, Antimony, Silver and Iron.

Manufactures.—Sculpture, Brass work, Kamblis, Leather, Silk and Cotton cloths.

The above list is very respectable and very creditable to the District, which there is every hope will do better in future exhibitions.

8. Under Education it is satisfactory to note that the Hobli schools are being appreciated, and that the schools on the whole are doing well: frequent inspections by Amildars and by Assistant Commissioners and the Deputy Commissioner when duty takes them to the school-stations would materially improve the attendance in the schools, and put the masters on their guard, who in some of the schools are reported to be very indifferent men.

9. Under Police, the Deputy Commissioner reports that the District had a "secure year," and that there were not many serious crimes with the exception of a few dacoities committed by a gang (since arrested) of bad characters on the Bellary High road.

10. *The Public Works.*—The Deputy Commissioner states that the raiyats of the District are "willing" people and that the tank policy of the Government of getting earthwork done by the raiyats, the Government doing the stone and masonry work is "having its due measure of success": this is gratifying. The quantity of earthwork executed by the raiyats is estimated at Rs. 10,400.

11. The District has very little valuable forest, the two reserved forests (Malebennur and Jogimatti) are of minor importance; not much timber is expected from them; but good fuel, which in consequence of the 55 miles of the Railway line running through the District, will be very valuable. In the way of plantations, the Shekdars and Amildars, it is reported, have been directed to get up plantations of sandal and other valuable trees in or near their head-quarters under their personal supervision and that the servants of the Traveller's Bungalows have been instructed to sow sandal seeds along the hedges of the Bungalow compounds. The Deputy Commissioner's attention is drawn to the order of the (late) Chief Commissioner on this subject. The dry climate of the District, the poor soil and scarcity of water are, however, great obstacles to overcome. The existing avenues and village topes are reported to be doing well.

12. "Wild animals" are not a source of great trouble in this District; two tigers, six panthers, and one wolf were killed during the year: the rewarded amount in consequence was only Rs. 106.

13. The Chitaldroog minerals are yet to develope, the gold-bearing tracts have been surveyed and the blocks are capable of fair identification: no working has commenced. The principal mineral now worked is iron to the amount of 4,575 maunds.

14. Under Manufacture and Trade, there is nothing new to record. The export trade for 1888—89 is valued at Rs. 14,19,875 and the import trade at Rs. 19,18,674. The Railway which runs now through the busy and trading tracts of the District will, there is little doubt, materially improve manufacture and trade.

15. The report under review omits mention of the following points:—

1. The condition of Trigonometrical pillars,
2. Arrangement and inspection of Taluk records, and
3. Condition of Tanks.

16. The Revenue Administration of the District has been on the whole satisfactory.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Chitaldroog District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 11th October 1889.

READ THE FOLLOWING PAPER :—

Letter No. 277, dated 27th September 1889, from the Inspector General of Registration, submitting report on the operation of the Registration Department in Mysore for the year 1888—89.

No. 5346—575, DATED 11TH OCTOBER 1889.

REVIEW THEREON.—The report shows increased activity in the Department. Total number of documents registered was 25,045 against 22,045 of the previous year: Bangalore and Mysore contribute, as usual, chiefly to this increase. There is no doubt the public appreciate the benefits of registration: the number of documents optionally registrable is steadily increasing from 8,460 in 1887—88 to 9,755 in 1888—89. The large majority of transactions relate to "Sales and Mortgages." "Wills and Authorities to adopt" still show very low figures.

2. The aggregate value of property transferred by registered documents was Rs. 64,41,367 against Rs. 60,24,761 in the year previous.

3. Two hundred and two orders of refusal were passed during the year against 226 of 1887—88: in 87 cases the refusal was on the ground of "Minority of executants"; in 25 cases, on account of non-appearance of executants; in 55 cases, on the ground of "denial of execution" and in 13 cases, because of the "failure to pay the prescribed fees."

4. Most of the documents presented were registered within two days of their receipt; the delay in the other cases is explained.

5. A great part of the inspection work was done by the District Registrars and the Assistant Commissioners during the jamabandi season. The Inspector General of Registration inspected 3 Registry and 16 Sub-Registry Offices in the year.

6. Receipts for the Department amounted to Rs. 56,581—3—10 against Rs. 53,459—8—3 in the year previous, while the expenditure was Rs. 29,357-13-11 against Rs. 26,233—6—0 of 1887—88.

R. VIJAYINDRA RAO,
Chief Secretary.

c—The Inspector General of Registration.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 22nd October 1889.

READ THE FOLLOWING PAPER :—

The Report on the Working of Hospitals and Dispensaries in Mysore for the year 1888.

No. 5711-19—CIR. 138, DATED 22ND OCTOBER 1889.

REVIEW THEREON.—The report on Special Hospitals will be reviewed separately.

* Lunatic and Leper Asylums.
Maternity at Bangalore.
Do in Mysore.

2. The total number of Hospitals and Dispensaries (other than those mentioned in para 1) at the beginning of the year 1888 was 59. Eighteen new Dispensaries were established during the year as shown in the margin raising the number to 77 at the end of the year. Almost every taluk now has a Dispensary though in the Tumkur and the Kolar Districts, these may be located a few more and likewise in the unhealthy tracts of the Chitaldrug, Shimoga and Kadur Districts. Three of the 77 institutions were in class I (Hospitals with attached Dispensaries), 6 in class II (Dispensaries with attached Wards for the reception of in patients), and 68 in class III (Dispensaries without accommodation for in patients).

Devanhalli	Sidlaghatta.
Nelamangala.	Gundlupet.
Kasaipalli.	Malvalli
Goribidnur.	Tirumakudlu Narsipur.
Bowringpet.	Attikuppa
Chintamani.	Hunsi
Mulbagal	Jagalur.
Gudibanda.	Harihara.
Madur.	Challakere

3. The total admissions of both classes of patients, in door and out-door, in the different institutions during 1888, and the previous four years were as follows:—

	In-patients treated.	Out-patients treated.
1884	3,284	231,538
1885	1,976	236,398
1886	1,930	282,075
1887	2,629	316,572
1888	2,766	371,289

The increase in the number of both the classes of patients was due mainly to the larger number of institutions that worked during the year as compared with the previous year. The Senior Surgeon adds as his opinion that the increase is also due to the increasing popularity of these dispensaries and the appreciation of them by the people.

4. Of the 374,055 patients treated in the several institutions, 189,934 were men, 73,842 were women and 110,279 were children.

5. The statistics according to race or nationality were 1,569 Europeans, 1,660 Eurasians, 93,468 Muhammadans, 251,310 Hindus and 26,048 others.

6. The death-rate among in-door patients was 78·45 per 1,000 against 85·5 in 1887. The principal causes of mortality were dysentery and diarrhœa, fevers and respiratory affections. There were 364 admissions of cholera patients and

onehundred and twenty-eight of them belonged to Shimoga and Tumkur. Cases of cholera throughout the Province were —

			Attacks.	Deaths.
District of	Bangalore	..	..	1
Do	Tumkur	..	..	..
Do	Kolar	..	170	119
Do	Mysore	..	..	..
Do	Hassan	..	95	66
Do	Shimoga	..	..	..
Do	Kadur	..	175	158
Do	Chitaldroog	..	..	..

The Senior Surgeon reports that the epidemic was traced to the pilgrims who returned home from the Tripati festivals. As much attention as was possible was paid to quarantine and other preventive measures, but the medical officers had to contend against several difficulties, natural indifference of villagers to sanitation; free use of any kind of water for drinking purposes; and unwillingness to take Hospital medicine, &c. Under fever as usual were the largest admissions.

7. No explanation is given of the decrease under "Out-patients" of the following institutions:—

Petta Branch	Dispensary.	Shimoga	Dispensary.
Maddagiri	do	Honnali	do
Mysore Fort	do	Shikarpur	do
Seringapatam	do	Yedahalli	do
Nagamangala	do	Hariharpur	do
Saklespur	do		

It is hoped that this was not due to want of proper attention to the patients from the Hospital Assistants in charge of these institutions.

8. The total number of major surgical operations was 219 against 151 in the previous year. Complete cures were effected in 185 cases. Eight patients died under surgical operations. There were 8,697 minor operations during the year.

9. The total expenditure was Rs. 1,00,382 which exceeded the amount of 1887 by Rs. 20,227. The increase was due partly to the large number of Dispensaries opened during the year, and partly to enhanced rates of pay drawn by Hospital Assistants on promotion to higher grades.

10. Of the 77 Hospitals and Dispensaries, 5 were visited by the Civil Surgeons daily or frequently, 7 twice, 22 once, and 40 were not inspected at all during the year.

11. It is gratifying to note that much interest is evinced in sanitation by the Assistant Surgeons and Hospital Assistants in charge of Dispensaries, and that the Senior Surgeon encourages them in this direction as in all other professional matters. It is obvious however, that no great improvement can be effected, unless their endeavours are seconded by District and Taluk officers; the Government trust that this co-operation is not wanting.

12. The Sanitary Commissioner reports that sanitation in Kankanhalli, Kolar, Bagepalli, Gudibanda, Tiptur, Pavagada, Hunsur, French-Rocks, Haggaddevankote, Chamrajnagar and Holé-Narsipur is very indifferent. The attention of the District and Taluk officers concerned is directed to the importance of improving the conservancy of these stations.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.
The Deputy Commissioners of Districts.

READ THE FOLLOWING PAPER :—

Report on the Revenue Administration of the Shimoga District for the year 1888—89.

No. 5847—190, DATED 30TH OCTOBER 1889.

REVIEW THEREON.—The Deputy Commissioner reports that in some instances the breaking up of large Survey numbers has been carried out; but that the raiyats are dissatisfied because the Survey Department has directed that no applications for such sub-division of large numbers shall be received after the Huzur Jamabandi of 1887—88: the Deputy Commissioner evidently considers the dissatisfaction reasonable. The Survey Department will, under the peculiar circumstances of the Malnad tract, extend the period by another two years or three. Mr. Madhava Rao will issue strict instructions to the Taluks to have all applications registered as early as possible. There must be a limit to the period, and as the raiyats have been now given plenty of time, there can be no reasonable excuse hereafter for failure to present applications in the prescribed time.

Para 2.

2. Small progress is reported under "ulvé cultivation" under the rules of September 1887: only 32 acres and 29 guntas of unassessed waste land were taken up in the Taluks of Sagar and Tirthahalli, and in the Taluks of Channagiri, Sorab and Sagar, only 28 acres and 10 guntas of abandoned gardens assessed at Rs. 416—12—0.

Para 4.

3. Rain-fall was ample and seasonable in the year 1888—89; the prices of food grains however did not compare favorably with the prices of the two previous years.

Paras 7, 8, 9 and 10.

		1886—87.	1887—88.	1888—89.
Rice per rupee	Seers ...	12 to 15	13 to 20	12 to 15
Ragi	do ...	28 to 54	22 to 80	30 to 47
Javari	do ...	28 to 37	24 to 60	25 to 30
Horse-gram	do ...	16 to 32	15 to 38	20 to 24

Under "Stock," "cows and bullocks" show a fair increase; 462,820 against 436,995 of 1887—88, while under "sheep and goats" there is a fall; 49,060 against 54,641. Loss of cattle was 18,597 against 30,001 in the previous year. about half of this loss was due to murrain, foot and mouth disease: 1,117 were killed by wild beasts and 8,019 died from natural causes.

4. Under Horticulture, the report describes the present condition of the Maharaja's Park in the District Head-quarters. Every effort is being made to improve it and make it flourishing, but the condition of the soil is much against any great success.

Paras 11 to 16.

5. The gold mining industry is almost nil: there has been, during the year, some prospecting and examining of the land; but nothing besides. The number of iron forges has also decreased considerably: there were 88 forges in 1883—84; the number was 84 in the subsequent year; it rose in 1885 to 89; in 1886 there was the same number; in 1887 it fell to 73 and in 1888—89 it stood at 57 and the Deputy Commissioner apprehends the total collapse of this industry and explains that it is due to the prohibition by the Forest Department of the free use of green Jambe by the manufacturers: the Inspector General of Forests will submit his views on this point as early as possible.

Paras 17 to 19.

6. Under manufacture and trade, there is nothing particular to note.

7. Under "Forest," the revenue was Rs. 2,97,390—7—5, showing a decrease of Rs. 68,246—12—4 as compared with the figures for the previous year. Loss of Rs. 47,789—12—8 under "Timber sales" is only nominal, being due to transfer of Lakvalli Forest from the District of Shimoga to that of Kadur. Loss under sandalwood Rs. 20,394—9—5 was due to short collections at the Tirthahalli koti: no explanation is given for this short collection: a small decrease under "kan assessment" was due to resignations of some of the kans; and the loss under "tax on iron forges" was due as explained to the smaller number of forges worked during the year.

Paras 22 to 28.

8. There were altogether 444 licenses issued to traders for the removal of wood, bamboos, firewood, charcoal and tangadi bark, &c., representing in the shape of fees to Government Rs. 8,941—1—4 against 469 licenses with Rs. 7,941—2—0 fees for the year 1887—88 and against 265 licenses with Rs. 6,524—2—0 fees for the year 1886—87. The number of free licenses issued in 1888—89 was 429 for removal of wood and bamboos to the value of Rs. 7,940—8—0.

Paras 29 and 30.

9. "Plantation" under the supervision of Revenue authorities is yet in a state of infancy. The one near the town of Shimoga is apparently on good soil and much care has been bestowed on it: the other four plantations (Honnali, Shikarpur, Sagar and Tirthahalli) are small and have proved failures as regards "Sandal".

Paras 32 to 36.

10. The District Fund Budget grants as finally modified were Rs. 48,850 under original works and Rs. 37,921 under repairs. Outlay under both the heads was Rs. 45,486 and Rs. 36,262 respectively; there was thus lapse of Rs. 5,023 which is not explained.

Paras 37 and 38.

11. It is gratifying to note that a sum of Rs. 2,761 has been spent in either constructing new wells or in improving the existing wells for the supply of pure drinking water to the people.

Para 39.

12. There has been a fair amount of tank inspection work done by the Amildars checked by the Deputy Commissioner and his Assistant Commissioners: in the Shimoga, the Shikarpur and the Channagiri Taluks, the raiyat's earthwork is estimated at Rs. 2,760, 4,145 and

Paras 40 to 46.

241, respectively, this is exclusive of the cost of clearing the tank bunds of jungles, &c: this is very satisfactory. The following statement gives further details:—

Comparative Statement showing the Earthwork carried by raiyats, &c.

Taluk.	1886—87.						1887—88.						1888—89.										Total.

13. The Jamabandi of 1888—89 was Rs. 21,74,645—4—6 against Rs. 21,91,887—6—11 of the previous year, showing a fall of Rs. 17,242—2—5. The fall was chiefly under item "Forest" which has already been explained: while under items "Land Revenue" (Rs. 9,921—14—5), Mohatarfa (Rs. 791), Sayar (Rs. 2,078—9—10½), Salt pans (Rs. 75) and Stamps (Rs. 5,694—8—6), there has been a rise: the increase under Land Revenue and Sayer was due to extension of cultivation and larger export of supari.

Paras 53 to 69.

14. The outstanding balance at the end of March 1889 was Rs. 96,865—5—4; of this sum, Rs. 17,186—5—8 were collected by the end of April, leaving still a balance of Rs. 79,678-15-8 for collection. This is not satisfactory.

Para 70.

15. Deaths numbered 12,322 against 12,056 in the year 1887—88. Under fever there were 6,029 deaths; small-pox comes next, (1,029 deaths); and cholera, the third (572 deaths). Shimoga, Honnali and Shikarpur suffered severely from this epidemic, brought in, it is said, by the pilgrims from Tirupati. Births registered during the year were 11,676, showing a slight increase (1,021).

Paras 75 to 84.

Under Sanitation, the only important work engaging the attention of Government is the drainage and water-supply of the town of Shimoga which the Municipality is unable to take in hand from want of funds. The aid of Government has been solicited and the subject is under consideration.

16. The District has 9 Dispensaries and 1 Hospital, and the number treated in them for the year under review was 40,240 against 37,663 of the year 1887—88. The increase is evidence of appreciation of the European method of treatment of diseases. The Deputy Commissioner and his Assistant Commissioners, who inspected a good number of these institutions during the year, report that they are well kept: due attention is being given to vaccination as well.

Paras 85 to 91.

17. Under Education, it is satisfactory the progress of previous year is kept up. Drawings of Belagavi and other temples of interest have been completed, forming a valuable contribution to archæology.

Paras 92 to 100.

18. Majority of bándhs inspected are reported to be in good condition; likewise the avenue trees.

Paras 110 to 114.

19. The report of the Shimoga District is a full and detailed account of its administration for the year 1888—89, and the Government have read it with interest.

R. VIJAYINDRA RAO,
Chief Secretary.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF OCTOBER 1889.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

NOVEMBER 1889.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	Petition No. 703, dated 20th June 1889.	5th Nov. 1889.	
	Appellant. Kempashanegauda of Taradi koppa village, Kunigal Taluk, Tumkur District.		
	Appeal against the order of the Deputy Commissioner dated 9th March 1889, disallowing Appellant the use of a well situated in his survey No 1.		
	The points at issue were whether the well in question was situated in the Appellant's land, and whether it was sunk by the Appellant or by Government for public use and whether the picotta erected by Appellant prevented public from drawing water.		
	Decided that Government do not think it advisable to cancel the Deputy Commissioner's order.		
	Petitioner referred to Civil Courts to establish his right to the well, he in the meantime using as usual the well water for his garden crops without erecting a picotta.		
	Copy forwarded to the Deputy Commissioner of the Tumkur District.—No 6283—210.		
2	Petitioner Chikka Timma Vs, Haligegauda of Hilegehalli, Magadi Taluk.	26th do.	
	Bangalore Deputy Commissioner's letter No. 774, dated 10th January 1888, requesting sanction to cancel the illegal transfer by Eerah to Haligegauda of the patta of certain lands held in the village of Gattipur, Magadi Taluk, by Chikka Timma.		
	The points at issue were whether Eerah the transferer was competent to effect the transfer and the Razinama tendered by him in favor of Haligegauda was genuine.		
	Decided that the lands referred to be registered in the names of the Petitioner Chikka Timma and his brother Eerah.		
	Transfer of patta to Haligegauda cancelled and Petitioner referred to Civil Courts to recover possession of the land.		
	Communicated to the Deputy Commissioner of the Bangalore District.—No. 6657—348.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 18th December 1889.

READ THE FOLLOWING PAPERS :—

From the Dewan of Mysore, To the Chief Judge in Mysore, General No. B, dated Mysore, 9th October 1889.

I have the honor to forward herewith, for the information of the Chief Court, the accompanying file of papers relating to the recent strike of shop-keepers in Mysore. It appears from these papers that the conduct of Mr. M. Dee, Advocate practising in Mysore, in connection with the strike and in the Proceedings he conducted before the President and Vice-President, has been such as to call for investigation and I shall be obliged by the Chief Court taking such action as they may deem necessary.

From the Chief Judge of Mysore, To the Dewan of Mysore, No. 5069—153, dated Bangalore, 11th November 1889.

In reply to your letter of the 9th October last, I have the honor to inform you that, after a careful consideration of all the papers which accompanied that letter, I and my Colleagues were of opinion that it was not advisable to draw up a formal charge against, or to hold a regular judicial enquiry into, the conduct of Mr. Dee. We however sent for Mr. Dee this morning and in the presence of all the Judges, I administered a very severe reproof to him conveyed in the terms of the enclosure to this letter.

As requested in your letter of the 9th instant, I herewith return copies of the originals of the papers communicated to us.

Order of Chief Court of Mysore regarding Mr. M. Dee, Advocate.

We have sent for you, Mr. Dee, to inform you, with reference to your suspension by one of the Judges of this Court, that we do not intend to draw up any formal charge against you, nor to hold any enquiry such as is contemplated by the Legal Practitioner's Act; at the same time, we desire to express to you our unanimous and extreme disapproval of your conduct in connection with the late so-called strike at Mysore. We consider that we are justified by the facts which have come to our knowledge, in considering that it was acting under your advise that the shopkeepers closed their shops, that they chose the time of the Dasara for doing so, that they did not, in the first instance, seek redress of their alleged grievances from the Dewan; such advise, we consider, to have been most mischievous and, coming from an Advocate of His Highness' Chief Court, most disloyal to His Highness. It must have been present to your mind that, in selecting the time of the Dasara for the closing of the shops, you were selecting a time when such conduct would cause the maximum of embarrassment to the Government, the maximum of inconvenience to thousands of innocent subjects of His Highness and that such action involved very considerable risk of bringing about a most serious breach of the peace. We wish it to be distinctly understood by you and by all the Advocates of this Court, that we consider ourselves to a great extent responsible to Government for the conduct of the Advocates we enrol. We do not feel ourselves restricted in our dealings with Advocates to taking cognizance of acts of professional misconduct, such as are contemplated by the Legal Practitioner's Act. We consider that we, as the authority which enrols the Advocates, have full power to disenrol any Advocate who, in our opinion, has been proved guilty of conduct which is discreditable to his position as an Advocate. We are of opinion that you have, by your action in the

late strike, rendered yourself liable to be disenrolled. I repeat that, in our opinion, your conduct was unbecoming an Advocate; it was as an Advocate of His Highness' Chief Court, most disloyal to His Highness; it was conduct likely to lead to, and to result in, a most serious breach of the peace and was most certain to cause the greatest possible amount of inconvenience and privation to thousands of innocent persons. Our enrolment of you as an Advocate of the Chief Court conferred on you certain privileges and a certain status and position which you would not otherwise enjoy; those privileges you have, in our opinion, justly forfeited by your conduct. We warn you and we warn all the Advocates of our Court that we shall exercise the most strict and watchful supervision of their conduct; we, as I have said, consider ourselves responsible to His Highness' Government for the character and conduct of the Advocates of the Chief Court whom we enrol, and we shall not in future hesitate to disenrol any Advocate who we consider to have been proved guilty of conduct unbecoming his position as an Advocate.

You have, Mr. Dee, incurred our most severe displeasure; you have, in the opinion of one of my Colleagues, brought yourself within measurable distance of a criminal prosecution. *For considerations which we do not think it necessary to express,* we have decided to deal very leniently with you and to confine ourselves to these expressions of our very strong displeasure. With these remarks, we cancel the order of suspension.

No. 7330-1—68, DATED 18TH DECEMBER 1889.

ORDER.—Recorded.

N. KRISHNA RAO,
Offg. Under-Secretary.

To—The Chief Judge in Mysore.
The Deputy Commissioner, Mysore District.

PART I.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

READ THE FOLLOWING PAPERS:—

From the Secretary to the Government of Mysore, Public Works Department, To the Executive Engineer, Hassan Division, No. 719, dated Bangalore, 22nd February 1884.

Executive Engineer's No. 9, dated 11th January 1884, submitting an estimate amounting to Rs 2,860 for the repairs of the Kalhalli anikat, &c.

Has the honor to return the above estimate and to inform that the Local Government has decided as follows—

That there is no necessity for Government to undertake the direct execution of the repairs of the Kalhalli Anikat and Channel provided that,

(1) the inamdar executes all the annual and special repairs required in accordance with the estimates and specifications prepared by the Public Works Department and to the satisfaction of the Executive Engineer of the District,

(2) that in the event of Government wishing to extend the channel at any time hereafter, no obstruction be offered by the inamdar to the Public Works Department officers, taking up the additional land that may be required for the widening and improvement of the channel.

2. The inamdar to be informed that the channel and anikat are handed over to him on the above conditions. The accompanying estimate with the necessary specification should be furnished him and the Executive Engineer should see that all repairs are executed in accordance therewith in a thoroughly substantial manner.

3. As regards the Channel Establishment, Executive Engineer should submit his proposals as to what he intends to do with them, as their services will be no longer required by Government.

4. The annual repair estimate should be prepared and handed over to the inamdar in the same manner as the special repair estimate herewith returned.

5. As regards the outstanding arrears of contribution not recovered from the inamdar, Executive Engineer is requested to submit a statement showing the whole expenditure incurred by the Public Works Department on this channel for all repairs from 1871—72 to date and the actual contributions recovered in cash and labor from the inamdar during the same period.

Extract from letter No 283, dated 14th May 1888, from the Assistant Engineer, French Rocks Range, To the Executive Engineer, Mysore Division.

* * * *

14. I may here be permitted to remark that the extension of the channel is looked for by the raiyats of the villages round about, as anxiously as ever, and as the lands are above the average in fertility, a good remuneration is certain to be derived by the villagers as well as by Government, at the same time, that the inam raiyats will be sure of their water supply, which is now not very plentiful especially towards the tail end, where the Government lands are situated.

* * *

From the Executive Engineer, Mysore Division, To the Superintending Engineer of Mysore, No. 368, dated Mysore, 17th August 1888.

* * * *

3. The present length of the channel is 8¼ miles, of which the first 7½ miles are within the Inam of Kalhalli, and the rest belongs to Government. The area irrigated at present is 421 acres, of which only 25 acres is Government. By extend-

ing the channel as proposed, 1,185 acres of additional lands will be brought under irrigation, and from which a revenue of Rs. 5,925 calculated at Rs. 5 per acre can safely be estimated. The revenue statement in the file of correspondence shows that the Revenue Department expects a revenue of Rs. 3,282 from 618 acres under the extension up to 12½ miles only. Further extensions had not been under contemplation when that statement was prepared. I may observe here that the Revenue Department has assumed for its calculation, a rate of Rs. 6 per acre, minus the present dry crop rate which is less than one rupee. By applying that rate to the whole of the area under the extension up to the 16th mile, a revenue of Rs. 6,280 is obtained, but to err on the side of safety I have calculated the anticipated revenue at Rs. 5 only per acre.

4. The expenditure necessary to secure the above revenue of Rs. 5,925 is roughly estimated at Rs. 40,000, so that Government will recoup itself in less than 7 years. Thus the project is highly remunerative even if it should cost Rs. 50,000. The raiyats are also, as will be seen from Mr. Tivari's report and previous correspondence, very anxious about the extension of the channel.

* * *

Note by the Secretary, Public Works Department, dated 20th September 1888.

I beg to submit for your consideration a rough estimate of Rs. 40,000 for extending the Kalhalli channel from the left bank of the Hemavati river.

A contemplated extension of this channel has been on the "Tapis" for many years, but although sections and surveys were taken and even estimates prepared, a project was never definitely sanctioned.

On my calling on him to put the project for this work into tangible shape, Mr. Karve has submitted a rough estimate based on the information already available. This information is not absolutely reliable, but it is sufficiently so for me to say that when the project is worked out in all detail, it will not exceed the rough estimate of Rs. 40,000 by more than 10 per cent, most probably judging from Mr. Karve's rates and lump sum allowance not by even 5 per cent.

I therefore ask for sanction to this, to allow of work being taken in hand, on the condition that a detailed estimate will follow within 3 months.

The project is undoubtedly a remunerative one. The present Inam channel which is 8 miles long, irrigates 421 acres, of which 25 acres only are Sarkar. It is now proposed to extend it to 16 miles so as to irrigate 1,185 acres more If assessed at Rs. 5 per acre, this will yield Rs. 5,925 per annum, and there is no reason why the same terms should not be exacted from applicants for water as in the case of the Rampur Channel, so that a large portion of the first cost may be at once recouped.

It may be asked why send up a rough estimate? why not wait till a full and complete estimate is ready? I think that by starting the work in the approaching season, we are likely to get in the detailed project sooner than we otherwise would, as the Officer engaged in setting out the work and letting it out to contractors, can prepare the final estimate with great accuracy as he goes along. Besides, time will be saved.

I would not recommend this course however, unless I were pretty confident that the estimate is very near the mark.

There is some difference of opinion between myself and the Executive Engineer as regards the depth to be given to the channel, but whichever way this point is settled, it will affect the cost but very slightly.

The work to be done consists of the construction of a new and proper head sluice, of grading the existing Inam channel and of excavating the extension for 8 miles, providing at same time proper subsidiary works such as aqueducts, foot bridges, distribution sluices, &c.

I take it for granted that the Inamdar will not be allowed to oppose this extension and that his rights will be restricted to full irrigation of the lands which he has hitherto irrigated. Command of the channel will have of course to be taken out of his hands.

Dewan's Note, dated 26th September 1888.

I approve of this estimate in the rough for Rs. 40,000 for the extension of the Kalhalli Channel, on the condition that the regular estimate be submitted within the next 3 months.

But before actual commencement of work, two points have to be cleared up and definitely settled, namely —

1st. The contribution to be levied per acre of dry land (Government or Inam) converted into wet and the execution of mutchalikas for such contribution by the raiyats concerned.

2ndly. Some definite understanding with the Parakalaswami Matt regarding the widening of the present channel within the Inam villages and the proper maintenance of this channel in future.

On these two subjects I am writing to the Deputy Commissioner today, and I hope he will be able to effect a satisfactory settlement within the next two weeks or so. It would complicate matters if *before* such settlement we set about the actual execution of the work.

From the Chief Secretary to the Dewan of Mysore, To the Deputy Commissioner, Mysore District, Camp No. 1259, dated Mysore, 26th September 1888.

I am requested to forward herewith for your information copies of the marginally noted papers regarding the proposed extension of the Kalhalli channel from the left bank of the Hemavati river.

1. Note by Public Works Department Secretary, dated 20th September 1888.
2. Dewan's Order thereon, dated 26th September 1888.
3. Public Works Department Secretary's letter No. 719, dated 22nd February 1884, to Executive Engineer, Hassan.
4. Para 3 of Mysore Executive Engineer's letter No. 368, dated 17th August 1888.
5. Paras 7, 8, 13 and 14 of Assistant Engineer Mr. Tivari's letter No. 283, dated 14th May 1888.

2. You will see from these papers that the channel in question was formerly under the management of Government, that the objection of the Parakalaswami Matt to an extension of the channel by Government was finally overruled by the late Chief Commissioner and that after the Rendition the Government acceded to the request of the Matt and transferred to it the management of the channel, but under certain express conditions as to the maintenance, and as to what the Matt should do in case the Government decide upon an extension of the channel.

3. Upon the repeated entreaties of the raiyats concerned, the Government have now decided to extend the channel up to the 16th mile, and owing to this decision it is now necessary to revise the arrangements recorded in Public Works Department Secretary's letter to the Executive Engineer, Hassan, No. 719, dated 22nd February 1884.

4. Under such circumstances I am to request you will interview the Guru and explain to him the present aspect of the case. The Government have been quite willing to allow the Matt to manage the first 7½ miles of the channel, which is exclusively used for the Inam villages of the Matt, so long as no interests outside

those villages were involved, but even in the case of this portion of the channel they have had to insist upon a proper standard of efficient maintenance, for the protection of the Inam tenants and occupants. But the proposed extension quite alters this condition of things, for where the channel now commands only about 400 acres nearly all Matt Inam, its extension would command nearly 1,200 acres of Government land in addition. This altered state of things justifies a reversion to the former system of the Government keeping the maintenance of the entire channel in its own hands, receiving from the Matt a fixed amount towards this object and relieving it altogether of all liability for paying for special repairs to the channel or head works. The Government hope that this arrangement will commend itself to the Matt, as it is one of obvious advantage to it as well as to its tenants. You are accordingly requested to ascertain from the Matt what amount it is prepared to pay towards annual maintenance, at a fixed rate either per mile of channel in Inam land or per rupee of assessment of Inam wet land under the channel.

5. I am also to request you to require the Matt to issue immediate orders to its agents to give such land as may be required for the widening of that portion of the channel which is situated within the Matt Inam villages.

6. Your early attention is requested also to the necessity of at once obtaining mutchalikas from raiyats whose lands would be converted from dry into wet by the proposed extension, promising to pay an acreage contribution towards the work, in the terms of the Draft order which was sent to you by the Dewan demi-officially a few days ago. The acreage rate is leviable from both Government and Inam lands (as was arranged in the case of the Rampur Channel) and as the raiyats have long been clamouring for this work, it is probable that they will readily agree to pay a fair acreage contribution.

7. The Public Works Department are prepared at once to commence the extension and I am therefore to request a very early settlement of the questions referred to in the last preceding three paragraphs, and the submission of a full report of such settlement, if possible, within the next fortnight.

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Dewan of Mysore, No. 637, dated Camp Sargur, 10th January 1889.

Adverting to your letter No. 1259, dated 26th September 1888, and in continuation of my No. Gl. 6076—551, dated 13th November 1888, on the subject of the Kalhalli Channel improvement and extension, I have the honor to submit for information copy of the correspondence noted in the margin.

1. Yadast from Matt Agent No. 135, dated 26—11—88.
2. Yadast from Matt Agent No. 128, dated 13—11—88, about alignment.
3. To Executive Engineer, Mysore Division, about alignment, No. 810, dated 14th November 1888.
4. From Executive Engineer, Mysore Division, No. 972, dated 13th December 1888, about cost of alignment.
5. Yadast to Matt in reply to No. 783, dated 19th December 1888, about cost of alignment.
6. Reply from Matt Agent No. 148, dated 22nd December 1888, about cost of alignment.
7. Docket to Executive Engineer No. 978, dated 29th December 1888, about alignment.
8. Yadast to Matt about cost of alignment No. 459, dated 9th January 1889.
9. Sub-Division Officer's letter No. 562, dated 27th December 1888, about raiyats' contributions

2. The Sri Parakalaswami as at first advised had an exaggerated idea of his rights over the Kalhalli Anikat and there was some difficulty in making him understand the exact position in which the orders of February 1884 left the matter and the significance of the distinct reservation made when the charge of the anikat and present channel within Inam village limits was transferred to the Matt management. The Matt Sheristadar's communication No. 135, dated 26th November last, is thus one written in supersession of a previous one written and withdrawn.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

3. One important question is as to alignment. The Sri Parakalaswami desired* that the channel should be carried along an old tracing so as to command as much of the Inam lands as possible and he was prepared to pay the difference between the cost of this alignment and that of the alignment which Government might otherwise adopt. This being a very reasonable offer, the Executive Engineer was communicated with. In the result the Executive Engineer intimated that the amount which the Inamdar would have to pay (that is the difference as above stated) would amount to 16,000 rupees and if rock be met with the amount would be more. The area of Inam lands which would thus be commanded would be 230 acres. Evidently the project is not remunerative unless the Inamdar's raiyats, besides paying a wet assessment on dry lands converted into wet, agree to subscribe towards the cost as the Sarkar raiyats lower down have done.

Vide point 4 in Sheristadar's No. 135.

4. The next question is as to the liability of the Inamdar to pay irrigation cess on lands at present irrigated, and a water-rate on what are at present dry lands and which may hereafter be converted into wet by the channel water whether or not in consequence of channel improvements.* As well as can be judged at present the area so irrigable does not appear to be more than 30† acres. The Inamdar desires exemption and I submit that Government may accede to the Inamdar's desire.

Vide point 4 in Matt Sheristadar's No. 135.

†Note *Vide* Executive Engineer's pencil note on his plan.

5. Another question is compensation for land which may be taken up for extension. The Inamdar desires to have irrigable land in exchange. This is extravagant. As the land taken up would be chiefly margins of dry crop land, it may be ordered that in the case of occupied and cultivated dry land compensation shall be paid to the land holders at market value (it being noted that the survey settlement with the survey guarantee has been introduced into these villages), and that dry land shall be given on the border of the Inam village or in as convenient a situation as possible in exchange for all the land that may be taken up, the land so given being registered as Inam.

Vide point 5 in Sheristadar's No. 135.

6. Another question relates to Sarkar unoccupied land on the borders of the Inam village now dry but liable to be converted into wet under channel extension. The Inamdar holds under raiyatvari tenure some Government wet land in the neighbourhood, and is desirous of having also the dry land adjoining it which may hereafter be converted into wet. He wants this without being required to pay a value for the same and subject only to the wet assessment which may be fixed on the land. The request seems extravagant, though if Government be disposed to accede to the request the generosity will not be misplaced in the case of religious and charitable institution like the Matt. Short of this generous compliance will be to agree to give to the Inamdar (in the spirit of Rule III printed at page 8 of the Revenue Manual) the lands in question at the highest or even the average value which may be realized by the sale of Government unoccupied waste lower down to be hereafter commanded by the improved and extended channel.

*Point 6 in Matt Sheristadar's No. 135.

7. Another question which must sooner or later arise is the manner of meeting the cost of iron pipe sluices which may hereafter be fixed in the channel within Inam village limits as well as in Government village limits. The Inamdar should bear the cost as indeed is only just and proper that he should, his recouping himself by contributions from his raiyats being an administrative detail for his own disposal. In the circumstances it may be ordered that the Inamdar shall pay only the price of the iron pipes delivered at sites (as distinguished from masonry or other charges for fixing them).

*Point 3 in Matt Sheristadar's No. 135.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

Points 1 and 2 in Matt Sheristadar's No. 135.

8. The last and not the least important question relates to the contribution to be annually paid by the Inamdar to Government, the Inamdar being in return relieved of all liability for construction, repair and maintenance of head works and channel including cost of conservancy establishment. It will be observed from the correspondence that the justice of paying such a contribution has been admitted by the Inamdar. The Inamdar says that the average annual expenditure incurred by him in the past has been Rs. 130 and says that Rs. 100 may be fixed for the future. I am not aware what the annual expenditure has been in the Public Works Department. But my impression is that the past account cannot furnish a reliable or satisfactory basis for determination. There are so many accidental or incidental features to be eliminated or to be taken into calculation. In my opinion the table of various rates now allowed by Government for maintenance of Government channels affords a better criterion. The highest rate s Rs. 75 a mile (allowed for Kattepur and Chikdevarayasagar Channels drawn from the Cauvery river and north channel Sriramdevar Dam drawn from the Hemavati river). The lowest is Rs. 20 a mile (as for the Husenpur Channel drawn from the Lakshmantirtha). As the provision to be made is to cover cost of conservancy establishment and charges for head works also and is a sort of insurance fee for their safety or maintenance a rate of Rs. (50) fifty a mile does not seem more than what may be fixed for the Inamdar's portion of Kalhalli Channel. The length of this being at present 7½ miles, the aggregate amount payable per annum will be Rs. (375) three hundred and seventy-five. The Inamdar's raiyats will be liable like Sarkar raiyats to clear weeds in the channel

9. As to apprehensions of inamdar on minor matters, a general assurance that the interests of the Inamdar's raiyats will be as jealously guarded as those of Government raiyats should be sufficient if at all necessary.

10. Next as to contributions from Government raiyats whose dry lands will be hereafter converted into wet by channel improvement and extension, the French Rocks Sub-Division officer's letter No. 562, dated 27th December 1888, deals with this matter so fully that I may leave to speak for itself. Although I am not able to follow the argument in some respects and should myself have preferred a higher maximum rate with liberty to vary the rate with reference to each individual case securing in the result and as an average the rate of Rs. 20 which the Sub-Division officer has suggested and the raiyats have agreed to pay uniformly yet, the settlement recommended by the Sub-Division officer and accepted by the raiyats, may, I venture to submit, be approved and accepted by Government also.

11. The instalments seem too many, but this matter may be overlooked in the circumstances of the case and declared to be such as should not afford a precedent or example for other cases.

From the Sub-Division Officer, French Rocks, To the Deputy Commissioner, Mysore District, No. 562, dated 27th December 1888.

Your Docket No. 352, dated 2nd October last, calling for a full report about contributions from raiyats for Kalhalli Channel extension and also your Docket No. 426 of 13th November and Memo No. 470 of 10th December 1888.

2. In reply, I have the honor to submit that, on the 30th October last, I had been to the villages that are to be benefitted by the extension of the channel in question and in company with the Amildar of Attikuppa inspected the lands in the presence of the raiyats and also considered the surrounding circumstances of the country.

3. The channel when extended will run a distance of about 8 miles through the villages of Puvanhalli, Hoskote, Madinkere, Gopalpura and Hosur, the last two of which are destitute of population (bechirak). The area of dry land to be brought under wet cultivation in consequence of the extension of the said channel is roughly estimated at 1,482 acres and 33 guntas as shown from the statement herewith submitted.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

4. According to the records of the Sub-Registrar's office at Attikuppa, the average value of wet lands at Kalhalli is Rs. 219 per acre and at Hoskote Rs. 245 per acre. The lands as valued above lie only in two select places and there is nothing on the records of the Sub-Registry office to show the price of lands in other localities. The value of dry lands varies from Rs. 8 to 21.

5. I do not think I am justified in applying the above mentioned market value to the lands to be brought under cultivation after the extension of the channel. The market value of these lands is to be fixed after considering the local and other circumstances of the place. Of the 5 villages mentioned in para 3, only Puvanhalli, Madinkere and Hoskote have some population and the inhabitants of these villages have to cultivate their own lands as well as those of Gopalpura and Hosur. Consequently the value of lands in the two last mentioned villages is somewhat low when compared with that of other villages, even the three inhabited villages are under poor circumstances. The soils are of a mixed description. The high lying lands are poor and gravelly, whereas the soil in the hollows is grey and sandy. The junction of the Cauvery and the Hemavati takes place towards the west of these villages and the Tipurhalla and the lands irrigated by it lie further west, so that there is a great hindrance for easy communication on this side. The river Cauvery on the southern side obstructs the facility for traffic. There are neither roads nor markets on the northern side of the villages to enable the raiyats to have a ready sale of the produce of their lands. The only way open to them is to carry their produce through the Kannambadi road to French-Rocks, Seringapatam and Mysore. As there is no road from these villages to Kannambadi, it is very difficult for the raiyats to cart away their paddy to public markets. So it is clear that there is no facility of communication between these villages and the public markets.

6. From the statements of the resources of the villages herewith submitted, it may be seen that the 3 inhabited villages contain only 539 able-bodied men and 629 bullocks, 12 carts and 259 ploughs. But the quantity of land to be converted into wet being 1,482 acres, I think it cannot be well managed by the raiyats with the number of bullocks and ploughs stated above. As the quantity of wet now under cultivation in those villages is very small when compared with their population, it will undoubtedly fetch a good price varying from Rs. 100 to Rs. 250 per acre of rice land; but the extension of the channel will increase the quantity of wet land to such an extent as would create a great demand for the raiyats to cultivate the same and the result will be a great deduction in the price of wet lands. I made local enquiry as regards the would-be value of the dry lands when converted into wet and found that it may vary from Rs. 75 to Rs. 125 per acre and the present price of dry varies from Rs. 15 to 21 per acre.

7. I explained to the raiyats the immense benefits to be derived by them from the extension of the channel. They are well aware of the good resulting to them. But they say that they being very poor and wretched could not pay more than 8 or 10 Rs. contribution per acre. After considering all the circumstances above alluded to, I think it fair to fix the average market value at about Rs. 97 per acre of wet and Rs. 22 per acre of dry.

8. According to Dewan's Proceedings, the raiyats under these circumstances will have to pay $\frac{1}{3}$ of Rs. 97—22 *i. e.* Rs. 25. Considering the pretty good sum that has to be spent by the raiyats for converting the dry into wet and also the very poor and wretched circumstances of the raiyats, I have found it fair to levy from them contribution at the rate of Rs. 20 per acre and they also agreed to pay the same irrespective of the quality of their lands and accordingly executed mutchalika binding themselves to pay half the amount of contribution in the 2nd year, $\frac{1}{4}$ in the 3rd and $\frac{1}{4}$ in 4th year. They plead their inability to pay any contribution in the 1st year and I am also of opinion that their plea is well founded, because they have in that year to make provision for the maintenance of their families and for the payment of the wet kandayam in addition to the expenses necessary for converting dry into wet. Considering the circumstances of the raiyats, I think they do deserve the concession prayed for by them and hope that Government will kindly comply with their prayers.

9. According to the above rate the amount of contribution that may be levied from the raiyats will come to about Rs. 26,880 as the area under occupation is 1,344 acres and 9 guntas and as there are about 138 acres and 4 guntas, Government waste and kharab, they may fetch when sold Rs. 5,500. Thus the contribution amount and the sale proceeds will make a total of Rs. 32,680.

10. The mutchalika executed by the raiyats is herewith submitted :—

Statement showing the lands that will be converted into wet by the extension of the Kalhalli Channel.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

From the Executive Engineer, Mysore Division, To the Deputy Commissioner, Mysore District, No. 972, dated Mysore, 13th December 1888.

I have the honor to acknowledge the receipt of your No 310 of 14th November last, forwarding copy of representation from the Parkalaswami Matt anent the the course of the Kalhalli Channel extension, with a request that the channel may be so aligned that it may irrigate the largest possible area.

2. In reply, I have the honor to state that it is possible to take the channel as desired by the Matt along the old and almost obliterated trace of it, running above the present channel and lying between the 4th and 8th miles of the latter, but that the Assistant Engineer who has taken the necessary surveys and levels roughly estimates the cost of the work at Rs. 16,000 over and above the sanctioned cost of improving the present channel from the 4th to the 8th mile, while the additional area that would be thus brought under irrigation is only about 230 acres. The actual cost might go up to even Rs. 20,000 if rock is met with, which is not unlikely considering the nature of the ground and the depth of the excavation needed. I am therefore of opinion that it is not advisable to follow the old trace, but if the Matt wishes to adhere to it, I shall refer the matter to the Superintending Engineer for his orders on hearing from you.

3. It is not known why the trace under reference was given up when originally opening out the channel, but it is very likely that it was on the score of cost.

4. Favor of very early reply is solicited, as arrangements are now quite complete to start work.

From the Deputy Commissioner, Mysore District, To the Executive Engineer, Mysore Division, No. 378, dated 29th December 1888.

With reference to your letter No. 972, dated 13th instant, as regards the alignment of the Kalhalli Channel along the old trace as desired by the Agent of Sri Parakalaswami Matt at an estimated cost of Rs. 16,000 or 20,000 if rock be met with in course of the excavation, I have the honor to forward herewith a copy of the representation made by the Agent of the above Matt on the 22nd instant.

2. On a personal enquiry you were good enough to inform me that the above estimate is the difference between the cost of alignment desired by the Matt if practicable and the cost which Government will incur in pursuance of its own project. You were also good enough to add that alignment desired by the Matt costs much more than what the Matt expect by a calculation of averages in consequence of the exceptionally heavy cutting along the same. In these circumstances and as the figures do not make the Matt project remunerative to the Matt, the Sri Parakalaswami will not feel disposed to countenance it. The idea may therefore be abandoned and the Government project proceeded with.

From the Deputy Commissioner, Mysore District, To the Executive Engineer, Mysore Division, dated 14th December 1888.

I have the honor to forward for your information copy of representation from the Parakalaswami Matt anent course of Kalhalli Channel extension proposed.

2. I request that you will be kind enough to instruct the Assistant Engineer that the alignment of the channel should be such that the largest possible area that can be irrigated by the water drawn from the anikat as it is, or as it is proposed to raise it to a safe point, may be commanded by the channel. The details as to the proportion in which the cost should be defrayed and alternative lines will be matters for discussion on the "Report" which will be framed by you on the subject.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

No. 7451-4—120, DATED 16TH DECEMBER 1889.

ORDER THEREON.—The subject of the correspondence above read has been under consideration for a long time, and the Dewan has had the advantage of discussing the details of it with the Guru of the Sri Parakalaswami Matt. The express terms under which the present channel and connected works were restored to the management of the Matt by the orders of 22nd February 1884, after having been under the direct control of the Public Works Department since 1871—72, leave no room for discussion as to the right of the Government to resume the management, and the Guru, in his discussion with the Dewan, acceded to the Government taking possession of the entire channel and connected works and maintaining the same hereafter, the Matt paying a fixed annual amount to the Government on account of maintenance charges, and the Government relieving the Matt of all liability to contribute towards any special repairs to the channel or head works which might be required hereafter owing to sudden accident, gradual deterioration or any other cause whatsoever. This arrangement is one of obvious advantage to the Matt and its tenants, and it enables the Government to carry out an important extension which has long been under consideration.

2. Having regard to the prevailing rates of maintenance on Government channels, the mileage rate of Rs. 50 recommended by the Deputy Commissioner must be considered as fair and reasonable, but having regard to the religious and charitable character of the institution, the Government have been pleased to fix the very low rate of Rs. 30 per mile per annum, and for the 7½ miles of channel irrigating the Inam lands of the Matt, the annual charge payable by the Matt is Rs. 225. This amount shall be regularly paid on or before the 31st March of each year, the first payment being made on or before 31st March 1890. All repairs and other works hereafter required to the channel and head and other works (the possession of which shall at once be resumed by the Government) shall be executed at the cost of the Government which shall also bear the cost of any maintenance and other establishments required.

3. The occupants of Matt Inam lands under the channel shall of course enjoy, as regards distribution of water, all the benefits which are enjoyed by occupants of Government land. In regard to iron pipe sluices, the charges shall be assessed to Inam and Government raiyats under the same rules.

4. The Matt desires an alteration of the present alignment of the extension channel, so as to command about 230 acres of Inam land. The extra cost of such an alteration the Matt is willing to pay, but the amount of it — namely Rs. 16,000 and a great deal more if, as is probable, rock be met with—is prohibitive, and the proposal has accordingly been abandoned as being disadvantageous to the Matt.

5. In lieu of Inam dry land which has to be taken up for the widening of the channel, other dry land of equal extent will be given to the Matt in Inam, in any suitable position contiguous to the present boundary of the Inam villages, and occupants of Inam land taken up for the channel will, in addition, be paid any compensation to which they may be entitled. This is on the distinct understanding that the property in the lands occupied by the channel and connected works, shall vest absolutely in the Government.

6. The Matt asks for the occupancy of Government dry waste land above the Sarkar wet land in its occupation called Buddanapurgadde, promising to pay therefor an acreage contribution. The acreage contribution fixed is Rs. 20, whereas the land, if sold, may fetch about Rs. 100 per acre. The extent asked for is neither stated nor immediately ascertainable, but as the Government wish to deal with the Matt liberally, the occupancy of an extent not exceeding 50 acres of the dry waste land in question will be registered in the name of the Matt which shall pay the acreage contribution on land thus granted, the remainder of the available waste land being alone retained for sale by Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th December 1889.

7. As the Matt will pay the annual maintenance charge of Rs. 225, it will be exempted from Irrigation cess in respect of its Inam lands under the present channel.

8. The Matt are anxious to have a branch channel taken off at the 4th mile so as to irrigate some new Inam land. This proposal will be considered, and if found feasible, will be carried out, the Matt paying the cost of the required widening of the main channel and of excavating the branch and other works connected with this proposed branch irrigation.

9. The acreage contribution of Rs. 20 promised by the raiyats under the extension is quite liberal enough, and it may be paid as agreed to by them, ½ in the 2nd year, ¼th in the 3rd year and ¼th in the 4th year.

10. The Public Works Department will be requested to proceed with the work in due course, and copies of these orders will be communicated to the Public Works Department Secretary, Superintendent of Revenue Survey and Deputy Commissioner of Mysore, for needful early action.

11. Copy of a Srimukham from Sri Parakalaswami, dated the 16th instant, accepting the arrangements embodied in paras 1 to 9 above, will be forwarded to the Deputy Commissioner of Mysore, for record in his office.

N. KRISHNA RAO,
Offg. Under-Secretary.

To—The Secretary, Public Works Department.
The Superintendent, Revenue Survey.
The Deputy Commissioner, Mysore District.
Copy to Sri Parakalaswami Matt, Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 21st December 1889.

READ THE FOLLOWING PAPER:—

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Dewan of Mysore, No. 555, dated 19th March 1888.

I have the honor to bring to your notice that under the Circular Order in force on the subject of Mohatarfa taxation marginally noted, Tiglars as a class are taxed with Mohatarfa house tax without any regard to their being agriculturists or otherwise. The order seems to have been based on the understanding that they raised vegetable crops and sold in retail at markets. But the imposition of this tax does not seem to be defensible on any reasonable ground and I beg that the sanction of the Dewan may be obtained to cancel this direction and to deal with these classes of people as any other.

Revised list received with Commissioner's Circular No 20, dated 11th September 1860, and No. 265, dated 28th September 1860.

No. 7278-85—168, DATED, BANGALORE, 21ST DECEMBER 1889.

ORDER THEREON.—In the letter read above, the Deputy Commissioner brings to the notice of Government that the Mohatarfa house tax is being collected from "Tiglars" or persons who grow vegetables on their lands and sell them in the market and recommends its remission as they are not justly liable to it.

The Government observe that Tiglars are not among the persons mentioned in the Chief Commissioner's Istihar, dated 28th September 1860, as liable to the tax, and they agree with the Deputy Commissioner that agriculturists selling the products of their lands in the market are not liable to the Mohatarfa tax. They accordingly sanction the remission of the tax wherever it is imposed.

A copy of these Proceedings will be forwarded to the Deputy Commissioners of all Districts for their information and guidance.

Offg. Under-Secretary.

To—The Deputy Commissioner, Tumkur District.
The Deputy Commissioners of other Districts.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),— dated 8th December 1889.

No. 6861-70—157, DATED 8TH DECEMBER 1889.

OFFICIAL MEMORANDUM.

The Government notice several irregularities in the preparation and submission of the Budget Statements for the municipalities. As will be seen from the marginal statement, they are not sent in time, the variations between the actuals of the past years and the estimates are not properly explained, the figures under actuals do not often tally with those in the accounts of the Comptroller, the opening balances are in some cases not exhibited, the totals of Statements Nos. I and III do not sometimes correspond with each other and the totals of the several columns are not carefully made. This causes needless delay in passing the budgets and leads to unnecessary correspondence. The Deputy Commissioners are therefore requested to observe the following instructions in the preparation and submission of their budgets in future :—

BUDGETS.	WHEN RECEIVED.		
Bangalore City	14	3	89
	25	5	89
Mysore City	10	5	89
Bangalore District	17	4	89
	26	7	89
Kolar do	18	3	89
	31	5	89
Tumkur do	17	6	89
Mysore do	6	11	89
Hassan do	17	4	89
	13	5	89
Shimoga do	26	3	89
Kadur do	25	2	89
	7	3	89
Chitaldroog do	2	3	89
	22	6	89
French Rocks	3	8	89
	22	11	89

I. The difference between the actuals entered in column 3 of Statement No. I and the estimate for the year for which the budget is submitted, should invariably be explained. The columns under actuals need not show fractions of a rupee. All fractions below 8 annas may be omitted, the rest being taken as a rupee.

II. Column 4 of Statement No. I should be made to show the actuals of the 1st half of the current year and column 5, the probable collections or disbursements in the second half of the same year, so that it may be seen how far the actuals of the current year are likely to fall short or exceed the estimate of the year. Ordinarily, the actuals of the second half of the previous year may be taken as the probable collections during the second half of the current year, unless there are special grounds for not doing so.

III. When money once shown in the accounts as disbursements happen to be re-credited in the accounts within the year in which the money has been drawn, such sums should not be shown as receipts, but adjusted by a minus entry under the head to which it had been originally debited. But if the recovery takes place in the following year, it should be shown as receipts under X Miscellaneous (*n*) "other items."

IV. The details of "other items" under receipts X Miscellaneous should always be given in the column of remarks.

V. The details of establishments and also of all other charges shown in Statement No. I, excepting those falling under (*b*) to (*o*) VIII Public Works should be given in Statement No. III and the totals given therein must correspond with the lump sums given in Statement No. I. The details of the charges of Public Works under VIII (*b*) to (*o*) will appear in Statement No. II and the cost of establishment under VIII Public Works (*a*) Supervision establishment will appear in Statement No. III.

VI. All expenditure incurred under VII Lighting including the cost of new lamp posts to be purchased and fixed should be shown under that head and not under VIII Public Works or under IV Conservancy.

VII. The estimates for all works requiring the sanction of Government should as far as possible be submitted to Government before they are shown in the budget

and the dates of sanction referred to in the column of remarks of Statement No. II. If any works, for which estimates have not been previously sanctioned, have to be entered in the budget, the same should be stated in the column of remarks and no expenditure should be incurred till the estimate is duly submitted and sanctioned. Likewise, no work sanctioned should be carried out, before a provision for the same is made in the budget and sanction obtained.

VIII. No establishment should be entertained or increase to the salaries of the existing establishments allowed without the sanction of Government and due sanction and provision in the budget.

IX. The closing balance should not be allowed to fall below 25 per cent of the annual receipts or exceed 30 per cent. Every endeavour should be made to spend all money available for expenditure on some works useful to the inhabitants, unless the accumulation of the balance is necessary to carry out any big project. In the latter case, the purpose for which money is required to accumulate should be stated.

X. The budgets should be so prepared and submitted as to reach the Government office between the 15th and 30th January of each year.

Printed forms of Statements I and III showing the modifications now made in the headings are herewith forwarded.

C. MADIAH,
Under-Secretary.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 4th December 1889.

READ THE FOLLOWING PAPER :—

Letter from the Deputy Commissioner of Mysore, dated 5th August 1889, No. 343.

No. 7072-9—CIR. 161, DATED, BANGALORE, 4TH DECEMBER 1889.

ORDER THEREON.—The Deputy Commissioner requests that the rules framed under Section XIII, Act XVIII of 1864, may be extended to the Mysore Municipality to prevent smuggling of articles, on which octroi duty is levied.

The Government observe that Act XVIII of 1864 which applied only to the City of Bangalore is not now in force, and the rules framed thereunder cannot be now brought under operation without a special enactment.

2. The octroi duty is now collected in the Municipalities, not under any special regulations, but according to usage and the Chief Commissioner's Order, dated 27th September 1879, No. 3362-73—161. Although there is nothing to prevent the collection of duty according to usage and the existing orders, it is doubtful whether any rules for the imposition of fines for disobedience to orders can be framed and acted upon without a special regulation authorizing the issue of such rules. The matter will be considered hereafter. Meanwhile the Deputy Commissioner is requested to report the number of cases in which smuggling has come to notice within the last five years in the several Municipalities of the District, and submit draft rules which he would propose to introduce.

A copy of these Proceedings will be forwarded to the Deputy Commissioner of Bangalore, with a request that he will report how the collection of octroi duty is enforced in the City of Bangalore, and whether the issue of an enactment and rules is necessary, and if so, what rules he would introduce.

C. MADIAH,
Under-Secretary.

To—The Deputy Commissioners of Districts.

READ THE FOLLOWING PAPER :—

Letter from the Deputy Commissioner, Shimoga District, dated 30th October 1889, No. 474—488.

No. 7256-63—166, DATED, BANGALORE, 10TH DECEMBER 1889.

ORDER THEREON.—The Deputy Commissioner suggests that a uniform octroi duty of 2 per cent *ad-valorem* be collected on piece goods imported into the Municipalities instead of the present rate of 3 per cent on Indian manufacture and 1½ per cent on sea-borne goods, as great difficulty is experienced in distinguishing the home made cloth from that imported by sea.

2. As no duty is now collected by British Government on cloth imported by sea from Foreign countries, there is no reason why any distinction should be made between that cloth and the cloth manufactured in India in regard to the duty leviable thereon. But before sanctioning a uniform rate in this and other Municipalities of the Province, the Government wish to know the financial effect of the measure. The Presidents of all Municipalities in which duty on cloth is levied will therefore be requested to submit a statement showing the amount of duty now collected at the existing rates on the average of the last 3 years and the amount that would be leviable if a uniform rate of Rs. 2 be introduced as proposed.

N. KRISHNA RAO,
Offg. Under Secretary.

To—The Deputy Commissioners of all Districts except Bangalore.
The Deputy Commissioner, Bangalore, for information.

PETITION No. 1148, DATED 27TH AUGUST 1889.

Petitioner.

Venkatramaiengar, Pound-keeper of Mayasandra, Turuvekere Sub-Taluk, Tumkur District.

No. 7266-73—CIR. 167, DATED, BANGALORE, 21ST DECEMBER 1889.

ORDER.—Petitioner was removed from his office of Pound-keeper in August 1889 for having failed to repair the pound as directed. The office was given to another who undertook to repair it and repaired accordingly at a cost of Rs. 70.

The removal is clearly improper. The Pound-keeper is not bound to repair the pound at his cost. Under Section 18 of the Cattle Trespass Act, the expenses of repair, &c., must be met from fines collected and the sale proceeds of the unclaimed cattle. If the proceeds are insufficient for maintaining the pound in order, the same should be abolished unless the Government for any special reason decide that the repair should be carried out from Provincial or other funds.

Under such circumstances, the Petitioner should be restored to the office of Pound-keeper.

The Deputy Commissioners of Districts (including Tumkur) should report in what manner the cattle pounds in their Districts are generally repaired.

N. KRISHNA RAO,
Offg. Under-Secretary.

To—The Deputy Commissioner, Tumkur District.
The Deputy Commissioners of other Districts.

PART I.

EDUCATIONAL.

Proceedings of the Government of H... Highness the Maharaja of Mysore, (Educational),—dated 17th December 1889.

CAMP No. 877-78, DATED MYSORE, 17TH DECEMBER 1889.

ORDER.—The question of the status and salary of the higher Educational officers are necessarily considered has for some time been before the Government. These o... as follows :—selected with reference to special qualifications. They now stand

			Present Salary.	
Education Secretary	... Mr. L, Rice, C. I. E.	Rs.	1,200	(One half being debited to the Archæological Budget.)
Principal, Central College	... Mr. J. Cook ...	„	800+50	House rent.
Principal Assistant do	... Mr. C, M. Leonard...	„	450+30 +100	do. as Curator, Government Book Depôt.
Language Professor do	... Vacant.			
Principal, Mysore College	... Mr. H. J. Bhabha ...	„	550+50	House rent.

These five officers are too few for their classification into 4 grades on the plan in force in Madras, and the Government are of opinion that two grades will be sufficient for all practical purposes.

1st Grade, two officers Rs. 700 to Rs. 1,000, by annual increments of Rs. 50.

2nd Grade, three officers Rs. 400 to Rs. 700, by annual increments of Rs. 50.

Mr. Rice's case is of a special character and must be dealt with separately. It has been decided to increase his consolidated salary from Rs. 1,200 to Rs. 1,350 with immediate effect and to relieve him at an early date of Educational work, so as to enable him to give his entire time and attention to the Archæological Survey, which in this way is expected to be completed for the whole Province in 1891 or 1892, special arrangements being made for the more expeditious printing of the rapidly growing mass of inscriptions. The Government attach the highest importance to this most useful work being completed by Mr. Rice, who in their opinion is the only officer who possesses the high special qualifications required for it.

The five superior Educational officers of the Province will be graded as follows under the foregoing scale :—

1st Grade	Mr. Cook	Rs.	950
	„ Bhabha	„	700
2nd Grade	„ Leonard	„	600
	Vacant	„	400
	Vacant	„	400

The above salaries will have effect from 1st January 1890, from which date all allowances (by way of house rent or otherwise) enjoyed by the above named officers will cease.

N. KRISHNA RAO,
Offg. Under-Secretary.

To—The Secretary to the Dewan, Educational Department, for communication to the officers concerned.
The Comptroller.

PART I.

MILITARY.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Military),—dated 17th December 1889.

READ THE FOLLOWING PAPER :—

Memorandum, dated 13th June 1889, from the Military Secretary.

No. 7315-6—97, DATED, BANGALORE, 17TH DECEMBER 1889.

ORDER THEREON.—In the Memorandum above read, the Military Secretary brings to notice the absence of any prospect of promotion to Regimentdars of Silahdar Regiments and submits for consideration the special claims of Regimentdar Rama Rao Rananavaré to advancement. The Government concur with the Military Secretary in the opinion that some arrangement should be made to give the higher Military Officers some better prospect of promotion than now exist. At present the Regimentdar begins with a salary of Rs. 250 and is promoted to Rs 300 after he has been in command for five years. The higher appointments to which he could aspire have been abolished and his extra emoluments have all been cut down. Under such circumstances, the Government direct that the salary of a Regimentdar be fixed in future as follows :—

	Rs.
On appointment	250
After 5 years of satisfactory service	300
After 10 years' such service	350
After 15 do	400

The case of the Risaldars is even more pressing. At present they all get Rs. 120 and as we have now only two Regiments to the command of which they could aspire in the ordinary course, there is practically a stop to all further promotion. The Jamadar gets Rs. 50 and when promoted to a Risaldar he gets a large rise, but he has practically no hopes of rising further. Out of 12 Risaldars, except one all have service more than 9 years. Under such circumstances, it is directed that the salary of Risaldars be regulated as follows :—

	Rs.
On appointment	100
After 4 years of satisfactory service	120
After 8 years of such service	140
After 12 do	160

Applying these rules to existing officers, the increased monthly cost on account of Regimentdars would be Rs. 150 and on account of Risaldars Rs. 280, to which should be added Rs. 20 on account of the most Junior Risaldar who will be allowed to retain his salary of Rs. 120 though he is under 4 years.

The foregoing scales of pay should come into effect on 1st January 1890.

The appointment of L. Bhima Rao Badami, Military Probationer, as Risaldar, recommended by the Military Secretary, is sanctioned.

N. KRISHNA RAO,
Offg. Under-Secretary.

To—The Military Secretary.
The Comptroller.

PART I.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore (Public Works),—dated 25th December 1889.

Camp No. 424—47.

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,
Camp Chitaldroog, 25th December 1889.

From

The Secretary to the Government of Mysore,
Public Works Department.

To

The Assistant to the Resident in Mysore.

I am desired to acknowledge the receipt of your letter No. 2097—818 of 22nd June 1889, regarding the complaints made by the raiyats of Bukkapatnam and other villages in the Anantapur District to the effect that certain works projected by the Darbar on the Chitravati river will damage the supply to their tanks.

2. The particular work complained of must be the new tank now under construction across the Chitravati river, a few miles to the east of Periyasandra. On the Topographical sheet, which I herewith forward, I have marked the position by a blue line. Near the site, there exists a ruined anikat, which was once in action, and fed Devaganahalli tank, now breached. The new tank will supersede these old works and be an improvement on them in every way.

3. The drainage area intercepted is 48 squire miles. We suppose that in average years, this area will deliver 25,000 units of water, of which quantity about 1,000 units are already impounded by existing tanks, leaving a surplus of 1,500 units, and of this the new tank is designed to store 1,207 units. The enclosed statement gives all the survey and constructive details.

4. This project, I am to add, was sanctioned by the Darbar on the 7th May 1888, prior to receipt of your letter No. 2963—818 of 31st August 1888, in which it was requested that intimation might be given to your office of all projects likely to affect the supply of water to British villages. It is observed that the new tank is about 40 miles above the Bukkapatnam tank, and, judging from the Ordnance Survey map, the drainage area of the former must be but a small fraction of the total drainage area of the latter.

5. Above the new tank, there are several breached tanks, (the largest being near Mavanhalli), which if restored would intercept a large portion of the supply which the new tank is intended to impound.

6. Below the new tank, there are in Mysore no less than 15 anikats, some of them in ruins and some still in action, all intended either to irrigate lands direct from their channels, or to feed tanks in the adjoining valleys. These works, if restored and properly looked after, would cut off from the Madras Presidency more of the Chitravati floods than the new tank is calculated to impound. In explanation of the portion of these anikats, I append a tracing from the Topographical survey map together with copy of Memo describing these works.

7. The new tank which the Darbar are now constructing is intended to supersede old and scattered works now more or less in ruin.

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Govt. of Mysore,
P. W. D.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF DECEMBER 1889.

No.	Subject and Order.	Date of Order.	Date of previous Order.
1	The return of sick prisoners in the Jails of this State for October 1889, was forwarded to the Assistant to the Resident.—No. 6755—456.	14th Dec. 1889

60	Kasturirangachari, late Amildar of the Melkalmuru Taluk, being granted 3 years' grace, and the insufficiency of 7 days being condoned to make up full 23 years of service, his pension application was forwarded to the Comptroller for the usual certificate and report.—Communicated to the Deputy Commissioner, Chitaldroog District.—No. 7234-5—176.	Do	do
61	Messrs. J. Scott, Agents, Mysore Maharaja's Spinning and Manufactoring Company, Bangalore, were informed that as recommended by the Government Director, the first instalment of the debts due on 31st December 1889 would be allowed to stand over till the 31st December 1890; and that the Government consider further alterations of the existing terms for repayment undesirable and were unable to accept either a sliding scale or a percentage of profits.—Communicated to the Comptroller.—No. 7215-6—150.	Do	do
62	In reply, the Assistant to the Resident was informed that Mrs. Thornton's engagement was with the Managers of Her Highness the Maharani's Girl School and that the Comptroller was requested to exclude her name from future Mysore Civil Lists.—Communicated to the Comptroller.—No. 7255—466.	Do	do

No	Subject and Order.	Date of Order.	Date of previous Orders.
63	In reply, the Deputy Commissioner of the Bangalore District was informed that there was nothing to be gained by making the Shekdar of Baygadahalli live in the wilderness at a place where only a Police Station existed; that the Deputy Commissioner should if necessary re-arrange the Hobli and fix the Shekdar's Head-Quarters at one of the most important and inhabited parts of the Hobli; and that if the Hobli work could be best done from the Taluk Head-Quarters; there was no objection to the same being sanctioned upon sufficient cause being shown.—No. 7508—310.	21st Dec. 1889.	
64	In reply, the Director of Statistics and Agriculture was informed that the owner of each "Tatu" should take a certificate from the Amildar of the Taluk concerned and that the "Tatu" belonged to Mysore Territory, and for "Tatus" covered by such certificates, the castration fee and feeding expenses might be paid by Government and treated as rewards for castration and that this system might be tried experimentally for two years and at the end of that period it would be decided whether the system should be continued.—Communicated to the Comptroller.—No. 7407-8—784.	Do	do
65	A notification extending the privilege leave granted to Mr T. Ananda Rao, Chief Secretary to the Dewan in notification No. 258, dated 6th December 1889, by one month, was gazetted.—Communicated to Mr. Ananda Rao.—Nos. 272 and 726-4—783.	Do	do
66	In reply, the Deputy Commissioner, Mysore District, was informed that General Ruchinleek was permitted by Government to take the tusks of the elephants shot by him, but that the tusks of those shot in the khaddas should be sent to the District Treasury for disposal in due course —Communicated to the Inspector General of Forests.—No. 7361-461—7362-477.	Do	do
67	In reply, the Assistant to the Resident was informed that the building in which the Anche Office had been held at Mysore was not available for transfer to the Volunteers as it was required for the use of the local officers.—No. 7325—478.	Do	do
68	A notification granting Mr. Dalavai Devaraj Ars, Police Assistant Commissioner, Hassan District, casual leave for 12 days, was gazetted.—Communicated to the Deputy Commissioner, Hassan District.—Nos. 296 and 7409—790.	23rd	do
69	The grant of one month's privilege leave to Mr. C. Raghavacharlu, Superintendent of Police, Kolar District, was gazetted.—Communicated to the Deputy Commissioner, Kolar District, with the intimation that Mr. Cooposawmy Mudaliar might continue to be in charge of the Kolar District Police until relieved by Mr. Raghavacharlu.—Nos. 275 and 7410—791.	Do	do
70	Fifteen copies of the monthly Volume of the Dewan's Proceedings for July 1889, were forwarded to the Assistant to the Resident in Mysore.—No. 7326—479.	Do	do
71	In reply, the Deputy Commissioner, Hassan District, was requested to report whether the Rangacharlu Memorial Chattram at Arsikere was not sufficient to meet all public requirements and why it should not be taken over by Government in lieu of the present one at Banavar and he was informed that two chattrams one at Arsikere and another at Banavar were not considered necessary.—No. 7370—807.	Do	do
72	A notification promoting Mr. M. S. Narain Rao, Assistant Superintendent, Mysore Revenue Survey, from the 2nd to the 1st grade, with effect from the 1st November 1889, was gazetted.—Communicated to the Survey Superintendent.—Nos. 277 and 7390—91.	Do	do
73	The general and disposition lists of officers of the Mysore Revenue Survey as they stand on the 1st January 1890, were forwarded to the Assistant to the Resident,—No. 7261—477.	Do	do
74	In reply, the Deputy Commissioner, Mysore District, was informed that the sale deed of the Overseer's Lodge at Malvalli submitted by him would be signed and sent to him on the return of Mr. Redwood. —No. 7363—462.	Do	do

No.	Subject and Order.	Date of Order.	Date of previous Orders.
75	The grant of 1 day's casual leave to Raju Mudaliar, Amildar of Bowringpet Taluk, on the 11th instant, was approved.—Communicated to the Deputy Commissioner, Kolar District, and the Comptroller.—No. 7347—303, 7348—476.	23rd Dec. 1889.	
76	The Deputy Commissioner of Mysore District was requested to submit for reference copies of orders and circulars issued from the Huzur Department regarding the management and administration of the Muzarayi Department since 1883—32 and the prior thereto:—No. 7335—456.	24th do

Chief Secretary.

PART II.

PUBLIC WORKS.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF DECEMBER. 1890.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	Buildings.		
1	The project for constructing the Maharaja's College at Mysore was forwarded to the Sanitary Engineer, Special Improvements Division, Mysore, duly sanctioned by Government for Rs. 79,530 with orders to call for tenders in the usual way.—No. 4754—595.	18th Nov. 1889.	
2	The Educational Secretary to Government of Mysore was informed with reference to his communication on the subject, that the Government have sanctioned a project, for constructing the Maharaja's College, Mysore, for Rs. 79,530.—No. 4815.	20th do	
3	An estimate of Rs. 986 for constructing quarters for the Hospital Assistant at Kalasa, Mudgere Taluk, was returned to the Executive Engineer, Kadur Division, duly sanctioned by Government as an exceptional case.—Communicated to Senior Surgeon to Mysore Government.—No. 5306-7—643-44.	19th Dec. do	
4	An estimate for constructing a Dispensary at Goribidnur was returned to the Executive Engineer, Kolar Division, duly sanctioned for Rs. 2,663, with the intimation that, under the circumstances reported by the Deputy Commissioner, the Government have exempted the Goribidnur Municipality from contributing the usual quota towards the work.—No. 5343—661.	20th do	
	Accounts.		
1	The Comptroller of Mysore was requested to arrange for a payment of £. 2,000 being made to Messrs. Water Macfarlaw & Co., Saracen Foundry, Glasgow, through the London Bankers, as an advance on account of iron work now being manufactured by them for the exhibition building, Bangalore, debiting the same to Public Works Department for adjustment.—Communicated to Executive Engineer, Bangalore Division.—No. 5051-52—624-25.	6th do	
	Establishment.		
1	Notified that Mr. C. T. Dalal, Executive Engineer, Tumkur Division, is granted privilege leave for 20 days with effect from date of departure.—No. 4765—596.	18th Nov. do	
2	Notified the following promotions made in the Upper Subordinate Establishment of the Mysore Public Works Department, Local:—	19th Dec. do

	Communicated to Executive Engineers, Hassan, Shimoga and Bangalore Divisions.—No. 5315-18—646-49.		
	Communications.		
1	Copy of orders passed by Government regarding the extension of the Bababudan Hill Road, was forwarded to the Executive Engineer, Kadur Division, with a request that an estimate may be submitted for tracing and opening out a bridle path for 10 miles beyond Attigundi.—No. 5342.	20th do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	Irrigation.		
1	The project for restoring the Nijaguntа Tank, Registered No. 181, Sira Taluk, was returned to the Executive Engineer, Tumkur Division, duly sanctioned by Government for Rs. 8,470, as modified in this office.—No. 5336—657.	20th Dec. 1889.	
2	The larger estimate for restoring the Gunderi Tank, Registered No. 149, Holalkere Taluk, was returned to the Executive Engineer, Chitaldroog Division, duly sanctioned by Government for Rs. 12,421.—No. 5341—660.	Do	do
	Miscellaneous.		
1	The sanction of Government to the portions of District Fund Roads passing through Municipalities at Head quarters of Districts being transferred, from 1st April 1890, for maintenance to the respective Municipalities, a proportionate share of the sanctioned mileage allotments in District Fund Budgets for such roads being paid annually to the Municipal Boards for the purpose, was conveyed to the Deputy Commissioners of all Districts.—Communicated to Executive Engineers of Divisions.—Circular No. 97—98.	Do	do
2	The scheme introduced in this office Circular No. 81, dated 29th July 1886, as an experiment, for the petty construction and repairs of all Police, Revenue and Educational buildings in the Mysore Province, being carried out by Civil officers, within the limits of sanctions therein fixed, out of funds placed at their disposal, having so far proved successful, was sanctioned to be made permanent henceforward, and intimation of same conveyed to all Deputy Commissioners of Districts.—Circular No. 99.	Do	do
3	The Deputy Commissioner, Mysore District, was informed that his recommendation, based upon the agreement of the raiyats, that the acreage contribution for the lands under the Sulikere Tank, Registered No. 107 of Malvalli Taluk, be fixed at Rs. 10 per acre, recoverable in 3 annual instalments, has been approved and sanctioned by Government.—Communicated to Executive Engineer, Mysore Division.—No. 5324-25—652-53.	Do	do
4	The Deputy Commissioner, Tumkur District, was informed that the Government have accorded sanction to the abandonment of the Thegatur Tank, Registered No. 52, Gubbi Taluk, as the benefits to be derived from its restoration would be altogether incommensurate with the outlay necessary, whilst the Nittur Tank, which is generally badly supplied, would suffer thereby to some extent by part of its supply being cut off.—Communicated to the Executive Engineer, Tumkur Division.—No. 5329-30—654-55.	Do	do
5	The sanction of Government to the contribution promised by the raiyats for the restoration of certain tanks in Hoskote Taluk, being remitted on the ground of poverty of the raiyats concerned, as certified to by the Deputy Commissioner, was conveyed to the Executive Engineer, Bangalore Division.—Communicated to the Deputy Commissioner, Bangalore Division.—No. 3538-39—658-59.	Do	do
6	The sanction of Government to the Municipal contribution towards the construction of the Dispensary at Sira being waived, was conveyed to the Executive Engineer, Tumkur Division, with orders to start the work at once.—No 5351—665.	Do	do
	Miscellaneous Public Improvements.		
1	An estimate for building a compound wall round the Eswara temple at Arsikere, was returned to the Executive Engineer, Hassan Division, duly sanctioned by Government for Rs. 1,676, as a special case, from Provincial Funds.—Communicated to Deputy Commissioner, Hassan District.—No. 5303-4—640-41.	19th	do
2	The project for constructing a settling tank in connection with the permanent distribution of water from the Kukarhalli reservoir at Mysore, was returned to the Sanitary Engineer, Special Improvements Division at Mysore, duly sanctioned by Government for Rs. 19,450, with certain instructions.—No. 5308—645.	Do	do

BANGALORE,
21st *December* 1889.

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Govt. of Mysore,

PART II.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

DECEMBER 1889.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	Petition No. 1946, dated 4th October 1887. Petitioner. Vasudevaiya of Chandakavadi, Chamrajnagar Taluk. Petitioner requests that a backyard of his at Kodemala unjustly resumed by the Amildar in 1885 which re-sumption was approved of by the Deputy Commissioner on the ground of its being required for village purposes, may be restored to him and the sale proceeds of the tamarind trees standing thereon credited to Government be refunded to him. The point at issue was whether the Petitioner's ownership to the backyard and the trees in question was borne out by the old accounts and was the resumption legal. Decided that the backyard in question should be restored to the Petitioner and the moiety of Rs 25—12—0 being the sale proceeds of the 2 tamarind trees be refunded to him on condition of his being responsible to any claim which may be brought forward hereafter thereto. Communicated to the Deputy Commissioner of the Mysore District.—No. 7635—437.	10th Dec. 1889.	
2	Appeal Nos. 814 and 1047 of 1889—90. Appellants. Vader Narasimhachari and others of Harihar, Davangere Taluk, Chitaldroog District. Appeal against the orders of the Deputy Commissioner, dated 27th June 1888 and 5th March 1889, refusing to grant the Petitioner's request to treat as "free gomal" Survey Nos. 93, 94 and 95 which were given away in 1886 for cultivation on darkhast, the Petitioner's objection being that their cultivation would cause much inconvenience to villagers in going from the village to the river Tungabhadra. The point at issue was whether the lands in question were under cultivation prior and subsequent to the Survey and whether the passage left in them by their occupants is sufficiently wide. Decided that the cultivation of the lands in question cannot be prohibited. Deputy Commissioner requested to have the passage to the river improved and converted into a passable road during all seasons. Communicated to the Deputy Commissioner of the Chitaldroog District.—No. 7047—170.	12th do	
3	Appeal No. 183 of 23rd April 1887. Petitioner. Tavarekere Krishnappa on behalf of Narasamma, Mortgagee of the Kayamgutta village of Devasandra, Hoskote Taluk, Bangalore District. Appeal against the order of Deputy Commissioner, dated 10th November 1886, directing to charge water rate on the wet cultivation carried on in the Kayamgutta village by means of the water of Arlagere Government Tank without proper authority.	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	The point at issue was whether the land in question had always been irrigated under the above tank free of charge and in the Inam settlement that right had been taken away. Decided that the imposition of water-rate was wrong and that it be remitted. Petitioner informed that this order is not intended to relieve her and her raiyats from their liability to contribute to the repairs of the tank. Communicated to the Deputy Commissioner of the Bangalore District.—No. 6954—345.		
4	Appeal No. 674 of 11th July 1889. Appellant. Prativadi Bhayankaram Narasimhachari of Masti, Malur Taluk, Kolar District. Appeal against the order of the Deputy Commissioner, dated 5th June 1889, confirming the Assistant Commissioner's order directing the sale on account of revenue arrears due by the Petitioner on certain land which he had purchased at a revenue sale in 1884 but of which he had not obtained the possession formally. The point at issue was whether the confirmation of the sale of the land in question held in 1884 was duly communicated to Petitioner and whether the land was cultivated by him and he could be held responsible for the arrears since that year. Decided that the land be formally put in possession of the Petitioner and its recent sale be cancelled, the purchase money being refunded to the 2nd purchaser with interest of Rs. 5—4—0 payable by Petitioner. Communicated to the Deputy Commissioner, Kolar District.—No. 7083—287.	12th Dec. 1889.	
5	Appeal No. 2322 of 15th October 1886. Appellants. Vs. Respondents. Nanjundaiya, Venkataramaiya, Ramaiya } Original Plaintiffs. Venkataramaiya, Krishnappa } Original Defendants. **Appeal against the decision of the Deputy Commissioner, Bangalore District, dated 18th August 1886, dismissing the Appellants' claim to a half share in the Shanbhogship of Sarakki Agrahar in the Bangalore Taluk.** **The point at issue was whether the claim was not barred by the Law of Limitation and whether Appellants actually held the office.** **Decided that no share in the inam can be allowed to Appellants as they do not hold the office.** **Appeal dismissed.** **Communicated to the Deputy Commissioner of the Bangalore District.—No. 6955—346.**	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
6	Petitions Nos. 3451, dated 20th February 1888 and 710, dated 29th June 1888. Chandanna Setti of Mallur, Heggaddevankote Taluk, Mysore District. Petitioner. Petitioner requests that the fine imposed on him for having cultivated certain lands in his occupation which were improperly treated as kharab at the Survey in 1877 and on which a temporary assessment was fixed at the settlement in 1884—85 be remitted and the lands confirmed to him. The point at issue was whether the original order of the Survey Department declining to give a separate number to Petitioner's land in question on the ground that its area was small and that the petitioner should not cultivate it, was a right one. Decided that the order of the Survey Department was wrong and the fine imposed on Petitioner must be remitted or refunded to him if already recovered. Communicated to the Deputy Commissioner, Mysore District.—No. 6971—429.	13th Dec. 1889.	
7	Appeal No. 1078, dated 18th August 1889. Petitioner. Marinajogauda of Kelanapura, Mysore Taluk. Appeal against the orders of the Deputy Commissioner, Mysore District, dated 14th May and 26th July 1889 respectively, rejecting the petitioner's claim to cancel the sale of his land. The point at issue was did the petitioner pay as he was told to do the whole arrears of assessment due on the land in which the portion held by him was included before the sale of the whole khata took place. Decided that the Petitioner having failed to appear on the date fixed for hearing and to prove that there was any irregularity in the sale, his appeal be dismissed. Communicated to the Deputy Commissioner of the Mysore District.—No. 6976—433.	Do do	
8	Petition No. 2502 of 24th Janury 1889. Petitioner. Gopalakrishnaiya, Pensioned Sheristadar of Yedatore. Appeal against the order of the Deputy Commissioner, Mysore District, No. 814, dated 13th March 1889, refusing to register in Petitioner's name the land purchased by him in a Civil Court auction, the same being in possession of Mallegauda. The points at issue were whether the land in question was Inam and not Sarkar, when Petitioner purchased it and whether Petitioner was willing to have it transferred to his name from that of Mallegauda on condition of his (Petitioner's) holding it as Government land paying the kandayam upon it. Decided that Government see no good grounds for disturbing the existing registry in the name of Mallegauda as the land was always Sarkar land, and Petitioner never purchased and never claimed any Sarkar land. Appeal dismissed. Communicated to the Deputy Commissioner, Mysore District, and the Survey Superintendent.—No. 6094—5—513.	Do do	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
9	Petitions Nos. 361, and 610, dated respectively 14th May and 11th June 1888. Appellant. — Hottegauda of Yemasandhi village, Belur Taluk. Respondent. — Sonnegauda. Appellant complains that he has been unjustly compelled to pay the arrears due on certain land for years previous to his purchasing in 1883 in a public auction. The point at issue was whether Appellant had deposited one-fourth of the purchase money, *viz* Rs. 3 and had been in possession of the land. Decided that the sum of Rs. 34—11—6 paid by the Petitioner under protest on account of arrears due on the land for years previous to its sale be refunded to him minus Rs. 2—4—0 due by him on account of the sum he bid in auction. Communicated to the Deputy Commissioner of the Hassan District.—No. 7094—800.	16th Dec. 1889.	
10	Appeal No. 2704 of 20th November 1885. Appellant. — Bharmaiya of Hosakoppa, Sorab Taluk, Shimoga District. Appeal against the order of the Deputy Commissioner dated 25th September 1885, declining to appoint Petitioner as patel in the place of his late cousin Virabhadraiya dismissed in the year 1878. The points at issue are who is the present Patel Basaiya and when was he appointed and what claim the Appellant has for the office. Decided that the appointment of Basaiya, a distant cousin of the dismissed Patel, made in 1880 cannot be now cancelled. Petitioner's claim will be considered when a vacancy occurs. Communicated to the Deputy Commissioner of the Shimoga District.—No. 7093—228.	Do do	
11	Petition No. 1129, dated 19th August 1889. Petitioners. — Lakshmidevamma and her minor son Nagappa of Mundur, Yedatore Taluk, Mysore District. Appeal against the order of the Deputy Commissioner dated 21st January 1889, declining to cancel the sale of land Survey No. 117 measuring acres 2—5 in the village of Ankanhalli which was purchased by Mysore Ramanna for Rs. 46 at a revenue sale held on account of arrears due by the Khatedar Subbaiya *bin* Channappaiya. The point at issue was whether the 1st Petitioner was entitled to have any notice of the sale and whether there was any means of knowing that she was the holder of it. Decided that there being no irregularity in the sale it cannot be set aside. Appeal rejected. Communicated to the Deputy Commissioner, Mysore District.—No. 7090—442.	Do do	

No	Subject and Order.	Date of Order.	Date of previous Orders.
12	Petition No. 1815, dated 15th November 1889.	19th Dec. 1889.	

Petitioners. Srinivasaiengar and others of Madahalli, Belur Taluk, Hassan District.

Petitioners complain of the level of the kodi of the tank in their village having been unnecessarily raised whereby their lands are submerged and request that a channel be dug to prevent the accumulation of water thereon.

The point at issue was whether the raising of the kodi was subsequent to the year 1871, and whether the channel to keep off water required by the Petitioners was to be dug by Government.

Decided that the level of the kodi fixed in 1871 cannot be now altered.

Petitioners must dig the channel themselves if permitted by the Executive Engineer to do so.

Communicated to the Deputy Commissioner of the Hassan District.—No. 7153—302.

13	Appeal No. 731 of 1889	23rd do.	

Appellant. Vs. Respondents.

Nanjegauda, Parama village, Channarayapatna Taluk, Hassan District.

1. Kala.
2. Puttabasava.
3. Patel Nanjegauda.

Appeal against the order of the Deputy Commissioner No 481, dated 19th March 1889, cancelling the sale of field No. 70 by public auction in which it was purchased by the Appellant.

The point at issue was whether Basava, 2nd Respondent, one of the former khatedars of the land who had given it up at the Survey Settlement in 1884—85 on account of increase of assessment but commenced cultivating it without darkhast in 1887—88 had been informed by the Shekdar at the time of the sale of the land in dispute in June 1888 of the Deputy Commissioner's order of March 1888 to the effect that if he (Basava) put in a darkhast for it he may have the land entered in his khate.

Decided that the Deputy Commissioner's order cancelling the sale be confirmed as it is very doubtful whether his order of March 1888 was really intimated by the Shekdar to Basava and that the fine of Rs. 15 imposed on the Shekdar be reduced to Rs. 5.

Appeal dismissed.

Communicated to the Deputy Commissioner, Hassan District.—No. 7291—300.

Office of the Dewan of Mysore,
Bangalore, 31*st December* 1889.

N. KRISHNA RAO,
Offg. Under-Secretary.
